Youth grants:

Applicant: Wiltshire Council Project title: Third Generation Artificial Turf Pitch in the Salisbury Area	£2,500
Project summary: This is the first step towards the provision and installation of a much-needed full size third generation artificial grass pitch (3GATP) in the Salisbury Area. This contribution will provide funding for the initial feasibility study at Sarum Academy	

to give overall project costs required by the Football Foundation FF and will be classed as part of the overall match contribution required by the Football Foundation. It is anticipated that the Football Foundation will contribute around 70 per cent of the total cost providing the actual Football Foundation Grant Application fully meets the requirements of the Football Foundation which includes a Community Access Agreement.

The match funding of approx 30% of the total cost will be gathered from other interested parties such as the Salisbury City Council, Wiltshire Council, local parish councils, local businesses, local sports clubs and local national grant funding organisations. The Sarum Sports Partnership comprises of Sarum Academy, Wiltshire Council, Wiltshire Football Association and Salisbury City Council.

Input from CEM:

Although the location of the 3G pitch is in Salisbury this application will provide a facility that will draw usage from beyond just the Salisbury community area. The money to support this project, if councillors so wish, could also come from the main grant pot as it is a community wide, capital project.
