

Bridge Yard etc, Bradford on Avon – One Way and Waiting Restrictions

Name	Address	Objection/ Support
Kingston Road Businesses - Various	Kingston Square – email	<p>I have asked local businesses to list their business and sign if they would like Wiltshire Council to consider their views with regards to putting a two hour parking space near to Kingston square to allow all of our clients a place to park without fear of getting a parking ticket. Please find the signatures of local businesses in Kingston square, Kingston Road, Bradford on Avon attached.</p> <p>Our Co-op funeral business is one in which we need to have adequate time to spend with our clients at a most emotionally difficult time in their lives and having the availability of a two hour car parking space would relieve some of the stress for our clients. Also, we would like car parking spaces available so that the family can park and gather before the funeral cortege sets off.</p> <p>Another local business, Dixon Health, has a lot of visitors who need nearby parking facilities as many of them have difficulty moving.</p> <p>Further, Grounded is a new coffee shop due to open next week and I know that they would appreciate people being able to park for longer than an hour in order to make their new business work. Kingston Square is a little 'off the beaten track' and because of this, the businesses in the square need support in gaining footfall, so I would be very grateful if you would consider our pleas for a two hour parking bay near to Kingston Square, Kingston Road.</p>
Cllr Mike Roberts	- Email	<p>With regards to the proposed 1 hour parking, I have been approached by several business's in the area who are concerned about footfall in the Lambs Yard area, they have asked that the limit should be raised to 2 Hours to encourage added footfall.</p>
Name withheld	Silver Street, Bradford on Avon – email	<p>Parking order 2010. I live on the Kingston Mills complex, and have found from the web site that the list of the arrangements for parking in this area is practically incomprehensible. It took a neighbour and me two hours yesterday to try and work it out going around the site with a clip board. Do you expect everyone to go out there with a tape measure. I have never come across anything so complicated. The maps which have been put around the lamp posts are so small that you cannot decipher them! I eventually went to the library and had them enlarged, which does somewhat make the arrangements clearer.</p> <p>Why do you have to different sets of times for the parking some are 7 a.m to 6 p.m. and others 8 a.m to 6p.m. I suggest they should all be the same.</p> <p>However I am pleased to see that there will be limited parking outside the Co-op store. This has been a big issue. I cannot see any mention of any parking on Sundays and presumably, in this case restrictions, will not apply.</p>
