

Calne Area Board 24 October 2010

Item No. 05

Chairman's Announcements

Gypsy and Traveller Site Consultation

Consultation planned on possible new Gypsy and Traveller sites following on from the work carried out in April and June this year has now been put on hold. The issues consultation used figures proposed in the draft South West Regional Spatial Strategy as the basis of future need for Gypsy and Traveller sites. The Regional Spatial Strategy has now been revoked and it falls to local authorities to determine the right level of site provision. Officers are currently assessing existing information about the level of need for new Gypsy and Traveller sites in Wiltshire to make sure the development plan document progresses with the correct local targets for new site provision. This has affected the overall timetable for the preparation of the Gypsy and Traveller Site Allocations document. The Area Board will be informed once a revised project timetable on the provision of new sites for the travelling community is available.

Reminder to Parish Councils regarding Community Flooding Consultation

Please could any parishes that have not yet returned their flooding information request details, do so as soon as possible. These should be sent to Renate Malton (Project Officer) at the address below:

Derby Court
White Horse Business Park
Trowbridge
BA14 OXG.

If you have lost your original pack or require an additional one for any reason, please contact Renate Malton, on 01225 712514 or renate.malton@wiltshire.gov.uk.

Wiltshire Council has a duty under the Flood and Water Management Act to establish, quantify and record the levels of flooding within the county following on from the Pitt review and recent major flooding events. As a lead authority, Wiltshire Council can ask other bodies within the county to provide relevant information in order to allow the discharge of duty. This duty is on both lead and local authorities, which includes town and parish councils.

Wiltshire Council is beginning to get enough data to start making statistical comparisons, for example the number of parishes who have reported internal property flooding, have flood supplies and are on the Environment Agency warning telephone list. This is providing information on where in the county Wiltshire Council might like to prioritise storing flood supply equipment, or where the parish have identified issues with blocked culverts/drains enabling us to investigate the current schedules.

The information Wiltshire Council has received to date has been on the whole very good, it has been loaded onto the GIS system and the overlay is taking shape and is very informative.

If issues are subsequently raised at Area Board level by the parishes who have not responded, this will impact the time taken for their work to be undertaken and it will impact on any planning issues, as access to this information is very important. This work will benefit the parishes as well as county.

Wiltshire Intelligence Network

New Research Website Launched

A new website has been created to provide access to a wide variety of information and research for Wiltshire. The new site, www.intelligencenetwork.org.uk, is available to all and aims to support planners and policy makers, community leaders and politicians, voluntary groups and the general public in using accurate data to make informed decisions. A broad range of information is available, organised into the following topic themes:

- Consultation
- Local Area Profiles
- Population & Census
- Health & Wellbeing
- Education & Skills
- Economy
- Crime & Community Safety
- Community
- Planning & Housing
- Transport & Communications
- Environment, Climate Change, Waste & Recycling
- Culture, Leisure & Tourism

The content of the site will continue to grow over the coming months and the research team is keen to hear any suggestions for content that people would like to see on the site. The site was developed by Wiltshire Council's corporate research team in the Department of Public Health and Wellbeing, in conjunction with the South West Observatory and working in partnership with NHS Wiltshire and Wiltshire Police. For more information, or to give your views and feedback, please contact Sally Hunter on 01225 713289, or email sally.hunter@wiltshire.gov.uk.

Mobile Phone Safety

Immobilise, the UK national property register, are running a scheme to help protect your mobile phone and other property in the future. Please visit their website, www.immobilise.com, to register your mobile phone for free. This will help Wiltshire Police to recover your property and to catch the thief. If you would like a poster to display or further information about this scheme, please see the Immobilise website.

Wiltshire Local Transport Plan 2011 - 2026

The Council has a statutory duty to review and publish a new Local Transport Plan (LTP) by the end of March 2011. In essence, Local Transport Plans steer the implementation of national transport policies at the local level.

The Wiltshire Local Transport Plan is made up of:

- A long-term transport strategy that seeks to:
 - support economic growth
 - reduce carbon emissions
 - contribute to better safety, security and health
 - promote equality of opportunity
 - improve quality of life and promote a healthy natural environment
- A shorter-term implementation plan based on a realistic assessment of available funding, and
- A number of supporting strategies and technical documents.

In addition, the Local Transport Plan provides the framework for all other organisations with a direct or indirect involvement in transport in Wiltshire.

Consultation on the draft Local Transport Plan will run from **4 October to 26 November 2010**.

The preferred method of communication is for comments to be submitted online at: <http://consult.wiltshire.gov.uk/portal>, where electronic copies of all the documents will be available. Paper copies of the summary document, questionnaire and a reference copy of the Local Transport Plan will also be available from all libraries and main Council offices.

The Council's Cabinet and full Council will consider the results of the consultation in February 2011 prior to the publication of the final Local Transport Plan in March 2011.

Consultation Portal Link: <http://consult.wiltshire.gov.uk/portal>

Adverse Winter Weather – Call for Partnership Working

Wiltshire Council is looking to expand its partnership working with the city, town and parish councils should problems be caused by adverse winter conditions.

Wiltshire Council is encouraging local Councils to record their interest in working with us to help provide services during adverse weather conditions. This could involve being a local agent for storing salt, or refilling salt bins, or mechanical salting of footpaths and roads.

This partnership working will help us jointly to provide a better and more extensive coverage at a time when resources will be fully stretched. The local councils are asked to register their interest via their Community Area Manager before 30 November 2010.
