

Service Update September 2019

BoA Youth Centre

BoA Youth have been extremely busy this quarter planning new themes, organising youth club sessions and delivering summer activities.

The summer has been a huge success with a range of activities delivered across BoA and surrounding villages, then ending the summer holidays with a coach trip to Bournemouth Beach that was enjoyed by all.

We are also looking forward to working with Mighty Girls again this year to plan, organise and deliver a Youth Disco at BoA Youth and Community Centre.

It has also been a pleasure working with BoA Radio who have recently set up a radio station in the music room at BoA Youth and Community Centre. This has given some of our young people the chance to learn new skills and have an real insight into radio.

Detached Activity

Numbers have been sufficiently lower in the summer holidays than normal, youth workers believe this is down to families going on holiday and young people going out into the community at different times of the day. Youth Workers tried to accommodate this by altering detached sessions times during the summer holidays.

Youth workers are continuing to communicate with local PCSO's regarding any issues/concerns or matters BoA Youth could support with.

A group of young people from the BOA detached session have engaged with youth workers regarding the skate park project and have requested a meeting with the town council to offer support and guidance from a young person perspective. This is something that the young people are very passionate about and we look forward to supporting young people and the town council to achieve some positive outcome for both.

Individual Referred Work

1:1 Referred Work referrer	Number of Sessions Delivered (Jun – Sept)	Number of Young People
St Laurence	64	6

The individual referral work is aimed at young people who are not already engaging with other professionals to avoid mirror working, BoA Youth have been targeting young people who need extra support however are not always entitled to it. BoA Youth have been working with St Laurence school to identify young people who could be at risk of substance misuse, experiences of abuse, young people participating in risky behaviour or struggling with health and wellbeing.

Every young person is carefully matched with a mentor and offered a minimum of 6 sessions however if extra support is identified by our mentors more sessions will be commissioned to support that young person in the best

way possible. Mentors work with young people to support their needs and create positive outcomes, this is done by building trusting relationships with young people through regular 1:1 sessions.
