This was on the condition that the delivery of this provision should be achieved by either two or one organisations, and that, if in the latter case, there would be a requirement for the contacted organisation to commission user led services from a number of providers and for them to ensure that the widest range of users are included.

Cabinet also resolved to secure delegated authority for the Corporate Director for Adult Care and Health, in consultation with the Cabinet Member for Adult Social Care, Public Health and Public Protection and the Associate Director for Finance to award a contract to the preferred provider/s when identified, as a result of the tender process.

At its March meeting the Health Select Committee would receive an update on the outcome of the tender process.

The evaluation of submissions would conclude on 16 January and the committee will receive an update at the March meeting.

The Governing Body of the CCG requested that a Wiltshire-wide strategic outline programme be developed.
