Local Priorities & Updates - Warminster

Priority	Update
Speed Enforcement	As the country continues to return to 'normal' following the lifting of restrictions, we continue to see a rise in vehicles using the roads. Our local teams have been out conducting speed enforcement activity and supporting the community speed watch teams wherever possible. Please continue to feed in areas of concern to local teams.
Drug Use Activity	Our teams continue to target drug dealers that prey on some of the most vulnerable in society. We have become aware of a 'bad batch' of Heroin within Wiltshire and so the Warminster teams have been promoting this news to try and prevent users from becoming seriously ill or dying. Additionally, some known drug users are frequenting hotels on the outskirts of Warminster to deal from. Our police teams have been engaging with these premises on the signs to look out for and what to do if they suspect an individual or group of individuals is using their premises to conduct illegal business.
E-Scooters	With the rise in popularity of this mode of transport we have been raising awareness around the legalities of their use. It is a divisive subject throughout the community and so an appropriate stance is required. We will look to educate before taking enforcement action as we do not want to criminalise unsuspecting people who are unaware they are committing offences. However, for repeat offenders or for those that refuse to accept our advice, they can expect seizure of the vehicle and prosecution for offences.
Rural Crime	Promotion of crime prevention tactics and raising awareness through social media. Specifically raising awareness on the rise in thefts of GPS equipment from farm machinery nationally. We have seen a few thefts across Wiltshire of this nature but at the time of writing thankfully none within this specific area.
Catalytic Converter Thefts	We have witnessed an increase in this type of crime within our area. Criminal gangs will target a variety of types of vehicles in the early hours of the morning, using loud metal cutting equipment and brute force to extract the catalytic converters. Rural locations are often targeted due to the lack of passing foot and vehicle traffic. Keeping vehicles alarmed, close to houses and well lit are the best forms of deterrence.
