45	<p><u>Rise Trust Youth Work</u></p> <p>Danielle Blake provided an update for the Area Board on the work that The Rise Trust had been undertaking during the pandemic.</p> <p>It was noted that the move to engage with young people online as a result of</p>

	<p>COVID-19 had not proved successful, therefore the team were instead meeting and interacting with young people wherever they were across the Chippenham community area. This meant that young people were still provided with a safe space to talk and a point of contact who would check in and signpost to other agencies if needed. The last lockdown had again brought engagement levels down, but it was noted that those who did attend sessions received lengthy contact time.</p> <p>Unfortunately, due to the pandemic, The Rise Trust had lost their community spaces, but it was confirmed that Chippenham Borough Lands Charity had gifted and organised a new space for The Rise Trust to use in the future. It was noted that the space was not yet fully functional but that they hoped to have sessions back up and running by mid-January 2021. It was stated that they would be engaging with young people in the community area to gain their feedback on what the space should be used for and what they want to see in the future, as well as helping to decorate and creating a mural on site.</p> <p>Thanks were given by both the Chairman and Vice-Chairman on behalf of the Area Board.</p>
46	<p><u>Local Youth Network Update</u></p> <p>Ollie Phipps, CEM, provided an update for the Area Board on the Local Youth Network (LYN).</p> <p>It was confirmed that meetings continued to be held virtually every two months and that the LYN were working on the delivery of four mental health awareness workshops; two of which had been fully signed up. It was noted that these would be held physically at the Stanley Park Sports Ground and that officers were working with the Chippenham Town Football Club to ensure the sessions were COVID-19 secure and in line with national restrictions. The project itself was discussed and it was noted that it had been delivered two years previously but had focussed on young football coaches, whereas these upcoming sessions focussed more broadly on young leaders within the community. The sessions would inform young people on how to spot and help people and how to signpost onto official bodies and sources.</p> <p>Additional LYN projects were noted as being under the funding agenda item and it was highlighted that if members were minded to approve said grant applications then the total LYN budget would have been spent and distributed for the year. Thanks were given to the organisations working throughout the year in supporting young people and it was noted that the LYN funding had been a vital resource.</p>
47	<p><u>Area Board Funding Investment 2019-20</u></p> <p>Ollie Phipps, CEM, provided an update on the key findings from a survey of</p>

	<p>Area Board grant recipients across the County during the 2019-20 financial year.</p> <p>The overall number of volunteers and participants across the funded projects was highlighted and a funding overview across Wiltshire was discussed where it was noted that for every £1 invested, an additional £4.65 worth of community value was added; up from £3.49 in 2018-19. A breakdown of the categories that recipients' projects were supporting in respect to capital, health and wellbeing and youth funding was discussed, with older people, social isolation and loneliness, and mental health and wellbeing highlighted as the key categories.</p> <p>It was confirmed that a more Chippenham focused overview would be provided in the February 2021 meeting of the Area Board.</p>
48	<p><u>Community Hub Update</u></p> <p>Councillor Sandie Webb, Chippenham Town Council, updated members of the public and Area Board on the work that had been made towards the creation of the Chippenham Community Eco Hub.</p> <p>It was confirmed that one of the disused shops in the Borough Parade Shopping Centre, specifically the old Global West Travel Agent's, would be repurposed into the Hub. It was emphasised that this was a community project for the community by the community, not by the Town Council.</p> <p>The public benefits of the Hub were discussed alongside the logistics of opening the site such as the lease on the property, the registration of the charity, and the opening of a dedicated bank account. A list of organisations associated with the Hub was shown and funding through various grant opportunities was discussed. Councillor Ross Henning, as Trustee of the project, thanked Cllr Webb for her continued hard work and spoke to a set of photos showing the site itself.</p> <p>Members of the public were given the opportunity to ask questions, to which Melanie Moden highlighted the use of the word "Eco" in the name of the Hub and asked how local environmental groups would be involved in the project. Cllr Webb noted the lack of expertise within the project group on sustainability and environmental responsibilities and encouraged any and all local environmental groups to attend meetings where possible to aid and support the project.</p>

An ongoing closure order for a premises related to drug use and links across the County lines was successful in court and it was confirmed that the premises would be closed for 3 months. It was noted that two people had been identified, interviewed and that officers were awaiting further advice from the CPS following the large disorder in the town centre at the end of October. Additionally, it was confirmed that the issue of street drinkers in the town centre was being mitigated, with the main individuals being supported, and that lots of work was being undertaken in the Youth Engagement team to help support the most vulnerable children in the community area. ○ The Chairman raised the issue of anti-social behaviour within the local carparks to which Inspector Brain highlighted the immediate success of the Bath Road carpark CCTV cameras and noted that this plan could inform any future strategies against anti-social behaviour. ○ Operation Uplift and the increase in police officer numbers was discussed and it was confirmed by both Inspector Brain and the

	<p>Police and Crime Commissioner, Angus Macpherson, that there was a constant flow of new recruits continuing to join the wider Wiltshire service, with one new recruit having already joined the local Chippenham team. It was confirmed that there was not one dedicated officer but instead a group of officers and staff who had been trained on using the social media pages, and that the posts were sporadic but when appealing for witnesses or information, they were used more frequently due to their usefulness in engaging with communities. ○ The Chairman asked how many special constables there were in the Chippenham community area, to which it was confirmed that there were 22 serving specials. Inspector Brain noted that an appreciation evening was being held for the specials in his area due to their continued hard work and dedication, particularly during the pandemic.
