**Western Area Planning Committee**

**13 December 2017**

---

**Councillor Question**

**From: Cllr Ernie Clark – Hilperton Division**

**Question**

When will the Wiltshire Housing Land Supply Statement as at 1 April 2017 be published?

**Response**

Progress is being made on the Housing Land Supply Statement. The completions for the monitoring period 1 April 2016 - 31 March 2017 have been finalised. The annual survey to land owners and site promoters to help establish likely build-out rates has commenced and responses are currently being collated. These will be assessed by officers during January 2018 and the Housing Land Supply Statement published shortly afterwards.
