

AGENDA

Meeting: SOUTHERN WILTSHIRE AREA BOARD
Place: Trafalgar School, Breamore Road, Downton, SP5 3HN
Date: Thursday 4 February 2010
Time: 7.00 pm

Including the Parishes of Alderbury, Britford, Clarendon Park, Coombe Bissett, Downton, Firsdown, Grimstead, Landford, Laverstock, Ford and Old Sarum, Odstock, Pitton and Farley, Redlynch, West Dean, Whiteparish, Winterslow.

The Area Board welcomes and invites contributions from members of the public. The chairman will try to ensure that everyone who wishes to speak will have the opportunity to do so.

If you have any requirements that would make your attendance at the meeting easier, please contact your Democratic Services Officer.

Refreshments and networking opportunities will be available from 6:30pm.

Please direct any enquiries on this Agenda to Lisa Moore, on 01722 434560 or email lisa.moore@wiltshire.gov.uk or Tom Bray (Southern Wiltshire Community Area Manager), Tel: 01722 434252 or (email) tom.bray@wiltshire.gov.uk

All the papers connected with this meeting are available on the Council's website at www.wiltshire.gov.uk

<u>Agenda Item No.</u>	<u>Summary of Issues Discussed and Decision</u>	<u>Action By</u>
1.	<p><u>Welcome and Introductions</u></p> <p>The Chairman, Councillor Richard Britton, welcomed everyone to the Southern Wiltshire Area Board meeting, and introduced Councillor Keith Humphries (Cabinet member for Health and Wellbeing, Public Protection, Community Safety, Licensing Issues and Emergency Planning), and Tracy Carter (Service Director for Highways and Finance).</p>	
2.	<p><u>Apologies for Absence</u></p> <p>Apologies were received from Ian Rennie – Wiltshire Fire and Rescue, and The New Forest National Park Authority.</p>	
3.	<p><u>Declarations of Interest</u></p> <p>Councillor Richard Britton declared a personal interest regarding Item 9 (Spotlight Session: Wiltshire Police Presentation), as he was a member of the Wiltshire Police Authority. He remained in the room for the presentation and updates.</p>	
4.	<p><u>Minutes</u></p> <p><u>Decision</u> That the minutes of the meetings held on 15 October 2009 be approved as a correct record and signed by the Chairman.</p>	
5.	<p><u>Update from Community Plan Steering Group and Issues Update</u></p> <p>The Chairman introduced Tony Reynolds – Chairman of the emerging Community Plan Steering Group, who gave an update. Some of the points covered were:</p> <ul style="list-style-type: none"> • A letter had recently been sent to local organisations and Parish Councils, informing them that the next meeting of the Steering Group was planned for Monday 18 January 2010 at 7.00pm, and would be held at the Methodist Church, Salisbury. • Agenda Items included, Election of Officials, Terms of Reference and the Constitution. • The Group planned to review the current Southern Community Area Plan, and use it as a template for the new Community Plan. • A five year plan would be produced, which would be a live document detailing aims for a one to two year time frame as well as other longer term plans. 	

	<ul style="list-style-type: none"> • The group invited others to come on board, to identify the issues of a larger remit. • Interested organisations were urged to give details of a point of contact, and in due course the Group or Tom Bray would contact them. • The Group aimed to reflect the priorities of the whole community. • The Group aimed to work flexibly, with people attending meetings as and when they would like to. <p>The Chairman thanked Mr Reynolds for the update and informed the Board that the Community Plan was a very important piece of work for the community as a whole.</p> <p>Tom Bray, Community Area Manager (CAM) gave an update to the Board on the Issues System, some of the points covered were:</p> <ul style="list-style-type: none"> • Pitton had recently used the system to good effect, logging an issue with the flood drainage system • A meeting had been arranged to tackle the traffic issues in Laverstock • Work on an issue regarding dangerous parking in Morgan’s Vale was in progress. • Various speeding issues had been raised and an evidence collecting exercise had been undertaken. <p>Tom urged people to continue using the system to log issues. As well as being a good way to get your voice heard, it also ensures that issues are documented and easily directed to the correct service provider.</p> <p>An issue regarding the pending road works during the winter period on the A338 was raised. Tracy Carter agreed that a meeting between the parishes concerned, and officers should be arranged to resolve the way forward.</p> <p><u>Decision</u> Tracy Carter would liaise with Tom Bray to arrange a meeting to discuss the matter further.</p> <p>All updates are available online at www.wiltshire.gov.uk/southernwiltshireareaboard, and then click on issue tracking. If you would like to be sent hard copies of the issues and updates contact Tom Bray on tom.bray@wiltshire.gov.uk or 01722 434252.</p>	<p>Tom Bray & Tracy Carter</p>

<p>6.</p>	<p><u>Disposal of Wiltshire Council Assets – Coombe Bisset Depot</u></p> <p>The Chairman informed the Board that the new policy of Wiltshire Council was to consult with the Area Board prior to disposal of any land owned by Wiltshire Council. The first site which has come for consideration by the Board is the old Highways Depot in Coombe Bisset.</p> <p>Coombe Bisset Parish Council has an interest in the site. Des Hobson (Deputy Chairman Coombe Bisset Parish Council) addressed the Board highlighting the villages need for affordable housing.</p> <p>Therefore, Coombe Bisset Parish Council asked the Area Board to make a recommendation to Cabinet to use the land for Affordable Housing.</p> <p><u>Decision</u> That the following recommendations be forwarded to Cabinet for consideration:</p> <ol style="list-style-type: none"> 1. That the Southern Wiltshire Area Board recognises the need for more affordable housing in the area and therefore identifies affordable housing as a potential alternative community use for the Chalke Pit site. 2. In recognition that Affordable Housing is an identified priority area of Wiltshire Council and one of the Local Agreements for Wiltshire ambitions, the Southern Wiltshire Area Board, recommends to Cabinet that the possible use of the site for Affordable Housing should always be considered before any site is disposed of in the area. 	<p>Lisa Moore</p>
<p>7.</p>	<p><u>Getting your opinions on Wiltshire Council's spending in 2010/11</u></p> <p>Tracy Carter (Service Director for Highways and Finance) introduced the item, explaining that this exercise was part of the consultation on the Council's budget for 2010-11. Residents' views were sought on how the Council's services should be prioritised, and this would form part of the consultation process prior to the Council setting the budget in February 2010.</p> <p>It was emphasised that the intention behind the process was to get a general indication of the public's views on the Council's overall spending priorities, rather than a detailed consultation on the exact figures within the budget.</p> <p>A short film was shown, which set out the main services provided by Wiltshire Council, how much these cost, and how they were funded. Following the film, those present were invited to complete "voting cards" which asked whether more, the same or less money should be</p>	

	<p>spent on various services. The results from this Area Board would be made available later in the meeting, and the overall results would be reported to the Cabinet.</p> <p><u>Decision</u></p> <p>The Area Board would note the results of the Ballot exercise, and forward them to Cabinet for consideration.</p>	<p>Nick Darbyshire</p>
<p>8.</p>	<p><u>Youth Issues and Involvement</u></p> <p>a) Endorsement of Community Bus bid to the Performance Reward Grant Scheme.</p> <p>The Chairman explained that the Board had been asked to endorse a bid put to them in partnership by the Youth Service and Shine, for an ambitious, but worthwhile project to fund a Community Bus. He introduced Tony Nye (Youth Development Coordinator), who gave an overview of the project.</p> <p>The Chairman informed the Board that the idea of a mobile facility was not intended as a replacement for a permanent building, which would still be greatly needed, if the Community Bus project was successful.</p> <p><u>Decision:</u></p> <p>The Area Board agreed to support the bid from the Youth Service and Shine, for funding towards the Community Bus project.</p> <p>b) CAYPIG Update</p> <p>Tony Nye informed the Board that the CAYPIG meetings gave the local young people the opportunity to come together and identify issues affecting them. The three top issues identified by young people at their previous meeting were:</p> <ol style="list-style-type: none"> 1) Lack of provision of six form facilities in the area. 2) Lack of public transport after 17.15. 3) Lack of lighting in the Memorial Gardens in Downton. <p>The next meeting was scheduled for February 2010, for further details contact Tony Nye tony.nye@wiltshire.gov.uk or 07500 106690.</p> <p>c) Youth Parliament Presentation</p> <p>Emma Proctor (Extended Schools Coordinator) briefed the Board on the newly formed Youth Parliament, where children and young people are encouraged to be part of a democratic process and part of a Youth</p>	<p>Tom Bray</p>

	<p>Council.</p> <p>The Youth Council currently being set up would be aimed at 10 – 14 year olds. Schools in the area would be asked to nominate two children to sit on the Youth Parliament. If all nineteen schools in the area nominated two children, there would be a total of thirty eight members, all of which would be elected for a term of three years.</p> <p>Representatives from the Youth Parliament would in turn attend the area Board meetings to talk about issues of concern to them. 'Vision News' were trying to make a small film about young people by young people, regarding two issues that they felt strongly about:</p> <ul style="list-style-type: none"> • Lack of respect for young people in the community. • Getting their voices heard. <p>The Chairman asked Emma Proctor if the Youth Parliament would like the Area Board to consult them on what issues they thought the Board should include for discussion.</p> <p>Emma Proctor thought that such communication between the Board and the Youth Parliament would be of benefit.</p> <p><u>Decision</u> The Area Board were supportive of the project.</p>	
9.	<p><u>Spotlight Session: Wiltshire Police Presentation</u></p> <p>Chief Inspector David McMullin gave a presentation to the Board, detailing information due to be presented to the Wiltshire Police Authority. This gave a general overview on how policing was provided in the Southern Wiltshire area as well as across the county, including detailed figures of different types of crime.</p> <p>For more information please contact Chief Inspector David McMullin by email david.mcmullin@wiltshire.pnn.police.uk</p> <p>Chris Hoare (Chairman of the Wiltshire Police Authority) briefed the Board on the Wiltshire Police Authority, explaining that, they were the governing body of the police force, and that it was their responsibility to spend a great deal of time looking at the data shown previously in the presentation.</p> <p>Mr Hoare also commented on the importance of the Area Board as a forum for communicating with the residents and Parish Councils locally.</p> <p>Public were invited to attend the Police Authority meetings, details available on line at http://www.wiltshire-pa.gov.uk</p>	

10.	<p><u>Community Grants</u></p> <p>The Board considered two grant applications for funding under the Community Grant Scheme, these were:</p> <ol style="list-style-type: none"> 1) Landford First Responders for funding towards a First Aid bag and Defibrillator. 2) Old Sarum Community Room – Establishment of a Community Centre at Partridge Way, using a vacant shop. <p>The Chairman allowed applicants present to speak in support of their application, after which the Board voted on each of the applications.</p> <p><u>Decision</u> Landford First Responders were awarded £1,500 towards the purchase of a First Aid bag and Defibrillator. <i>Reason The applicant met the Community Area Grant Criteria for 2009/10, and would provide a valuable service for the local community.</i></p> <p><u>Decision</u> Old Sarum Community Room were awarded £5,000 towards the project to establish a Community Centre at the vacant shop site in Partridge Way, Old Sarum, with the following condition:</p> <p style="padding-left: 40px;">That Planning permission is granted for the change of use by 26 January 2010. If a decision had not been reached by the Planning Department by that date the Board would re-allocate the £5,000 in the Area Board meeting of 4 February 2010. The Board would then be asked to re-confirm its commitment to the project from the 2010/11 budget on 15 April 2010.</p> <p><i>Reason The applicant met the Community Area Grant Criteria for 2009/10, and would provide a valuable service for the local community.</i></p>	
11.	<p><u>Future Meeting Dates, Evaluation and Close</u></p> <p>The Chairman informed the Board that a Forward Plan had been produced which mapped out the key topics planned for consideration during 2010. He then announced the results of the Ballot exercise carried out during Item 6, they were as follows:</p> <p>Top three choices for spend more were:</p> <ol style="list-style-type: none"> 1) Maintenance of Existing Roads 2) Youth Services 3) Adult social care for older people and people with mental/physical disabilities <p>Top three choices for spend less were:</p>	

- 1) Archives and public records
- 2) Museums and Galleries – Town centre improvements
- 3) Trading standards

The Chairman thanked Tom Bray for all of his hard work and Lisa Moore for her assistance.

Meeting dates for 2010/11 are as follows:

Thursday 4 February 2010 – Trafalgar School Downton.
(Area Grant deadline: 24 December)

Thursday 11 March 2010 – Health Fair

Thursday 15 April 2010 – venue to be confirmed

Broadband Provision in Wiltshire

Interim Report December 2009

1. Introduction

Whether in terms of everyday living or business and commerce, digital technology is now firmly placed at the heart of today's society. The government's recently published *Digital Britain*¹ report makes the point that first-generation broadband provided a boost to gross domestic product (GDP) of some 0.5%-1.0% a year. It follows from this that, at the local level, a high-quality digital infrastructure is likely to be an important driver and facilitator of economic development. There is also an ever increasing reliance on digital technology to facilitate the access to and delivery of council services.

For several years, all of the BT exchanges in Wiltshire have been DSL-enabled², providing a broadband service, and a number of settlements have also been served by Virgin's fibre-optic cable network. Nonetheless, both potential and actual broadband speeds vary greatly across the county, with speeds in the more advantaged areas being many times those in other areas, to the detriment of some local communities and businesses. For example, the 2008 Rural Facilities Survey³ found that around 14% of settlements in rural Wiltshire did not have access to a broadband service with a speed of at least 2mbps⁴.

Such contrasts in the quality and speed of broadband services are not, of course, confined to Wiltshire, and are of growing concern to central government. The *Digital Britain* report details two national projects aimed at upgrading the quality of broadband provision, over, respectively, the next few years and the longer term. In the first instance, the *Universal Service Commitment (USC)* aims to ensure the provision of "potential" broadband speeds of 2mbps across the whole of the UK by 2012. Secondly the *Final Third* project is a longer term programme to improve access to 'next generation' broadband speeds in those areas where commercial provision is unlikely to be considered viable. This will essentially involve establishing a new network infrastructure. It is not yet clear how projects "on the ground" will be formulated, commissioned or prioritised, but the Regional Development Agencies are mentioned in the funding cocktail. The council and local partners would clearly be in a strong position to make representations regarding these programmes if a solid evidence base is available.

⁴ Megabits per second.

2. Project Aims

This research project has been formulated to put in place the necessary evidence base, with the specific aims to;

- provide a comprehensive picture of broadband speeds throughout the county, mapping existing infrastructure which currently delivers broadband, or which could potentially be upgraded or harnessed to improve broadband delivery, and;
- provide a database of sufficient quality to permit Wiltshire Council to effectively deliver its own programmes, and for the council and local partners to lobby government, the Network Design and Procurement Group⁵, the SWRDA, the infrastructure providers and others, with a view to continually improving broadband provision throughout the county.

3. Initial Results

3.1. Exchanges

There are 106 BT exchanges providing broadband services in Wiltshire (Figure 1 and Table 1). Eighty five of these exchanges are located within the county, while a further twenty one are located outside Wiltshire and provide services to areas around the county boundary. These exchanges offer a varying range of services, as set out below.

The exchanges in Trowbridge, Chippenham and Salisbury are currently enabled with BT's Wholesale Broadband Connect, which is capable of providing faster maximum speeds, and a further 3 exchanges due to be enabled with this technology in 2010 and 27 in 2011 (Figure 2)⁶. These exchanges are predominantly in north and west Wiltshire and also in the south west corner of the county.

Local Loop Unbundling (LLU) services are available through 14 of the exchanges in Wiltshire (Figure 3)⁷. LLU enables communications providers to offer a complete range of broadband and voice services without having to route through BT's main network⁸. This allows higher levels of competition and can reduce costs for consumers. Again, these exchanges are predominantly in the west of the county.

Symmetrical Digital Subscriber Line (SDSL) services are available through almost half of all exchanges in Wiltshire (40 - Figure 4)⁹. SDSL is a service for businesses that allows uploading at the same speed as downloading, making upload speeds much faster than other broadband connections.

⁵ Set up to deliver the USC and Final Third programmes.

Figure 4. SDSL services available through exchanges in Wiltshire.

3.2. Broadband speeds

The potential broadband speeds achievable through the BT network for all postcodes in Wiltshire have been recorded and mapped to produce an overall picture of broadband provision in the county (Figure 5)¹⁰.

As would be expected, areas with higher speeds are centred on the exchanges, in the towns and some villages, with relatively large, mainly rural areas in between, with speeds below 2mbps. These data indicate that around 5% of households in Wiltshire are currently unable to receive a broadband service with speeds of at least 2mbps¹¹.

The maximum potential speeds currently attainable in the county through the BT network (i.e. excluding cable services) are 8 to 9mbps. These speeds are currently only attainable in Trowbridge, Chippenham and Salisbury, where the exchanges are enabled with Wholesale Broadband Connect. The continued roll out of this technology over the next two years (as shown in Figure 2) should see similar higher speeds become available across much more of the county.

¹⁰ Data obtained from the BT broadband postcode speed checker between 17th September and 25th November 2009. <http://www.btbroadbandinformation.com/bt-postcode-checker>. Potential speed refers to the top speed achievable at a given location.

¹¹ Calculated using Experian's Mosaic estimates of households for mid year 2007.

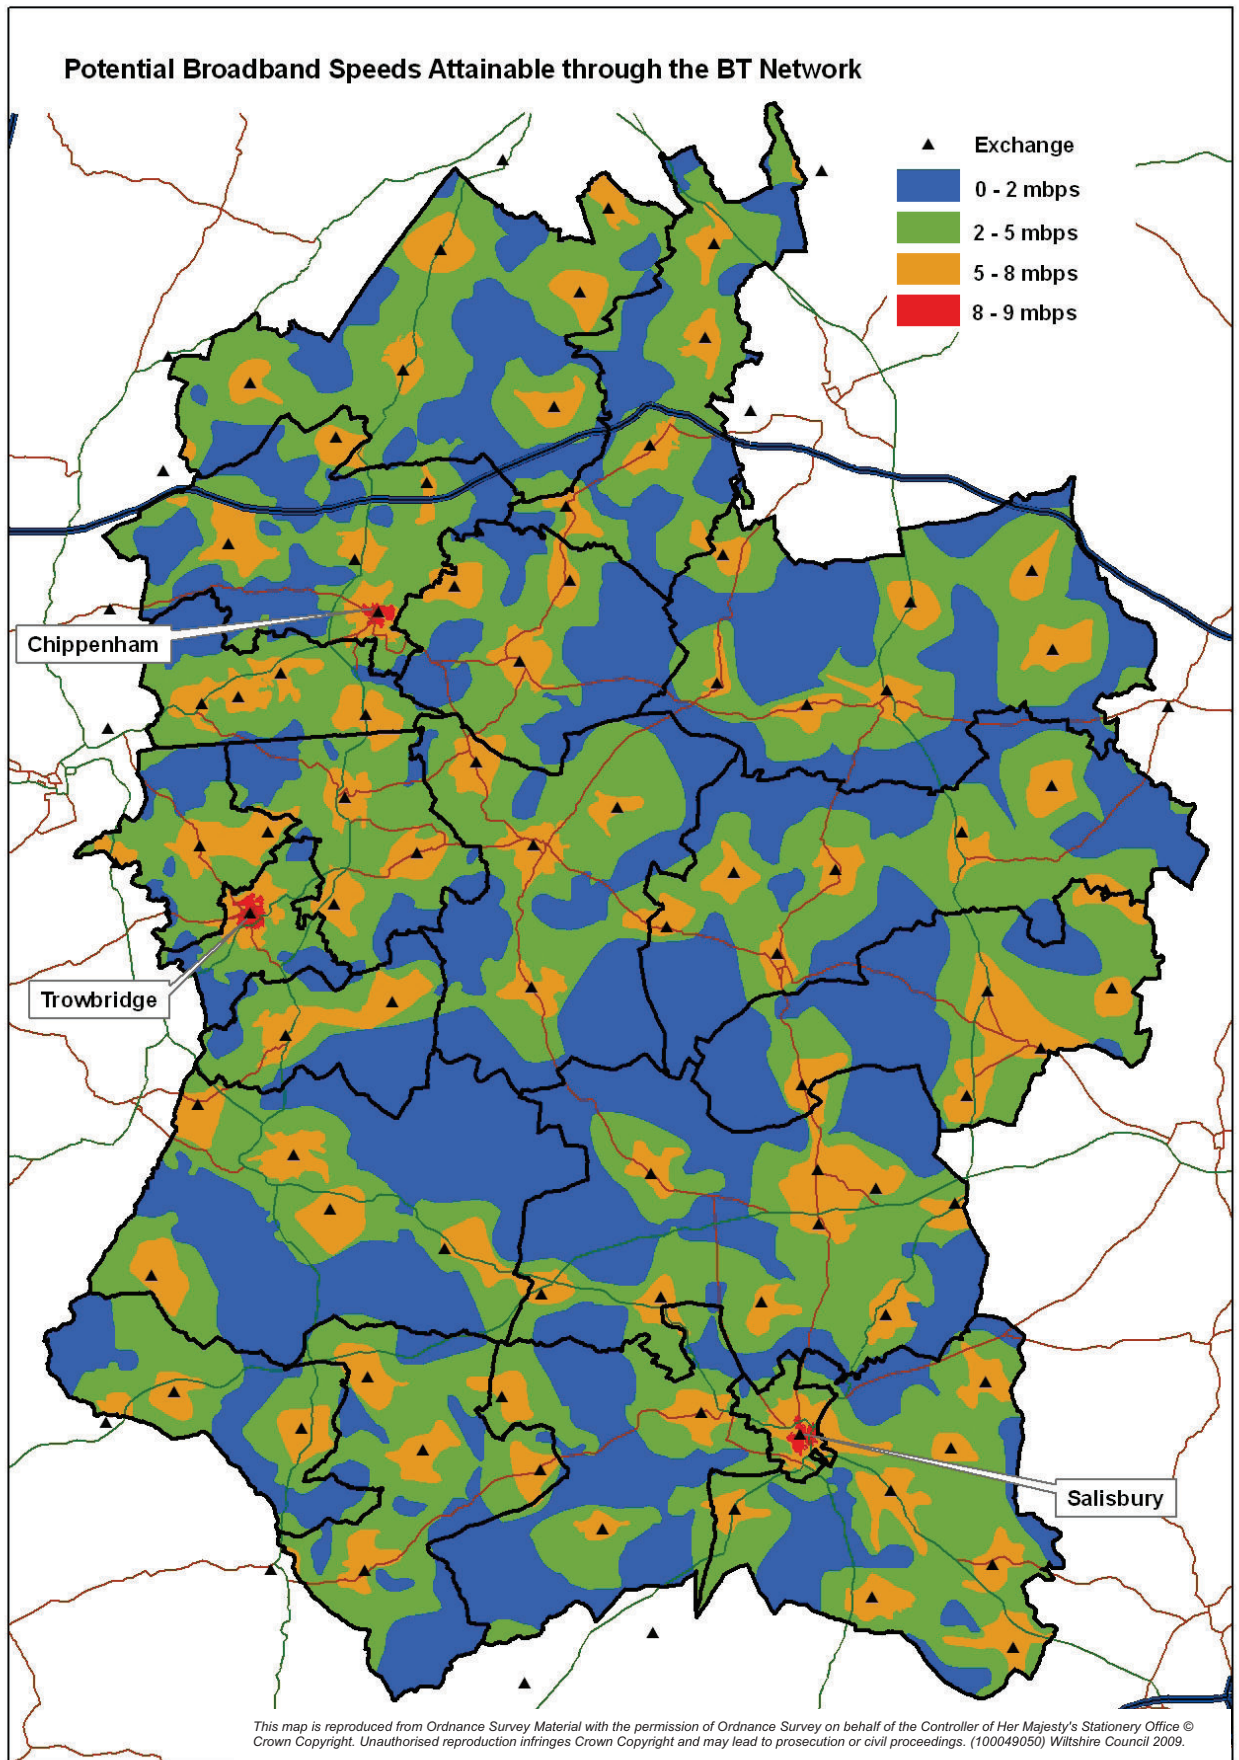

Figure 5. Potential broadband speeds attainable through the BT network.

3.3. Areas with poor or no broadband service

There are a number of locations within Wiltshire which are “very unlikely to receive a fixed 256kbps¹² or 512kbps service due to the long length of the line”¹³ (Figure 6) and around 1% of households in the county fall into this category¹⁴.

The Salisbury Plain area in central Wiltshire is the largest geographic area in the county with a poor broadband service or no service at all, but this area is very sparsely populated, given that it is largely military land. The villages and clusters of villages with a particularly poor service are highlighted on Figure 6.

¹² Kilobits per second.

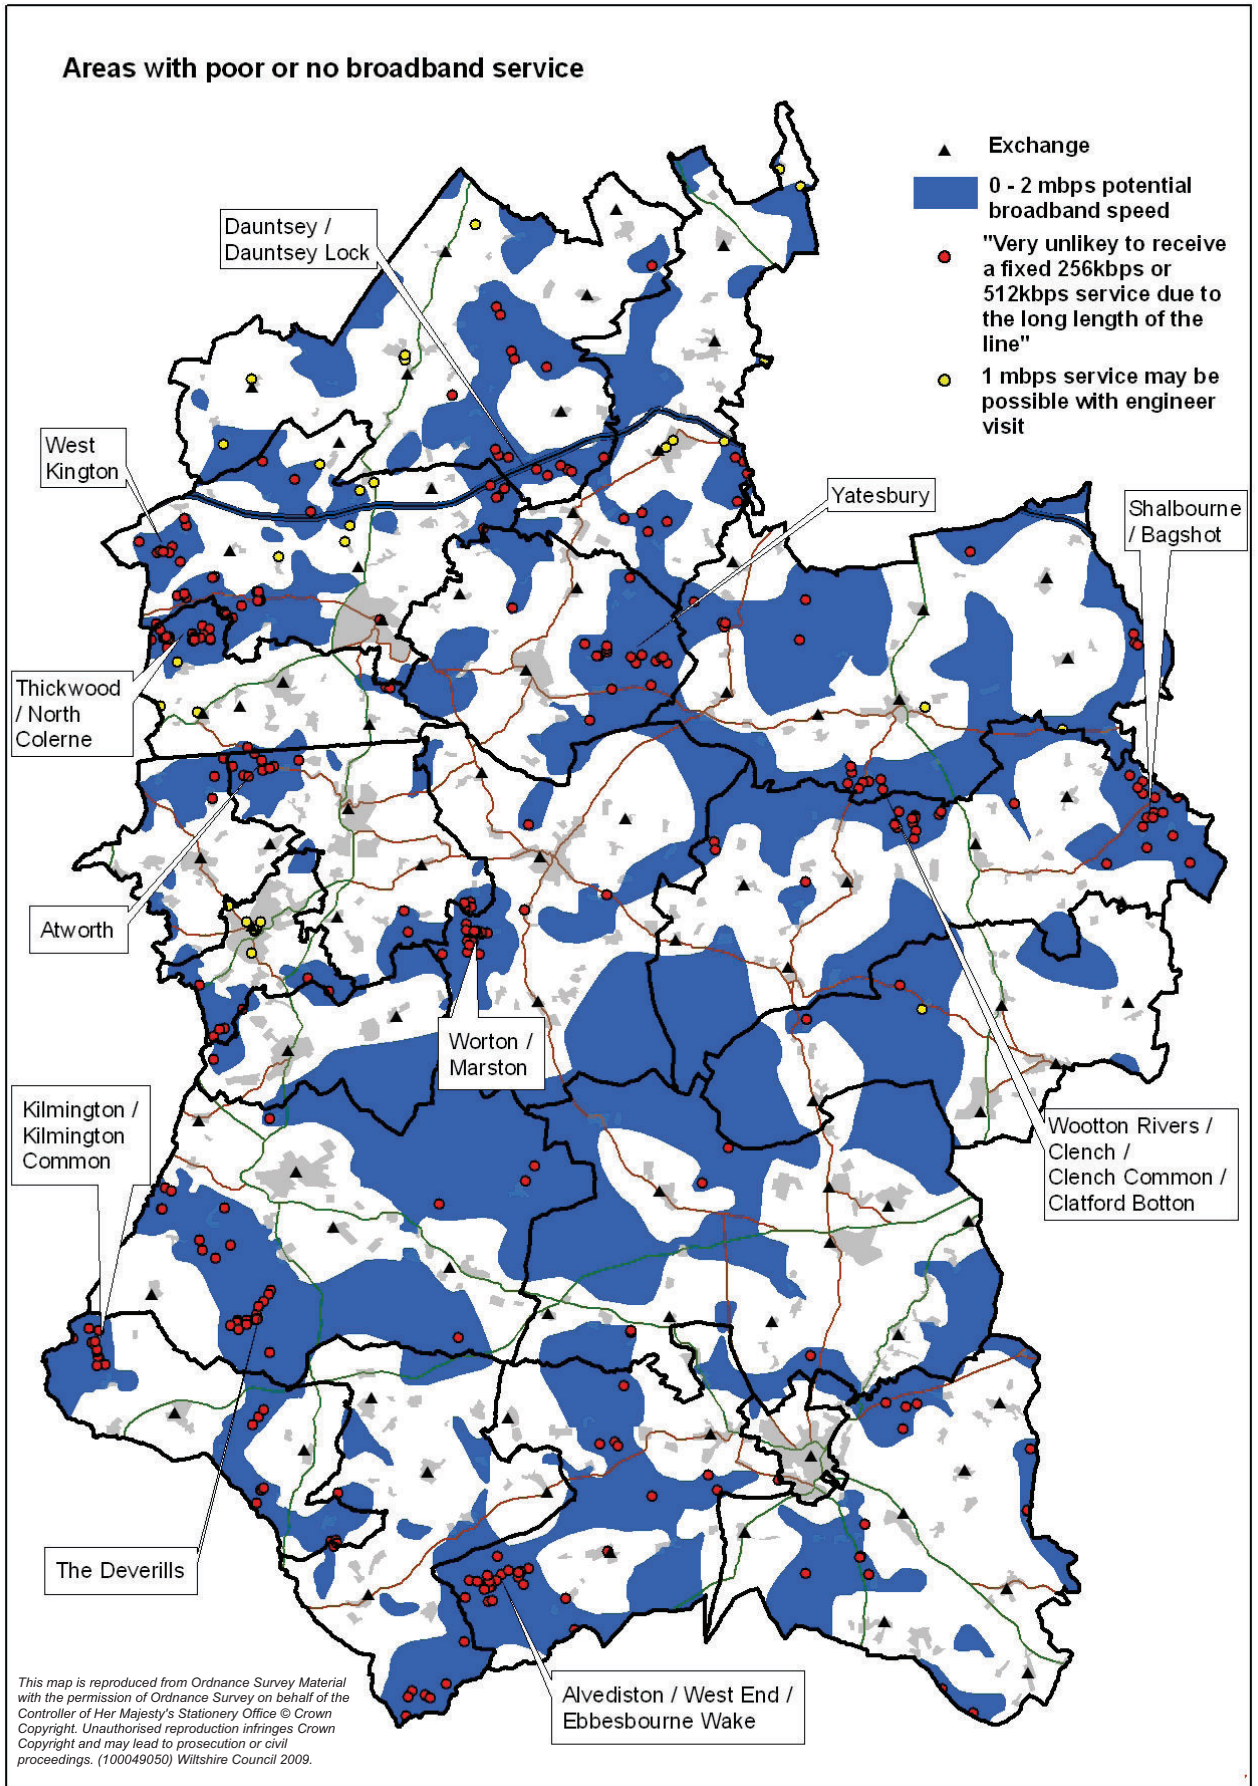

Figure 6. Areas with poor or no broadband service.

3.4. Cable services

Cable services, offering a much higher speed broadband service with headline speeds of up to 50mbps, are available in a number of the towns in Wiltshire (Figure 7). Chippenham, Devizes, Calne and Marlborough are the largest towns in the county not to have this service.

4. Remaining Work

As an aid to the prioritisation of issues, this project will provide profiles for those areas identified as having both superior- and sub-standard broadband provision, indicating the geographical area, the number of businesses and households, the population and its socio-economic characteristics. These profiles will benchmark broadband provision against criteria relevant to the Government's *Universal Service Commitment* and the *Final Third* programmes.

The project will also provide overviews of chosen locations (settlements and employment areas) including the number of businesses, population and households, the average and range of speeds available through the BT network, the accessibility of fibre-optic cable networks and business services such as Ethernet nodes.

Further maps will be produced to show 3G coverage in the county.

The project will go on to highlight where the upgrading or harnessing of existing infrastructure could enhance broadband provision, and will also highlight local schemes, implemented elsewhere, which could potentially provide technical solutions to local broadband issues.

The project is scheduled to be completed by September 2010.

Agenda Item 08

Report to	Southern Wiltshire Area Board
Title of Report	Community Issues Update– Area Board Meeting 4 February 2010

Purpose of Report

To update the Board on the issues received, progressed and closed since the last meeting in December 2009.

1. Overview of the issues received on the online system:

Issues in progress -

116	Transport	Whiteparish	Whiteparish Parish Council want to install flashing speeding warning lights	11/09/2009

Recently Closed Issues -

ID	Category	Division	Summary of Issue	Submitted
688	Community Safety	Landford	Problems relating to getting Speedwatch up and running	22/01/2010
686		Landford	Non-gritting of New Road, Landford	19/01/2010
546	Highways	Pitton	Speeding through the Stockbottom Dip, going down then uphill round a blind bend	09/11/2009

Outcomes:

1. Various speed watch requests have been dealt with. A few schemes are emerging and we will receive updates on the progress of the schemes.
2. As a result of issues being raised we have organised local site visits and meetings to discuss the issue involving local residents, parish councils, officers, police and other stakeholders. Feedback on these meetings will be given at the Board.
3. A number of tasks for the Highways department have been identified which have efficiently been addressed and I continue to seek progress on the issues which remain outstanding.
4. Where there seem to be problems of inactivity on particular issues the board can press for action. There is one issue which seems to have taken a long time to resolve and that is the matter of getting the police point operational in Downton Library. There seem to have been problems with the council's legal department in dealing with the contractual arrangements. The board would like to see urgent action on this matter.

2. Updates for the above issues:

All updates are available online at www.wiltshire.gov.uk/southernwiltshireareaboard, then click on issue tracking. If you would like to be sent hard copied of the issues and updates contact Tom Bray on tom.bray@wiltshire.gov.uk or 01722 434252.

A verbal report will be given at the meeting.

3. Updates on other area board issues:

Planning permission for the change of use at the shop at Partridge Way was approved last week. This means that the board will release the £5,000 as approved at the last meeting. This project has also levered in a further £11,365 from the Salisbury Learning Awards Partnership Committee. This will be a vital facility for the residents of Old Sarum.

The Board will be hosting a Health Fair jointly with NHS Wiltshire on 11 March 2010 at St. Edmund's School starting at 3pm. The purpose of this is to raise the profile of health issues in the area and to discuss the outcomes of recently produced health figures based on the

community area. This event will be a fun and informative event for all ages, the fair will run from 3 – 5pm where there will be interactive stalls and a chance for sports/health clubs to promote their activities. A workshop will run from 5 – 6.30pm to discuss the issues affecting the area. Outcomes of the health fair will be brought back to the area board on April 15.

Current population of 10-18s - ~280. Club will be open access and fully inclusive. Children from other local villages would also be welcomed. Activities for both genders (currently nothing in the village aimed at female children and young people). Benefits for young people - positive purposeful activities, specific skill development (e.g. music making), development of social skills, healthy physical activities. Older youth could be involved in volunteering at earlier younger age group session. Small committee of youngsters will eventually run the club (with adult input). Club members will also be in charge of fundraising for any larger running costs or new equipment they particularly want, or activities or trips with a high cost, leading to enterprise skills, management/organisational opportunities and the ability to potentially fundraise for other groups and charities. Benefits for wider community - reduced levels of anti-social behaviour and criminal activity, increased volunteering opportunities. More community minded young residents in village.			

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

Building is owned by Barry's Fields Sports Grounds (registered charity); land owned by Parish Council and leased to charity on 99 year lease (expiry 2115). Capital costs in initiating project will last for a significant period of time. Subscription to the youth club of £1 per week will provide finance for utility bills and to cover the cost of consumables. Replacement equipment, when needed, will be funded through on-going fund-raising activities by the young people and residents of the village. There are no revenue costs as staffing is provided through a bank of volunteers. The project is therefore financially and socially sustainable in the long term post initial capital expenditure. Possible fundraising by club members for larger items of equipment or activities they would like to do.

3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

Please tell us more about the organisations and groups that are involved in your project, who will benefit from the award and how will you know that it is making a difference.

Barry's Field Sports Ground (registered charity) is setting up the club to get it going but will not run it - it will need to be self-sufficient. Club has support from Wiltshire Police, Winterslow Parish Council, Cllr Chris Devine, Neighbourhood Watch, parents, residents & young people.

Consultation - specific evening session & through questionnaire recently completed by all residents for parish plan. Consultation clearly shows a need for the club and young people are very enthusiastic. Consultation reveals need for two sessions - to accommodate older & younger age groups separately, although older youth willing to volunteer at younger sessions. Parents & local resident volunteers will run the club. There is a wealth of local skill and talent within the village & we have had offers for one-off or short course sessions. youth worker to provide a consistent approach over the first six months. We have applied for a small amount of revenue funding for a We will aim for environmentally conscious youngsters through setting a good example etc.

Young people will benefit from the activities available and skills they develop. Local residents benefit from a decrease in anti-social behaviour. We will know we are making a difference by attendance levels, feedback, resident attitudes & a reduction in anti-social activity in the area.

Community Area Grant Application Form

Please ensure that you have read all the Funding Criteria and Additional Guidance Notes before completing this form **PLEASE COMPLETE ALL SECTIONS TO ENSURE THAT YOUR APPLICATION CAN BE CONSIDERED**

1 - Your Organisation or Group			
Name of Organisation	Odstock and Nunton Parochial Church Council		
Contact Name			
Contact Address			
Contact number		e-mail	
Organisation Type	Non profit organisation <input type="checkbox"/>	Parish/Town Council <input type="checkbox"/>	Other <input checked="" type="checkbox"/>
2 – Your Project			
In which Community Area does your project take place? (Please give name – see pp 2-4 of funding pack)	Southern Wiltshire		
In which Parish does your project take place?	Odstock		
What is your project?	Repairs to Nunton churchyard wall running alongside the road on the eastern boundary. Brick pointing and repairs.		
Where will your project take place?	At Nunton churchyard.		
When will your project take place?	March 2010		
Does your project demonstrate a direct link to the Community Plan for the area? If YES, please provide a reference/page no.	YES <input type="checkbox"/> NO <input checked="" type="checkbox"/>		
Please confirm your project will be completed by 31st March 2010	YES <input checked="" type="checkbox"/> NO <input type="checkbox"/>		
What community benefits will your project provide and, who are the beneficiaries (e.g. numbers of people, age, gender, particular groups)			
<small>IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES)</small>			
All 375 parishoners of Nunton and Bodenham - can, depending upon age and inclination, use and benefit from what is provided at Nunton church and churchyard. Normal C of E services, weddings, funerals, ocassional concerts. The churchyard is frequently visited by relatives of those burried there. A smallll parish room is accessed through the churchyard and is available for groups up to 40 in number. Repairs to the brick copiiing of the eastern churchyard wall are long overdue with some bricks to be replaced and extensive pointing. Justification, health and safety all the more so as the wall runs along a fairly narrow public road, appearance, preservation of our heritage.			

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

Any ongoing costs of maintaining this churchyard wall be modest, is not minimal, once this project is completed and will within the capabilities of the parish, provided a "stitch in time" policy is followed.

3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

Please tell us more about the organisations and groups that are involved in your project, who will benefit from the award and how will you know that it is making a difference.

IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES)

Consultations have been through parish news sheet articles and by direct telephone calls to one third of all households. These have covered several projects of which this is one (bells, asbestos renewal, pews, central heating, damp problems, churchyard wall) and responses have been overwhelmingly positive. Grand total costs are budgetted at some £30,000.00 of which £14,000.00 (47%) is to be raised locally and the balance 53% to be funded, we hope, through grants. So this project is a modest part of bringing the church into line with modest expectations. It will be driven by church people, intended for the benefit and safety of all.

4 – Relationship between your project and Wiltshire Council priorities. Which of the following statements apply to the project/service your hope to provide? Please tick as many as you think apply.

The project will:	
Engage with local people to find out their priorities and work with them to deliver solutions	<input checked="" type="checkbox"/>

<p>The replacement of commercial wire link fencing and ill assorted iron railings with traditional oak posts and riven railings (split, twisted railings rather than machine cut railings), will benefit the community by vastly improving and enhancing the frontage area, opening up hitherto hidden views of the countryside and demonstrating the Community Farm's intentions to further open up and transform a large area of neglected countryside to the public. The new fencing will partition off a grassed section of the farm for use in farm related activities and social events and for recreational use by the community. This area will be completely accessible to the public, including those with disabilities and it is anticipated that all ages and genders will benefit from its use. Access to the river Bourne will also be provided from this area by the provision of a walkway.</p>			

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

This project is the first step in a bigger ongoing project for which funding is to be sought. Various structures are in place to move forward with the redevelopment of the farm. Maintenance of the farm projects will be carried out by a team of skilled volunteers.

3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

The Community Farm is building a team of volunteers both skilled and unskilled who will be involved in the project, practising skills and learning new skills. The project team have also met with a national project team from LEAF and the Sensory Trust who have visited the farm and advised on the provision of sensory trails for visitors to get up close to nature on the farm. River Bourne Community Farm has now signed up to be one of the 80 farms across England to participate in the Let Nature Feed Your Senses project. The Community Farm enhancement project will be sensitively developed to connect disengaged groups and individuals with nature and the countryside, those with physical, sensory and learning disabilities, and socially excluded groups. The Community Farm will be able to monitor the use of the area and will encourage feedback from all participants in and beneficiaries of the project.

What community benefits will your project provide and, who are the beneficiaries (e.g. numbers of people, age, gender, particular groups) <small>IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES)</small> Nature Of Art In Wessex aims to engage families, children, older people and people with learning and physical difficulties. SIAF led pilot workshops making christmas lanterns including community consultation in 2009 to decide on the project's content. As a result we already have a number of organisations who have shown an interest in being involved including The Shaw Trust; Sarum Community Resource Centre; River Bourne Community Farm; Bishopdown Farm Youth Club; St Andrew's School; Greentrees School. We will also invite care homes and other local groups to get involved. The project will run 16 half day workshops each working with up to 20 people meaning we will provide approximately 300 local people the chance to learn new skills and explore their local greenspace and heritage through this project. Nature Of Art In Wessex will also work with a group of approximately 20 volunteers through the project. The volunteers will help lead workshops, guided walks and share their specialist knowledge with project participants. For example members of the Laverstock & Ford Watermeadow & Downland Trust have agreed to lead nature walks. The project will hold a training day for the volunteers run by the professional artist to increase their confidence in using arts in nature.			

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

Nature Of Art in Wessex is managed by Salisbury International Arts Festival (SIAF) and has core funding from Natural England's Acces To Nature fund until 2012. This funding covers project management costs to complete the proposed sculpture trail in Laverstock Parish.

Beyond 2012 Salisbury International Arts Festival is committed to delivering outreach programmes especially with an environmental focus and therefore will continue to develop this and similar projects.

3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

Please tell us more about the organisations and groups that are involved in your project, who will benefit from the award and how will you know that it is making a difference.

IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES)

Nature Of Art In Wessex is a groundbreaking 3 year project, aiming to increase access to natural greenspace in 6 sites in the region through the arts. We are applying for funds to enable the first year of this exciting project to be a high quality experience for all involved, through the provision of professional tutoring and materials. In Laverstock Parish the project aims to create a sculpture trail of work made by the local community through workshops with professional artists. In 2010 professional artists will lead 16 half day workshops with local groups to start the trail. People of all ages and abilities will be able to make tiles inspired by nature walks the project will run. The tiles will be professionally glazed and fired to ensure they will last well outside. The tiles will be used to create a large sculpture and several smaller pieces. These will be sited on accessible greenspace around the Parish to create a trail including Old Sarum, Hampton Park, Ford & Laverstock village. In 2011 and 2012 the sculpture trail will be added to through further workshops managed by SIAF, creating a permanent trail for people to enjoy. Nature Of Art In Wessex will benefit the community by: providing people with the opportunity to participate in art activities in the natural environment; increasing people's confidence about accessing the natural environment; teaching people new skills through arts and nature activities; and increasing people's pride in their local heritage.

The work carried out by the young people will also benefit the environment and the wider community. The main beneficiaries of this project will be young people who will have an increased number of opportunities to be engaged in positive activities within their local communities and the local residents in the areas where the work is carried out. It is anticipated that at it's outset, this project will engage between 20 and 40 young people aged between 12 and 19 from across the Southern Wiltshire Community Area. This number will grow as we secure more funding and are able to offer more opportunities.			

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

We will ensure the ongoing stability of the project through partnership working and seeking external funds from a variety of sources. As with all of our work, young people will be involved in the planning and writing of funding bids like this one. Their next main bid will be to the Wiltshire Young Peoples Opportunity Fund (WYPOF).

The project will be open to both young people who currently engage with the Development Service for Young People and will also be publicised to reach other young people in the community area. Following a successful pilot of the scheme, young people have already begun identifying the areas which they would like to focus on improving in their communities. As soon as funding has been secured, discussions will take place to enable this work to happen and to identify other appropriate work. The project will enable young people to develop personal, social and practical skills and qualifications that will improve their life chances. The principle of working to earn credits enables them to develop a good work ethic as well as ensuring that young people from more disadvantaged backgrounds have an equal opportunity to access fun trips and residential experiences if they are prepared to work. By visibly working within the community the young people will be able to challenge many of the negative stereotypes portrayed by the media. Where the scheme is already running in other areas, young people receive praise and complements for the work they do which increases their feeling of self worth, builds intergenerational relationships and enables them to feel that they have really made a positive contribution to the community in which they live.
