

Appendix A

Comments received	Officer Comment
<p>Malmesbury Town Council Planning and Environment committee is not supportive of these changes.</p> <p>Malmesbury is a historic Market Town and has limited parking for both residents and visitors.</p> <p>No evidence has been provided on the necessity to limit parking and the car park, to our knowledge, is rarely used to capacity. Current use of this car park, we feel, is not to the detriment of Activity Zone patrons.</p>	<p>This car park is intended for use by users of the Activity Zone and not for residents and visitors to Malmesbury.</p> <p>The Town Council operate a free scheme allowing two hours free parking in the Towns main car park which encourages visitors.</p> <p>The Leisure service has reported complaints of users of the Zone not being able to park at busy times.</p>
