

Tidworth Area Board Police Report March 2017

1. East Community Policing Team

Sector Head:	Inspector Nick Mawson
Sector Deputy:	Sergeant Mark Andrews
Community Coordinator:	PC Lucy Wileman
Tidworth PCSO:	Pcso Natalie Cleife
Ludgershall and rural PCSO :	Pcso Maria Downham

Hello and welcome to this Community Policing Team report.

As many of you may have seen in the news over recent months, a number of police services nationwide have invested in body worn video cameras. Wiltshire Police is currently conducting a trial of this technology and will, further to evaluation, look to roll it out to frontline officers and staff over spring and summer.

The technology has had proven benefits in other forces and we are confident that it will help us bring offenders to justice and serve our communities more effectively and efficiently. Body worn cameras are as much about the people behind the lens as they are the people in front of the lens and they will help us to further improve openness and transparency as well as upholding the high standard of service we always aim to deliver.

Throughout March, you may notice Wiltshire Police taking a more in-depth look at equality, diversity and inclusion. At a recent conference for the South West Black Police Association, hosted at Police HQ in Devizes, Chief Constable Mike Veale discussed the importance of recognising and celebrating difference. Having a diverse organisation not only makes the police service more representative of the communities it serves, but also culturally richer and more receptive to different perspectives. We encourage you to keep an eye on our Wiltshire Police social media accounts as we offer an insight about this very important aspect of policing during March.

In addition we will be supporting a national campaign to raise awareness of the dangers of using a mobile phone while driving and to highlight the changes in legislation that come into effect in March.

Thank you for your continued support to Wiltshire Police.
