

Summary of CommentsCalne Station Road - 20-mph Speed Limit:

Ref.	Support / objection	Comment received	No. of times comment made	Officer comment
1.	Support	Fully supports proposals for 20-mph Speed Limit	5	Comments of support are noted.
2.	Support but requests additional works	Supporting proposals but would like physical traffic calming measures.	1	<p>Analysis of the speed data in the area shows mean speeds of 19.7-21.9mph.</p> <p>Since mean speeds are very close to the proposed 20-mph speed limit, the decision was made to promote a sign only speed limit.</p> <p>Whilst physical traffic calming measures are an effective way to force vehicles to slow down, they do come with their own drawbacks; which can include increased noise levels and an increase in the overall costs to implement a traffic calming scheme, rather than a 20-mph speed limit.</p>
