StAR1	<p><b>Can two parking spaces be left for users of the Children's nursery</b></p> <p>Councillor Mark Connolly requested by phone that two parking bays be formed outside the nursery in St Andrews Road to allow parents to drop off and collect children.</p>	1	<p>The design and Traffic Order can be amended to incorporate a gap in the proposed double yellow lines to allow parking in front of the nursery.</p>

## Kennet Road

Ref	Comment Received	Number of Times Received	Officer Comment
KR1	<p><b>Can the double yellow lines be extended to incorporate the bend in the road further NW?</b></p> <p>I have slight concerns about the Kennet Road proposal that runs from the Perham Road junction to the bus bay. I would prefer to see the no waiting extended to the first junction with Cannaught Road as there is a second bend when approaching from the Perham road Just beyond the bus bay where people park and drivers are unsighted when overtaking the parked car. In the interests of road safety, this extension is required.</p>	1	<p>At this stage of the process, we cannot increase the proposals without re-advertising, at further expense and would further delay the implementation of the restrictions for the rest of the Tidworth proposals.</p> <p>A new Traffic Order will have to be added at a later date to incorporate this request.</p> <p>( See Appendix 3 for details)</p>
