

Pewsey Area Board – March 8th 2021

Funding Proposal

What is the project name?	Highways Improvements
What is the project?	<p>The Community Area transport group (CATG) is a sub-group of the Area Board that looks at local improvements to our highways. Whilst they have a small budget, there are some schemes that need to be undertaken but there are insufficient funds available.</p> <p>It is proposed that one of these projects is allocated some of the funding remaining within the Capital Grants fund.</p> <p>Project: Footway improvement in Burbage The length of footway required at Burbage would be in the region of 40 metres</p>
Who will benefit?	The inhabitants of Burbage will benefit from the new footpath
When will it take place?	The work will take place during 2021/22 but depends upon Covid restrictions.
What are the financial considerations?	<p>The total cost of the work would be in the region of £16k. Detail designs have not yet been drawn up to provide a more accurate figure at this stage.</p> <p>Burbage Parish Council have already allocated £2k based on a lower estimate and can be approached again to increase this amount f required.</p> <p>The CATG has not yet allocated any funding but are likely to do so.</p> <p>Unallocated funding remains in the Capital grants pot to help contribute towards this project.</p>
Recommendation	Pewsey Area Board allocates its remaining capital funding (£6766.87) towards the Burbage project
