

APPENDIX 2

A342 Shaw Hill and Drummond Park estate access road (part)
Ludgershall – 40 mph speed limit

TABLE OF OBJECTORS

Name	Address	Objection/ Support
LUDGERSHALL TOWN COUNCIL	Email	<p>Support (but would like the 40-mph zone changed to an extended 30-mph zone)</p> <p>Ludgershall Town Council has looked at the proposal and would like to comment on two items:</p> <ol style="list-style-type: none"> 1. There is concern re: the 40-mph limit going around the new roundabout and would ask that the 30-mph be extended up to the national speed limit. 2. As you know, there is a weight limit of 7.5 tonne on Butt Street and the High Street Ludgershall. What we would like to suggest is that a new 7.5 tonne lorry logo sign is put up on the side of the roundabout coming from Collingbourne/Everleigh towards Ludgershall so that lorries can use the roundabout to turn around.
COUNCILLOR CHRISTOPHER WILLIAMS	Email	<p>Support</p> <p>Many thanks for the email regarding the 40-mph zone and the accompanying signs to enforce the speed limit.</p> <p>There is an HGV 7.5 ton weight restriction in Ludgershall and I note that a warning sign has been placed on the exit of the roundabout to inform drivers of this. Unfortunately, though, many ignore the restriction and still drive through. Could further warning signs be placed on the new 40-mph speed limit signs co-located with the Ludgershall Boundary sign. Hopefully, HGVs may take note and drive around the roundabout and take the correct route.</p>
