Devizes station had received 72 call outs in the period 1 September 2021 to 23 November 2021 and just over half of those were

false alarms. 4 of the call outs had been for chimney fires, so the representative stressed the importance of making sure chimneys were swept and serviced. In response to questions regarding the recent waste fire at a landfill site in Devizes, the representative explained that due to the amount of damage the actual cause of the fire would probably never be known but it was possible that it had been caused by the careless disposal of batteries, so people were reminded of the importance of disposing of batteries properly. Cllr Tamara Reay thanked the service for the help they had provided with flooding in Potterne.

- **Wiltshire Police**

Inspector Allen Lumley gave an update to the meeting and ran through the update published with the agenda. Sergeant Gareth Cole, a new member of the Devizes Community Police Team was now in place. The overall volume of crime had reduced by 7% in the last year and there had been a 31% reduction in burglaries.

Officer verification checks had been introduced as a result of the murder of Sarah Everard by a serving MET Police officer. These checks would mean that if a person was stopped by police, they could request that the officer verify that they were conducting lawful business. To do this the officer would put their radio on loudspeaker and contact the control room for verification. The aim of this was to reassure the public and help to build confidence.

It was stated that anti-social behaviour was an ongoing issue in the Quakers Walk/Keepers Road area. The majority of youths responsible were known and a multi-agency approach was being taken to tackle the issue, although this would not be a quick fix.

There had been a decrease in rural crime compared to the same period last year, however there had been some issues with hare coursing.

There had been a spike in bike thefts, some key suspects had been arrested and people were reminded to be careful with their bikes, ensuring they were locked up in secure areas.

The Deputy PCC, Russell Holland stated that Operation Sceptre focusing on knife crime and a weapons amnesty had been a success, with over 450 knives being handed over. Speeding which was an ongoing issue was also mentioned and the Deputy PCC explained that more cameras had been ordered to help with speeding enforcement.

- **Schools Update**

Ralph Plummer, Headteacher of Lavington School gave an update to the meeting. The school was busy approaching Christmas and everyone was looking forward to a production of Matilda taking place that week. A year

11 mock interview day had been held with a range of diverse employers attending and the year 11's were now undertaking their mock exams. Things were moving in a positive direction regarding COVID. At the end of term 1 infection rates among pupils at the school had been very high, but now numbers were the lowest they had been since September. However, staff absences had resulted in extra pressures. The School were concerned about the long-term budget implications of fuel costs after prices had at least doubled.

Mark Lascelles, Headteacher, Dauntsey's School, stated that the situation at Dauntsey's was similar to Lavington. COVID had resulted in pressures on staff and pupils. There were also concerns regarding mental health pressures on the students, as a result of COVID and the pressures faced by year 11 and 13 regarding their exams.

- **Devizes Indies**

Much of this was due to a drop in the number of vehicle journeys during the pandemic. However, levels appeared to be rising and it was anticipated that 2021 levels would be higher than 2020. Sources of this pollution were looked at by vehicle type and a major contributor to pollution in Wiltshire was private diesel cars. Wiltshire Council was developing an Air Quality Action Plan, which would be ready in 2022.</p> <p>Devizes Gateway Station</p> <p>The Strategic Outline Case (SOC) for Devizes Gateway had now been submitted to government. Danny Kruger MP had written to Secretary of State regarding the scheme. £34,000 had been committed by Devizes Town Council which was very welcome and showed the strong local commitment to the project. Details regarding the scheme and the full SOC could be seen online here: https://www.wiltshire.gov.uk/transport-public-transport-train.</p>

The AQST group recommended allocating up to £30,000 from the AQST budget to deliver the LCWIP.</p> <p>Proposals for new, moveable cycle parking in Devizes marketplace. Devizes Town Council had developed plan for new cycle parking in the marketplace, comprised of two moveable racks, each for up to 4 cycles, which would be trialled at different locations across marketplace. It was highlighted that these locations should be covered by CCTV. The total cost for the racks was £1,081.61 which the AQST recommended funding in full.</p> <p>Buses Service use was up on 2020 but overall demand was just 75% of pre-pandemic levels. There was an industry-wide shortage of drivers making it hard for improvements to be made. However, the No. 49 and the town bus were unaffected. £1.2m had been made available for demand responsive service in the Pewsey Vale, including a direct service between Devizes and Marlborough.</p> <p>EV Charging Point Strategy Wiltshire Council had now published a new strategy (available under minute 72 at the following link). The plan was to restore current chargers across county (including 2 in Station Rd car park). The group may also be able to support installation of additional charging points elsewhere. 	<p>Town Council and Wiltshire Council wherever they can in order to hear young people's voices. There was a concern that Local Youth Networks (LYNs) should be consistent across the county, more strategic in nature and it was hoped that the Devizes LYN could go from strength to strength. Mr Dewer was currently working with 3 schools in order to support young people. Mental health was an issue for young people and measures should be put in place to support them. The Chairman stated that these were good points and asked the Community Engagement Manager to pick these up.</p> <p>Andrew Jack, Community Engagement Manager, gave an update on a Youth Survey which had been undertaken. The survey had been county wide, with over 4820 respondents, 85 of which stated that Devizes was their nearest town. The survey looked at who the young people were, the activities they currently took part in and those they would like to do. Sport was currently very popular and young people wanted more access to art facilities, cooking facilities and self-defence.</p> <p>Questions around mental health were asked with young people stating that they were affected by anxiety and depression, exam pressure and difficulties with self-esteem. For those who responded, drug and alcohol use did not appear to be issues.</p> <p>There were a large number of open questions asked and the data received was still being analysed.</p> <p>The Board then considered the application for Youth Grant Funding and a representative of Market Lavington Parish Council spoke in support of the application. The group would like to repeat the event, possibly in April.</p> <p>Plans were underway for the Platinum Jubilee and the group were planning a "trolley Olympics" in Hilworth Park on 4 June 2022. The plan was for this to be a fun and accessible event for all.</p>

	<p>The group were planning to meet face to face again in 2022, with meeting at St James's every 2 months.</p> <p>The Board then considered the Health and Wellbeing grant application and a representative of the Bassline Circus spoke in support of their application. It was,</p> <p>Resolved:</p> <ul style="list-style-type: none"> • To grant Bassline Circus, £5,000 towards creative workshops and community street theatre event.
