Chairman's Announcements

Consultation on the Review of Special Educational Needs Provision

The Chairman described how over recent months Wiltshire Council officers had worked with schools, parent representatives and other people to review Special Educational Needs (SEN) provision in the county.

The review considered:

- special school provision
- specialist provision that was part of mainstream primary and secondary schools and
- SEN support services for schools.

A document had been written that set out what the review had shown and what the Council would like to do in the future. This was now to be shared with a wide range of people who were invited to respond on what they thought about what the Council's proposals. As soon as the document was available it would be circulated to Parish Councils, through the Area Boards network, and it would be available on the Wiltshire Council website.

There was also an opportunity to meet with officers to discuss the proposals at Sheldon School, Chippenham on Wednesday 21st April at 7pm

The closing date for the consultation was 12 noon Monday 24 May 2010. Additional information was included in the agenda pack on page 15.

Wiltshire Community Safety Partnership Consultation

The Chairman described how Wiltshire Council was currently consulting on two very important draft strategies: Anti-Social Behaviour and Violence Reduction. The strategies identified the main themes for future work and established a base from which to develop a detailed implementation plan. The consultation would run until the end of March 2010.

Health Fair and Workshop

Unfortunately, due to staff shortages, NHS Wiltshire had

postponed the event due to be held last Friday at the Town Hall. The rescheduled date would be publicised as soon as it was received.

Consultation on Gypsy and Traveller Sites

Wiltshire Council was preparing a strategy to identify possible land for gypsy and traveller sites including a policy for assessing the suitability of other sites the Council was asked to consider through the planning application process.

The council had a responsibility to plan for the housing needs of everyone in the Wiltshire community including planning for the accommodation needs of gypsies, travellers and travelling show people.

The number of gypsies and travellers in Wiltshire had increased in recent years and a consequence of not addressing this growing accommodation need could be increased tension between the settled and travelling community and discrimination towards the gypsy and traveller community.

An eight week consultation on the issues and general approach to identifying land for sites was to start on Tuesday 6 April until 5pm on Friday 4 June 2010. This was the first stage in the process of preparing a Gypsy & Traveller Site Allocations Development Plan Document.

The purpose of the consultation was to:

- discuss the issues around providing new sites
- develop a method for assessing what is a good location for new sites and
- Invite land to be put forward to be considered as possible new sites.

All information relating to the consultation would be available from the end of March on line at www.wiltshire.gov.uk/gypsyandtravellersitesallocationsdpd, in the main Council offices in Chippenham, Devizes, Salisbury and Trowbridge and available at local libraries. If you would like to discuss the issues involved in this consultation in more detail, a drop-in event was being held between 4pm and 8pm at the Neeld Hall, Chippenham on Wednesday 5th May 2010.

Islam4UK March

The Chairman drew the meeting's attention to a paper regarding the abandoned Islam4UK march through Wootton Bassett.

On 1 January 2010 Anjem Choudary announced that Islam4UK intended to march through Wootton Bassett to draw attention to the number of Muslims killed in the conflict in Afghanistan.

There was no specific intelligence at the time to indicate if, when or where any march would actually take place. However, the item became the focus of national press speculation that resulted in significant Community Impact.

Due to the potential consequences of such an event and the impact it would have on public order and community confidence a Gold Group was established. The membership of the group consisted of a wide range of internal key managers from Wiltshire Police and various senior members of other agencies including the Fire Service, Ambulance Service, Health Authority and the Local Authority. Swindon Borough Council and local communities were included in the operational plans to ensure a pan-Wiltshire approach was adopted.

Regular meetings were held and a great deal of work was carried out on how to contain a protest and counter any potential fall-out. The planning of this demonstrated the benefits of a network of partners working together to achieve a desired aim and all involved were to be congratulated for their dedication.

During the evening of Sunday 10 January, Islam4UK issued a statement that they no longer intended to march through Wootton Bassett. This has received widespread national coverage. On 12 January 2010, the Home Secretary announced that he would proscribe Islam4UK and its various derivatives.

BBC Blast

On behalf of BBC Blast, the BBC's youth creativity service, the Chairman announced that this May, as part of its annual nationwide tour, BBC Blast was coming to Chippenham.

Offering creative workshops, master-classes and showcases to young people, they would be based at the Chippenham

campus of Wiltshire College from 20-22 May.

To find out more, please look at www.bbc.co.uk/blast or contact the local event organiser Holly Edwards at holly.edwards@realideas.org or 07525 130 140.

NHS Out of Hours Service

From 1 April 2010, the Out of Hours service would be provided by Wiltshire Medical Services, which was run by local GPs. The service would be run from all existing sites, plus a number of additional sites, to improve access for patients. A communications campaign for patients was currently being developed, which would be launched in the weeks leading up to 1 April. NHS Wiltshire had no further comment to make but was keen to stop any further speculation about cuts in services.

6. Conservation Management Plan

Judy Enticknap, Principal Conservation Officer, gave a verbal presentation on the outcomes of the recent Conservation Management Plan consultation that updated the appraisal conducted in 2007.

The consultation comprised leafleting, a small exhibition, a meeting and copies of the plan had been made available for comment in the library and on-line.

16 written representations had been made that were yet to be analysed. When complete, the [amended Management Plan](#) would be considered by the [Chairman of the Northern Area planning committee](#) who would decide whether it should be adopted as supplementary planning guidance or [if the changes were so significant that it would need to be referred back to the planning committee](#). The Area Board [would be notified if the latter proved to be necessary](#). When approved, the document would become a planning tool for the enhancement of the Chippenham conservation area.

The Principal Conservation Officer invited those interested to monitor the effectiveness of the plan through the Area Board via the creation of a working group.

The Area Board councillors welcomed the document which improved development control in the town centre and the riverside schemes.

	<p><u>Decision</u> A working group to be set up through the Area Board that would have a shared membership of local organisations and the Area Board.</p> <p>Councillor Rooke declared a personal interest in the Rowden conservation area as a regular dog walker. She asked if there were plans for a conservation management plan for that area. The Principal Conservation Officer responded saying that the Wootton Bassett area, and other conservation areas which currently have no conservation area statement or management plan were higher priorities. When these were all completed, there would be a cyclical review of all areas. The department was currently hoping to recruit an officer to cover the county-wide monitoring of areas and plans.</p>	<p>Judy Enticknap</p>
<p>7.</p>	<p><u>Town, Parish and Partner Updates</u></p> <p>Updates were received from the following:</p> <p><u>Christian Malford Parish Council – Councillor Nigel Fairley</u> While the parish council were pleased that Mouchel’s review of the B4069 suggested a weight limit restriction, they were disappointed that Wiltshire Council had not supported this outcome. He requested support from the Area Board in overturning this decision.</p> <p><u>Decision</u> The Community Area Board Manager to investigate the matter.</p> <p><u>Grittleton Parish Council – Councillor Lesley Palmer</u> The parish council thanked the Area Board for the speedy delivery of grant money and said that the project was well underway. The Area Board councillors were invited to visit when complete.</p> <p><u>Biddestone Parish Council – Councillor Alison Butler</u> The councillor was pleased to report that the Government was being approached to ban Chinese Lanterns given their negative environmental impact.</p> <p><u>Wiltshire Fire and Rescue Service – Mike Franklin</u> The written report attached to the agenda was noted. Mr Franklin reported that the service’s preventative work was on-going: 380 homes had received fire safety checks. The scheme had been widely publicised through household leafleting and partner events. He invited anyone interested in fire safety advice to contact him</p>	<p>Victoria Welsh</p>

Chippenham and Villages Area Partnership – Jane Clark

Mrs Clark was delighted to announce that the Action for Market Towns Conference was to be held in Chippenham on 13 and 14 October and it was anticipated that 250 delegates would attend. She thanked the Chippenham Town Council for their efforts in helping to secure Chippenham as the event's venue.

Chippenham Vision – John Clark

Mr Clark thanked the Area Board for endorsing the Vision's Performance Related Grant Scheme bids at the last meeting. He wished to remind the meeting that National Cycle Route 4 had not been closed and that further work was being done to improve it. A full-time Vision Director, Tim Martinson, had been appointed. Mr Clark took the opportunity to announce that this year's River Festival would include Raft Racing.

Wiltshire Police – Inspector Kate Pain

Inspector Pain pointed out that negative comments regarding the night-time economy of Chippenham had been inaccurate. Councillor Allen had accompanied her recently on her Saturday night duty of the town and there had been no major incidents. Councillor Allen thanked her for this opportunity.

Four search warrants had been issued for the misuse of drugs, resulting in five arrests. Very small amounts of drugs had been found and she commended the community for their help on this issue.

This was an independent body of local people accountable to the Home Secretary and was responsible for appointing the chief, deputy chief and assistant chief constables.</p> <p>The authority approved the policing plan for the next three years and scrutinised the performance of the police.</p> <p>Recently, the Home Secretary decoded that police forces would be measured by public confidence factors rather than performance indicators.</p> <p>In future, this presentation was to be made annually prior to the setting of the police precept so that Area Boards could feed into the process.</p>	

	<p>Councillor Caswill might be contacted on chris.caswill@wiltshire.gov.uk or 01249 822088.</p> <p>The following points were raised:</p> <p>Was there a timetable for the police precept consultation? <i>This item would come before the Area Boards at the appropriate time. There were regular surveys across the community.</i></p> <p>It was important the rural areas were policed differently. Slaughterford and Biddestone had Neighbourhood Watch schemes that involved texting rural crime information to coordinators. Positive results were elicited due to the speed of communication.</p> <p>Councillor Bishop of Castle Combe Parish Council pointed out that the 0845 telephone number was still slow and electronic communications improved this situation.</p> <p>The Neighbourhood Policing Team for the excellent work that had been carried out in Wood Lane.</p>
