	The Community Engagement Manager (CEM) explained that Wiltshire Council had undertaken a review of Area Boards in order to build upon the great work that they had been doing since 2009. Changes included amending processes for the Area Boards and a new handbook. He then highlighted some of the key changes to the grant system in further detail including:

43	Community Area Status Report and Priority Setting
	The CEM summarised the progress that the Area Board had made towards its priority goals for 2021/22, including:

April 2022. • Re-establishing the Health and Wellbeing Group and making new contacts with the Stroke Association and Health and Wellbeing Team. · Steps had been taken towards setting up a charitable incorporated organisation to employ a local youth worker. • Encouraging young people to become involved in sport through investments at Ramsbury cricket and tennis clubs. • Running an activity day alongside the local sports forum. • Supporting numerous local groups with grant funding. He also gave an overview of local challenges and the information that was available to the Area Board to help to inform their priorities for the forthcoming year. One such challenge was the impact of rising fuel prices in a relatively rural area with a greater than average number of properties reliant on oil heating. In addition, the CEM explained that the Area Board could consider Wiltshire Council's business plan, climate strategy and natural environment plan when assessing how to implement its local priorities. Residents were encouraged to contact their councillors if they had any suggestions for initiatives.

• It was noted that standards for electric vehicle charging points were set at the national level, but local councils were able to apply to Wiltshire Council for grants.
