

APPENDIX 2

Easton Lane, Chippenham - Introduction of 30 mph Speed Limit (Part)

TABLE OF OBJECTIONS/SUPPORT

Name	Address	Objection/ Support
RESIDENT	Email	<p>Support (but would like the 30mph zone extended)</p> <p>I have just seen the local Paper; it mentions that there is a proposal to reduce the speed limit on a section of Easton Lane. As a resident I would appreciate it if this proposal was applied to the entire length of Easton lane, from the Lacock/Corsham road end through to Saltersford Lane. As this road has become a rat run. We have cars and HGV's speeding through at colossal speeds all hours, we have had animals killed, children knocked from bicycles - the list is endless. Once people have used it due to problems on the A4, they continue to use it as their daily commute. It is totally ridiculous the amount and speed of traffic that drives our quite country lane.</p>
CHIPPENHAM TOWN COUNCIL	Email	<p>Support</p> <p>Thank you for consulting the Town Council on this proposal. It was considered at a meeting of the Town Council's Planning, Environment & Transport Committee held on 23 January 2020 and no objections were raised.</p>
