3	Resident	Gastard	Objects to the closure of Easton Lane
4	Resident	Bradford on Avon	Concerned that the consultation was not easy to find on the Council's website Supports cycle lanes but considers the Winsley to Bradford on Avon schemes to be unsatisfactory
5	Cycling UK (West Wiltshire)	Bradford on Avon	Considers that the online consultation didn't allow full responses to be made. Concerned that cycle groups were not specifically asked to comment. Considers that insufficient information has been made available. Suggests a further round of more in depth consultation should be undertaken before any decision is made.
6	Cycling Opportunities Group Salisbury	Salisbury	Disappointed that the two less well schemes are to be removed. Concerned that the decision appears to be made on the basis of 'who shouts loudest'. Considers that other options for Brown St / Exeter St should have been explored rather than removal.
7	Resident	Salisbury	Objects to the removal of the Brown Street / Exeter Street Scheme Considers the consultation and the use of the results obtained to be flawed. Considers the Report to be lightweight and flawed.
