9	<p><u>The Future of Policing in Wiltshire</u></p> <p>Angus Macpherson, Wiltshire’s Police and Crime Commissioner, presented information about the future of policing in Wiltshire.</p> <p>This included:</p> <ul style="list-style-type: none"> • The role of the Commissioner – this was a commissioning role to ensure a policing service fit for purpose in Wiltshire. • Angus had a budget of £100 million and five support staff. • He was at present writing a five year Police and Crime Plan to set the strategic direction of policing in Wiltshire and Swindon. • The plan was available for comment from 18 February until 10 March, with the intention to publish the plan on 28 March. You can read and give views on the plan via the Police and Crime Commissioner’s website – www.wiltshire-pcc.gov.uk. • In short, the aim of the plan was for community-based policing, protecting the most vulnerable, putting victims and witnesses first, reducing reoffending, improving quality of life, customer service, ensuring a timely response and unlocking resources. <p>The presentation was followed by a question and answer session, which covered the following main issues:</p> <ul style="list-style-type: none"> • Visible policing on the streets and whether Angus would consider raising the precept – Angus had committed to not raise the precept this year, but this issue was part of the consultation process. The precept would not be raised without tangible outcomes. • Two workshops had been held for the voluntary and community sector in Wiltshire and Swindon – as places were limited, the workshops had been by invitation to voluntary and community groups, however there had been the opportunity to ask to be involved. • In the past year there had been a third of a cut in community policing with the

	<p>withdrawal of the RAF from Lyneham – this would be taken into account in the plan.</p> <ul style="list-style-type: none"> • The issue of speeding in the community area and 20 and 30 mph speeding limits – 20 mph limits were not enforced at the moment, but views on this could be input into the consultation on the plan. • The Police and Crime Panel – this was made up of councillors from Swindon and Wiltshire and two appointed independent members.
10	<p><u>Lyneham Defence Technical Training</u></p> <p>Pre-application information was provided about the planning application to be submitted by the MOD for the delivery of Defence Technical Training at Lyneham. This included feedback on the website consultation, an update on development proposals and the master plan and next steps to be taken.</p> <p>The website consultation had been launched in November 2012 and received responses from over 100 people. 95% were in support of an ongoing military presence. The consultation had also identified issues to be addressed in the planning process, such as proposals for access and the impact of traffic.</p> <p>Images were shown of the existing site and of proposals for development in the future. Proposals encompassed a shift in the building footprint from 170,000 to 200,000 square metres, in the building floorspace from 200,000 square metres to having an additional 150,000 square metres, with a refurbishment and 20 % new build, and an increase in personnel from 3,000-4,000 to 5,500 in its end state.</p> <p>There would be a public exhibition of proposals on 12 and 13 March 2013, with the planning application to be submitted in May 2013.</p> <p>There was then a short opportunity for questions to be taken from the floor:</p> <ul style="list-style-type: none"> • Certain areas of the site would not be used for tank exercises due to the ancient woodland and natural species present. • Lime trees and other memorial features would be taken into consideration in the application. • The intention was to complete the project in 2015 with the intention for trainees to be on site from then. • Facilities would be open to the public where possible. • Dialogue with Wiltshire Council officers was ongoing regarding minimising the impact of construction traffic. <p>The Chairman gave his thanks for the item and asked the councillors to endorse the next steps of the project (completing technical assessments, the public exhibition and submission of the application). The presentation at the meeting was available to view via the following link: http://www.wiltshire.gov.uk/council/areaboards/woottonbassetandcrickladearea/board.htm</p>

Questions and comments covered the following main points:</p> <ul style="list-style-type: none"> • There was a general move towards multi-academy trusts. • Comment was made that the majority of people in Purton would like a community school to open, funded by Wiltshire Council. • Consultation was taking place on the characteristics people would like to see in the provider. • The form of the multi-academy trust was very much down to proposals that were put forward. • A concern was the proximity of the site to Swindon and the number of children who may end up attending the school from outside the parish.
12	<p><u>Get It Off Your Chest!</u></p> <p>The Chairman explained there was now a chance for members of the public to raise any outstanding issues with local councillors. A question was asked regarding the review of C class roads and it was confirmed that when a road was reviewed for a speed limit, the full length of the road was under consideration.</p>
13	<p><u>Community Asset Transfer</u></p> <p>The Chairman explained that a late report had been received regarding the Community Asset Transfer of land at Swindon Road, Royal Wootton Bassett.
