Dear Mr Green

I refer to your recent application for The Salisbury Museum.

The application has now been discussed by the Trustees. I am pleased to advise that they have agreed to provide a pledge of £50,000 towards the costs, provided you are successful in obtaining funding from other sources and the project goes ahead. I would be grateful if you could write to the Foundation again when you have evidence of this further funding.

If you are unable to complete the funding for this project within two years, November 2016 this pledge will expire and you would need to provide a full and updated application for review by the Trustees. We wish you every success with the appeal and we look forward to hearing from you again in due course.

Please quote reference number FFP 74256 in your future correspondence.

Yours sincerely

Sophia Mason
Trustee
