4	<p><u>Minutes</u></p> <p><u>Decision</u> The minutes of the previous two meetings held on 23 September 2019 and 25 November 2019 were agreed as a correct record and signed by the Chairman.</p>
5	<p><u>Police update</u></p> <p>Sergeant Lucy Thorn gave an update to the Board, the main points were:</p> <ul style="list-style-type: none"> • The Neighbourhood structure changed in December and had now come back to a Neighbourhood Team structure, enabling a better coverage of the areas and a better response team. • There had been a more proactive presence from Officers across the area, with a series of drugs warrants being carried out. All of those arrested or interviewed were still under drugs investigation. The word was getting out and it was hoped that this would act as a deterrent to others. • Inspector Liz Coles was now back in role.

	<ul style="list-style-type: none"> • Drink Drive Campaign – There had been 97 positive stop and checks in 2018 over a period from 1 Dec to 1 Jan. That figure for the same period in 2019 was 157. This had been a result of the Officers being more proactive in getting out there making these stops. • Priorities included Antisocial Behaviour prevention measures, and continued support of the Community Speedwatch scheme. Let us know if the areas we are targeting are not the right areas. <p>Further information for the Tidworth Community Area is available online as part of the Amesbury Community Policing Update: Online</p> <p>The Chairman reported that the weight restriction on the castle bend in Butt Street, Ludgershall was now enforceable.</p> <p><u>Jerry Herbert, Deputy Police & Crime Commissioner</u> I am here to support Lucy this evening and as I did not make it here for the precept consultation period. The precept has now been passed. The priority was very much Community Policing, we have 41 more Officers now than there were last year and hoped to get another 65 moving forward.</p>
6	<p><u>Fire & Rescue update</u></p> <p>The Board noted the written report attached to the agenda.</p>
7	<p><u>Community Hub Funding</u></p> <p>Richard Rogers presented information on this initiative, which was led by Sports Development Manager, Paul Pritchard.</p> <p>Following the first tranche of the Campus Development programme, there were eight areas that did not receive any investment towards a community hub.</p> <p>The term Community was quite broad, it could mean partner organisations working together or other community use and benefit for the wider community. A pot of money was now available to those remaining eight community areas.</p> <p><u>Timescales</u></p> <p>Phase 1 – Submit expressions of interest – ideas of buildings that might be developed. You need the support of the Cllrs of the Board for the process.</p> <p>Phase 2 – Further information would be required, such as proof that the proposal was sustainable, and whether planning permission was required.</p> <p>A final decision would be made in September 2020. There was up to £400k available to each areas scheme, and match funding was required.</p>

	<p>We welcome any thoughts or interest to develop a project in our own area. There had already been a suggestion from Ludgershall TC.</p> <p>The Board was looking to support a single strong application to take forward.</p> <p>The paperwork associated with the initiative was signed off last Friday, that would be available shortly and would be circulated by the CEM.</p>
8	<p><u>Raizer Chair Demonstration</u></p> <p>The Board received a Raizer Chair demonstration by the Community First Responders (CFR) Andy and Monika from the Pewsey area.</p> <p>CFR's are volunteers, unpaid and work in the role in their own time. The service was mainly involved with calls to patients with cardiac arrests, strokes, chest pain etc.</p> <p>As people get older they often became less mobile and tended to fall over. The CFR get calls for non-injury falls as it was unlikely that those patients would get an ambulance out very quickly.</p> <p>On arrival an assessment was carried out and if suitable, the Raizer chair was deployed to lift the patient back to a standing position.</p>
9	<p><u>Paths For All update</u></p> <p>Cllr Ian Blair-Pilling provided information on the proposals to create military heritage walks within Tidworth Community area.</p> <p>The Board had previously set aside £6,000 of funding to support this initiative. Working with Jamie Balls we decided that it would be a good idea to focus on the military aspect of the area.</p> <p>With several military areas such as, Tidworth, Larkhill, Netheravon, and Bulford, we looked at identifying the military aspects for those areas, such as the Kiwi on the hillside at Bulford, which was hugely symbolic.</p> <p>The project aimed to produce a series of short walks that had a topic and a point of interest with a military connection.</p> <p>Mary – The Avon Valley Group had been busy putting in a series of kissing gates. The circular walk takes in 10 kissing gates along a 3-mile walk. We had other walks in progress, Enford also had a couple. At our next meeting we would look at producing some leaflets.</p> <p>If you have an idea of a walk that could involve enhancing some of the rights of</p>

	<p>way in the area let us know and we will try to weave that in.</p>
