Wiltshire Council
Where everybody matters

Wiltshire Online

- Without Wiltshire Council's investment approx. 40% premises would not receive investment via commercial providers
- Over 83,000 premises reached with fibre broadband to date
- Over 6500 premises in the Pewsey Community Area upgraded to fibre broadband

Wiltshire Online

- Phase 1 is now complete and reached 80,000 with fibre broadband
- Phase 2 is underway and will deliver fibre broadband to over 5000 premises (complete Summer 2017)
- 5000 more premises recently announced (build commences Summer 2017)

Wiltshire Online

- Secured an additional £3m to invest in Ultrafast Broadband across Wiltshire
- Procurement is ongoing to be completed April 2017
- Estimate a further 8000 homes and business will benefit
