

Welcome and Introductions

Bradford on Avon Area Board – 5 February 2025

Wiltshire Council

1. Apologies for Absence

2. Minutes for Approval

To approve and sign as a correct record the minutes of the meeting held on 20 November 2024.

3. Declarations of Interest

Councillors are requested to declare any personal or prejudicial interests or dispensations granted by the Standards Committee.

4. Chairman's Updates

- Cost of Living Update – January 2025
- School Appeal Panel Member Recruitment
- Local Elections – May 2025
- Devolution

5. Information Items

- Community First

6. Partner Updates

Verbal Updates

- Parish and Town Councils
- Climate Friendly Bradford
- Wiltshire Music Centre
- Health and Wellbeing
- Local Youth Network

Written Updates

- Neighbourhood Policing Team
- Road Safety update – Perry Payne
- Dorset & Wiltshire Fire and Rescue Service – Video Quarterly update

Bradford on Avon Neighbourhood Policing Team

Bradford on Avon Area Board February 2025

Report by SGT 2315 Rutter

Meet Your Neighbourhood Policing Team

PC Rob Dentry

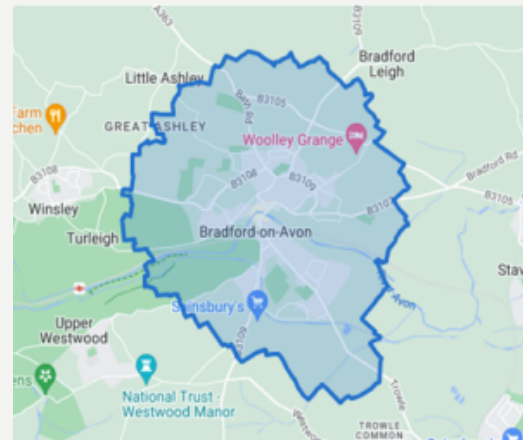

PCSO Laura Wallace

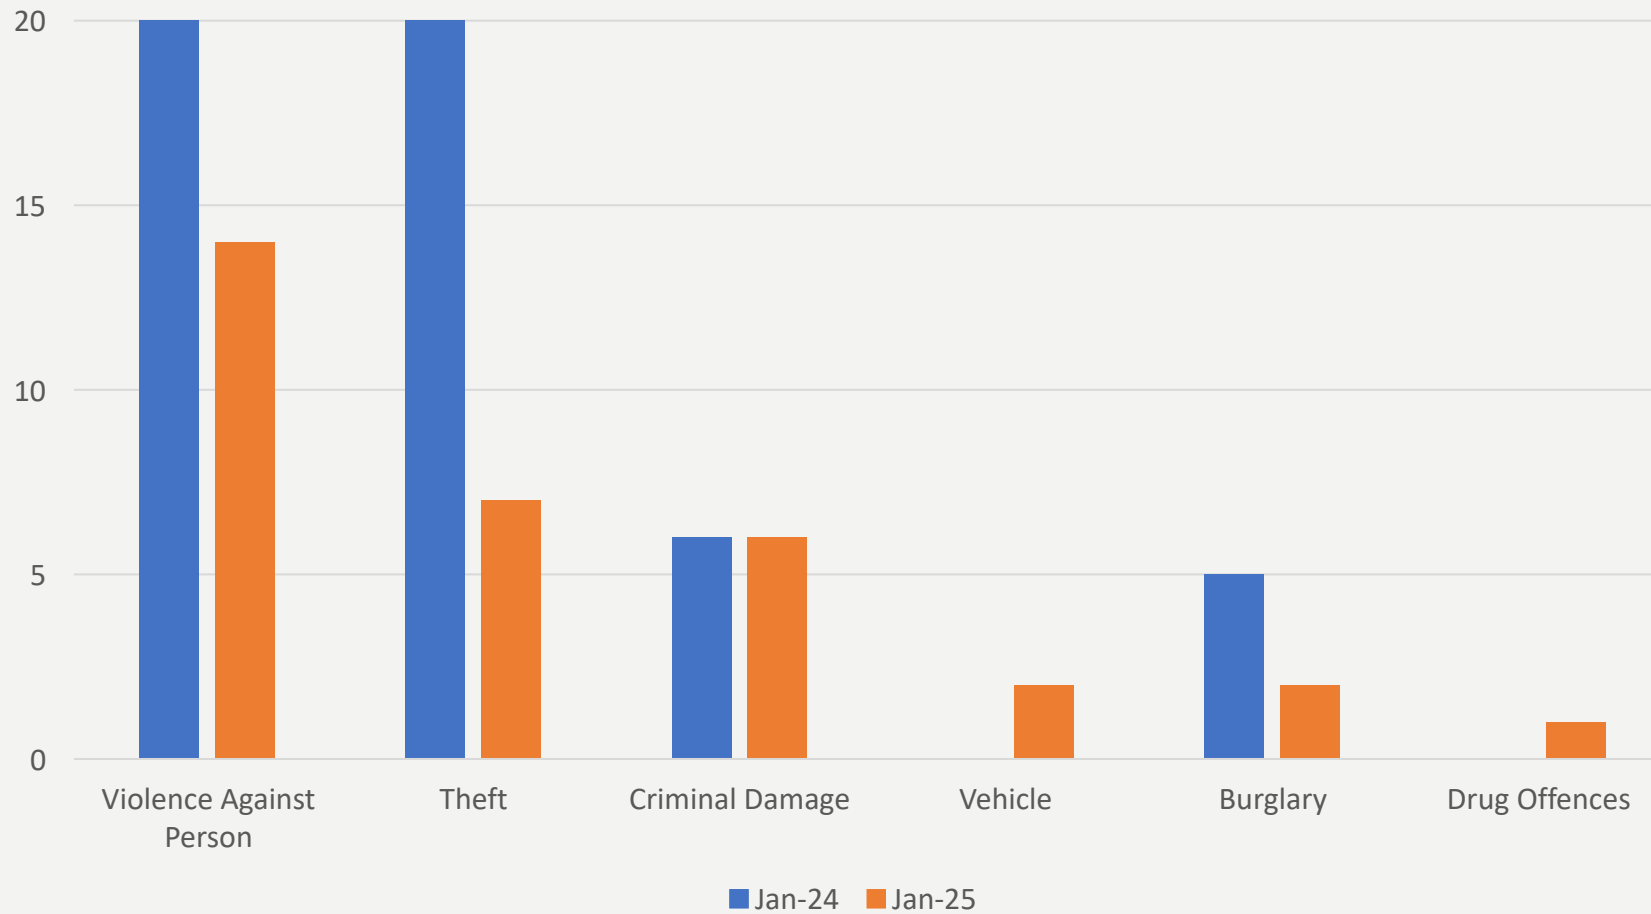

Inspector Lemon

Sergeant Gemma Rutter

Crime Stats January 2024 v 2025

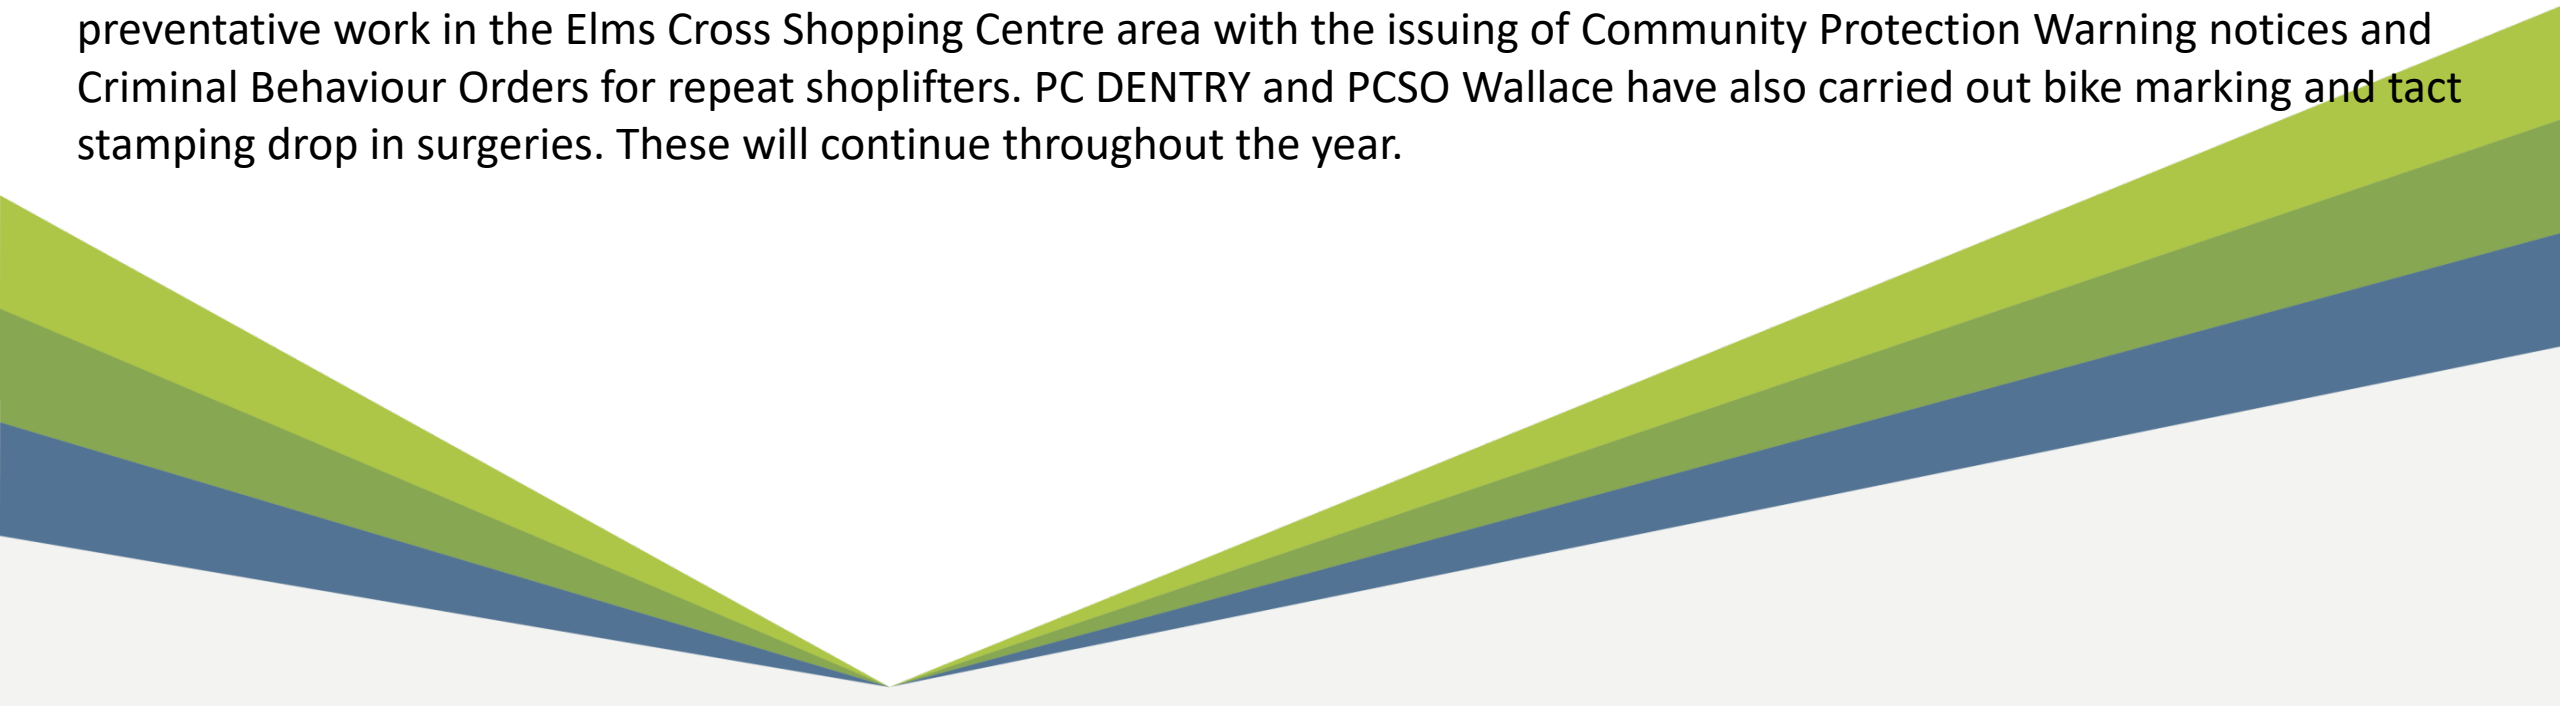

TEAM FOCUS, ACTION & PRIORITIES:

FOCUS- We have had a few addresses passed to us related to ASB being caused in the community. We are in the process of collating the evidence required to apply to the courts for a closure order on one of these addresses. To do this we are working alongside the housing association linked to that one address.

ACTION- Following reports of driving concerns around a specific part of the canal, officers have reported a female driver for traffic related offences, assault police and drug offences. This was resolved with the female being placed on a number of educational and diversionary justice courses.

PRIORITIES- We are currently focused on crime prevention within Bradford on Avon communities. PCSO WALLACE and SGT RUTTER are working on circulated crime prevention measures in the boating community. PC DENTRY is focused on preventative work in the Elms Cross Shopping Centre area with the issuing of Community Protection Warning notices and Criminal Behaviour Orders for repeat shoplifters. PC DENTRY and PCSO Wallace have also carried out bike marking and tact stamping drop in surgeries. These will continue throughout the year.

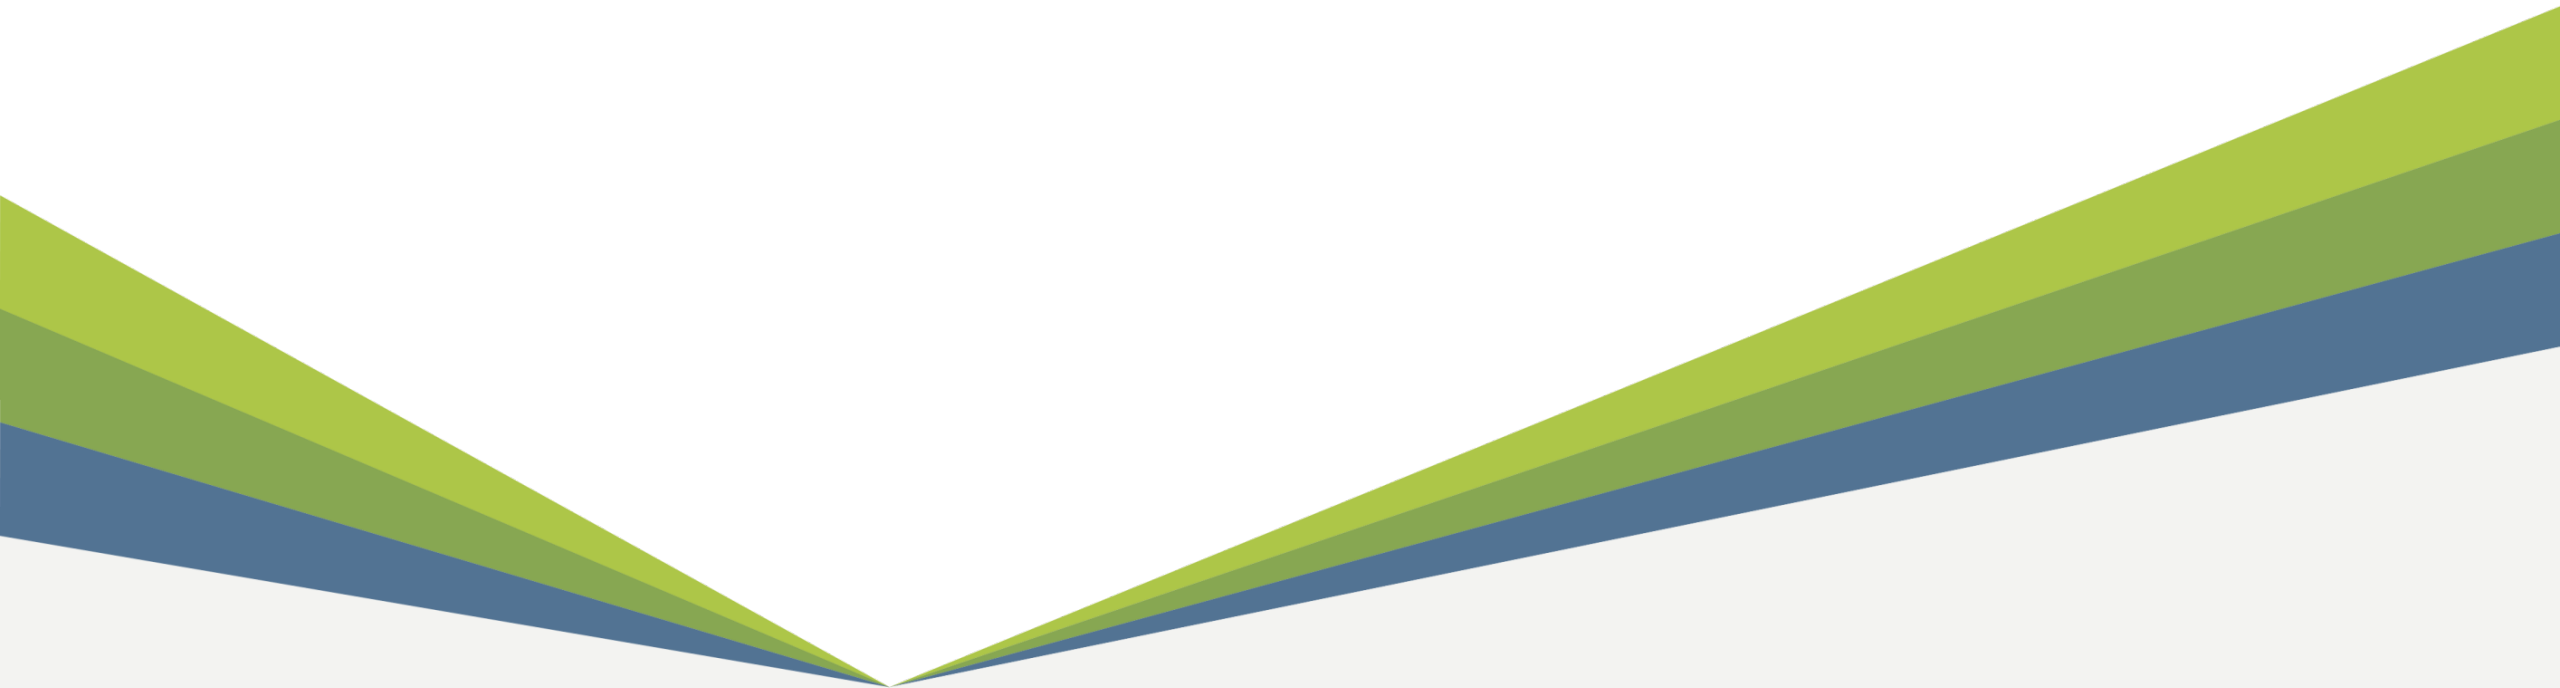

News

Following a review of our team resources it was decided that some staff moves were required to maximise the resource coverage we could offer all hours.

PC DENTRY has come over from Trowbridge to enable PC MILLER to provide additional support to our Melksham team. PC JACKSON has moved to Trowbridge to offer support in place of PC DENTRY. I would like to take this opportunity to thank both PC MILLER and PC JACKSON for the work they have carried out.

PC DENTRY is a keen community officer with experience in both rural and town policing and will support PCSO WALLACE in providing Bradford on Avon with community policing.

Vision Zero – Our Goal

The WSRSP is committed to the ambition of cutting road deaths and serious injuries to zero & to do this, we are adopting a Road Safety Management Process which is the Safe System approach also known as Vision Zero.

This originated in Sweden in 1994, became law there in 1997 and is used to good effect in other countries such as Norway, Finland and the Netherlands.

It is regarded as best practice globally by the World Health Organisation (WHO) and although not yet formally adopted by the UK Government, National Highways has it at the heart of it's policies and practices.

The Wiltshire and Swindon Road Safety Partnership

Vision Zero – Our Goal

A Vision Zero approach to road safety management is based on the belief that no death or serious injury is acceptable on roads and follows the principles of the Safe System, where the five pillars of the road environment work together to minimise risk.

Engineering

Wiltshire Council

National Highways

Swindon Borough Council

The Wiltshire and Swindon Road Safety Partnership

Engineering

Wiltshire Council & National Highways carry out investigations to decide if an engineering solution is required in response to the causes of RTC's on Wiltshire Roads.

To do this, they use data provided by STATS 19 which is the means by which the Police report RTC's. (This is soon to be replaced by a new system called STATS 21)

“Cluster analysis” is undertaken (in accordance with national standards) to identify if there are any sites which require a collision reduction program which MIGHT prevent collisions taking place. They look to see if there have either been 3 incidents in 3 years or 10 in 10 years.

The Wiltshire and Swindon Road Safety Partnership

Engineering

The RTC's analysed are injury collisions only. Damage only collisions are not analysed but historically stats suggest there are roughly 12 damage only collisions per injury collision.

Collision rate along a specific routes are also analysed (in accordance with national standards).

Wiltshire Council do not analyse national Highways roads, they do their own

Wiltshire Council have currently identified 80 sites across the county and most issues are relate to single carriageway roads.

The Wiltshire and Swindon Road Safety Partnership

Traffic Survey's

Traffic surveys can be requested by Parish Councils via the Local Highways & Footway Improvement Group (LHFIG). Applications made this way are almost always accepted.

These surveys provide detailed and calibrated data which can include traffic volume, times, speeds and even vehicle types.

They provide the necessary evidence to confirm if there is a speeding issue for CSW.

Parish Councils can be charged (between £120 & £200) for this (although they are often provided free to the requestor) and take approximately 6 – 12 weeks to complete once requested.

Education

• #FATAL5 education

#KEEPINGWILTSHIRESAFE

#FATAL5

Risks and physical effects

The biggest risk you take when driving under the influence of alcohol or drugs is the risk of causing a collision.

Driving under the influence of drink or drugs is extremely dangerous and can affect your driving in numerous ways, such as:

- ability to judge speed and distance
- reaction and coordination skills
- blurry or impaired vision
- drowsiness
- aggression
- erratic behaviour
- panic attacks and paranoia
- hallucinations
- nausea
- dizziness
- tremors

Alcohol and drugs can also create a false confidence which can lead to an increase in risk-taking behaviour, which puts your life and the lives of others in danger.

Drink diving

In England, Wales, and Northern Ireland, the legal alcohol limit for driving is 80 mg of alcohol per 100 ml of blood or 35 µg per 100 ml of breath). In Scotland, the limit is lower at 50 mg of alcohol per 100 ml of blood (or 22 µg per 100 ml of breath). Factors such as weight, age, metabolism, and food intake affect how alcohol is processed, making it difficult to predict how much you can drink and stay under the limit. Alcohol takes time to leave your system; common remedies like coffee or showers do not speed this up. You can still be over the limit the next day, risking your license if you drive. Alcohol impairs driving ability, and the safest choice is to avoid drinking entirely if you plan to drive.

There is no way to know how much you can drink and stay under the limit, since it can depend on your weight, age, metabolism, the amount of food you've eaten and other factors.

It's impossible to get alcohol out of your system quickly, it always takes time. A shower, a cup of coffee or other ways of 'sobering up' may make you feel better but won't remove the alcohol from your system.

If you've been out drinking, you may still be affected by alcohol the next day and could lose your licence if you drive and are still over the legal limit.

Alcohol affects everyone differently and any amount can impair your ability to drive. The only safe option is to avoid alcohol completely if you're driving as even 'just one drink' could put you over the limit. **If you're driving, don't drink any alcohol at all.**

Community Speed Watch

CSW

The Wiltshire and Swindon Road Safety Partnership

Community Speed Watch

Huge and sincere thanks for such a fantastic effort and amazing on-going achievements. This really works and we know what a strong and significant contribution to safety in the community these teams make.

Its important to remember this is the Community working on behalf of the Community – and worth noting that often those receiving letters are local!

The Wiltshire and Swindon Road Safety Partnership

Community Speed Watch

Community speed watch is not a “War on motorists” as the popular saying goes.

It is an evidenced based, highly visible, community led educational initiative. It doesn't result in speed awareness courses, fines, points on licenses or court appearances, *but can influence separate future police enforcement activity.*

Those identified as speeding by a Community Speed Watch will receive a letter – and can receive up to 3, each increasing in severity in terms of tone, but all purely advisory.

The tone of the 1st letter is set by the severity of the speeding.

The Wiltshire and Swindon Road Safety Partnership

Community Speed Watch

There has to have been a traffic survey carried out to provide data to evidence there is a speeding issue, before a CSW can be established or re-established.

Data analysis of CSW activity and outcomes shows that although there has been no reduction in the number of watches being carried out, the number of letters being sent out are reducing.

Community speed watch works.

The Wiltshire and Swindon Road Safety Partnership

The Wiltshire and Swindon Road Safety Partnership

Traffic Survey's

Traffic Surveys are carried out in response to a perception of speed.

But speed can be very deceptive and in fact:

Approximately 75% of the traffic surveys in Wiltshire result in NFA.

The Wiltshire and Swindon Road Safety Partnership

Speed Indicator Devices

5 Approved types

Not just a smiley or grumpy face

The data upload is now automatically analysed & informs enforcement activity

Your Concerns

Please access police web site to report crimes

www.wiltshire.police.uk

If you have CCTV Dashcam – consider ‘Op Snap’

The Wiltshire and Swindon Road Safety Partnership

Operation Snap

Op Snap is a digital portal for members of the public to upload CCTV footage (from dashcams and Go-Pro's for example)

But it must show moving footage of traffic offence allegations, not road traffic collisions (RTCs)

The Wiltshire and Swindon Road Safety Partnership

Operation Snap

For each submission, an email is sent out acknowledging footage and informing there will only be future contact if required for court.

The Wiltshire and Swindon Road Safety Partnership

Operation Snap

In 2024 there were more than:

- 47 prosecutions
- 106 courses offered
- 60 warning letters sent out,

**Could be
Anywhere...**

Always somewhere..!

The Wiltshire and Swindon Road Safety Partnership

Road Policing Unit

August to October 2024.

Issued over 1344 tickets to motorists for numerous road related offences.

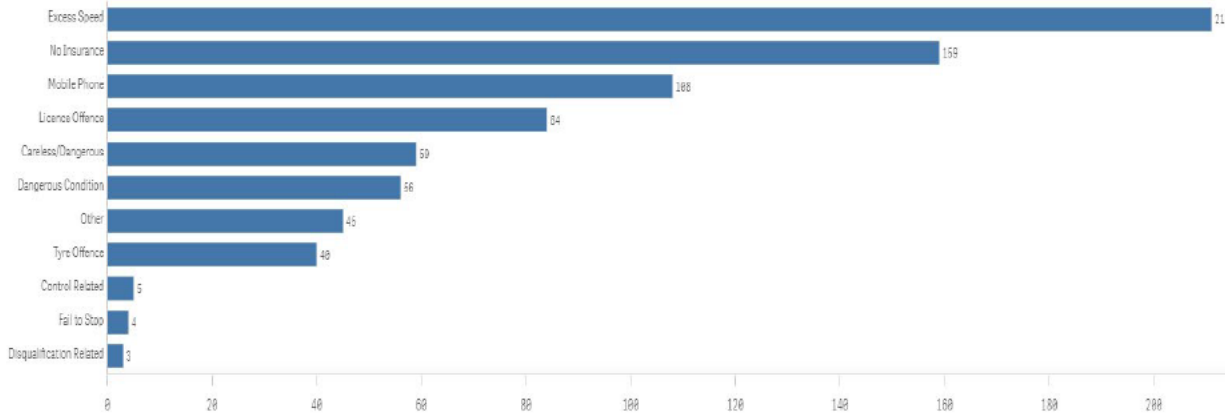

• Wider work recently

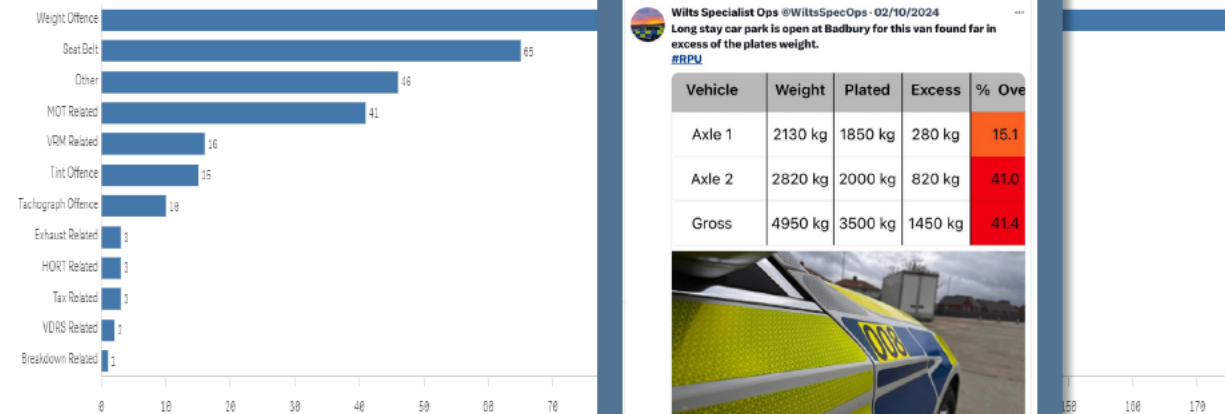

Our Roads Policing Unit (RPU) in the last quarter, covering **August to October** issued over **1344 tickets** to motorists, for numerous road related offences. The most common offences they are coming across are as follows:

Activity - Endorsable offences

Activity - Non-Endorsable Offences

Wilts Specialist Ops @WiltsSpecOps · 20/10/2024
Selection of speeders from around the County today.

Wilts Specialist Ops @WiltsSpecOps · 19/10/2024
#RPU stopped the transit in Chippenham today after 3 children were seen sharing 2 seats in the front. The MOT expired in 2023 and 2 tyres under the legal limit. Vehicle prevented from moving pending suitable seats for the children and new boots for the van.

Wilts Specialist Ops @WiltsSpecOps · 02/10/2024
Long stay car park is open at Badbury for this van found far in excess of the plates weight.
#RPU

Vehicle	Weight	Plated	Excess	% Ove
Axle 1	2130 kg	1850 kg	280 kg	15.1
Axle 2	2820 kg	2000 kg	820 kg	41.0
Gross	4950 kg	3500 kg	1450 kg	41.4

Wilts Specialist Ops @WiltsSpecOps · 27/09/2024
#RPU stopped this driver who was using their phone. He initially tried to say it was a scratch card. He has won a trip to court, where he might lose his licence as he already has 6 points #Fat

Wilts Specialist Ops @WiltsSpecOps · 24/09/2024
#RPU stopped this van near Marlborough this morning. MOT & tax expired, several defects & driver not on the insurance #reported #OfftCoCourt #FullHouse @DriveInsured

X Untaxed	Expires: 14/01/2024
X MOT	Expires: 09/01/2024

3	Tax Related
2	Exhaust
16	Vehicle Registration Mark related
1	Breakdown related

The Wiltshire and Swindon Road Safety Partnership

Emerging Issues

The Group carries out continuous analysis of what's happening in Wiltshire and Swindon and one thing we're starting to notice is pedestrian distraction, often due to use of their mobile phones.

People are walking into the road without properly looking, having been completely distracted by their phones.

It would be helpful if you could perhaps mention this to family and friends and just ask them to be particularly vigilant.

THANK YOU

MIGHTY GIRLS
Update for Bradford on Avon Area Board
February 2025

Raising Self Esteem & Confidence

We run an Art & Photography day 'Reclaiming the Lens' which is designed to promote body positivity, inclusivity, self expression and confidence.

We hold Self Defence workshops, designed to teach skills and self confidence to help girls feel safer

Summer Clubs
Space to be She - girls group exploring empowerment through creative activities

Raising Voices

Mighty Girls have a Steering Group of Girls and Young Women, and we are driven by what they do. We have worked with different research partners, groups and academics to ensure we listen to, and highlight girls' voices.

We have co-created a film examining Consent We have consulted on and helped facilitate the Creative Voices project as part of a research project tackling child exploitation

Empowering Girls to find their inner Mighty

Preventative work to help tackle VAWG

Raising Expectations

Through projects such as our Positive Relationships Project we help girls to know what a Positive, Healthy relationship looks like. We equip them with terminology and skills to take forward into their future relationships, and to expect healthy, happy relationships for themselves, and for others.

VCode - In partnership with Bath University girls learn coding basics, and hear from women in STEM careers

Raising awareness

- Activism
- Exhibitions
- Professional Relationships
- VCode
- Film Screenings

Through these activities we raise awareness of Mighty Girls and issues that girls and young women face both locally and nationally.
