

### **Proposed changes specifically relating to the Settlement Boundary Review**

The Settlement Boundary Review Proposed Changes (SBR PC) listed in the table below should be read in conjunction with the relevant tables and maps in the following section 'Maps and Explanation of Amendments'.

The maps in the following section illustrate the proposed changes to the settlement boundaries where there are proposed further amendments from the pre-submission versions. These changes are circled on the maps. A full explanation behind each of the proposed changes is provided in tabular form, and mirror the tables included in Appendix A of the relevant Community Area Topic Papers<sup>3</sup>. The tables below have been updated to aid identification of the relevant amendments.

Those boundaries considered to have been reviewed by a sufficiently advanced neighbourhood plan are set out in Proposed Changes PC120 to PC135 above. This is the case for Christian Malford, Cricklade, Oaksey and West Lavington and Littleton Panell.

At this time, you can only comment on the proposed changes that are detailed in the relevant tables and circled on the maps. See Guidance note for further information and the Representation form to make comments on the proposed changes
