

Southern Area Planning Committee

15 November 2018

By Dr Claydon

To Southern Area Planning Committee

In relation to application 17/10079/FUL: Nightwood Farm, Lucewood Lane, West Grimstead, SP5 3RN, considered by Committee on 10 January 2018.

Questions:

The responses given to my submitted questions on 20th September were factually incorrect, misleading and showed a contempt for the due processes required of the LPA in regard to Nightwood Farm. Has the LPA reviewed what they said in the two replies?

Since I was given reassurances at the Planning Meeting of 20th September in regard to the total failure of the LPA to manage the instruction of the Southern Area Planning Committee of the 10th January nor to reject the application for a Certificate of Lawfulness for Nightwood Farm registered 21st June I would request a clarification and an update in what is happening for the benefit of the whole Planning Committee.

What was the legal advice that was given to the LPA in regard to Nightwood Farm and what I consider to have been the incorrectly validated application for the Certificate of Lawfulness.?

Notes: Questions relating to an undetermined applications are not permitted under the rules of the constitution.
