

Coppice Close etc, Chippenham – 20 mph and NWAAT – SUPPORT /OBJECTION

Name	Address	Objection/ Support
ANONYMOUS	TAUNTON CLOSE, CEPEN PARK SOUTH	OBJECTION
		<p>I agree with the no waiting area on the bend of the lane. However I object to the remainder of your proposal for the following reason:</p> <ol style="list-style-type: none"> 1. Parked cars are the only thing that prevent cars tanking down the hill, either from the private road or the new estate, usually way over 30 mph. Unless you also propose building speed humps, I suggest you leave parking as it is. 2. Dog walkers often park for short periods on Rowden Lane. If you make it no waiting, they will simply cause congestion within the residential part of the estate, which will definitely upset residents, or will park near Rowden Surgery, which will cause unnecessary congestion there. <p>As it stands the existing no parking (double lined) area along Coppice Close is routinely parked on, so this is not enforced. However, those illegally parked cars slow down the traffic; I think this is exactly the result you would achieve if you follow through your no waiting proposals further up Rowden Lane.</p> <p>In addition, cars drive through the no entry signs into the road by the Rowden Arms. I walk this path 3-4 times per week and this happens every day.</p> <p>I am a dog walker and I walk through the fields into the town centre from Cepem Park South. I also park along Rowden Lane twice a week.</p> <p>Thanks very much for considering my objections.</p>
