Trowbridge	38	38	32	37
Warminster	99	42	83	47
Westbury	27	29	24	30

Area Board Highways Defect Dashboard

Supporting Notes:

- 1. Table 1 breaks down defects by response time as laid out in the Wiltshire Highways Safety Inspection manual. In addition to this there is a breakdown between Defect Types Potholes are typically small surface defects to tarmac surfaces, masonry type defects are those such as damaged kerbs, flagstones and slabs. <a href="https://www.wiltshire.gov.uk/media/12952/Wiltshire-Council-Highways-Safety-Inspection-Manual/default/Wiltshire Highways Safety Inspection Manual 5tf2s8ptwasn.odt?m=1710487628513
- 2. Table 1 contains data for the financial year running from 1 April 2024 until 29 January 2025.
- 3. Table 2 looks in more detail at potholes specifically and compares reports received against repairs made over December 2024 and January 2025.
- 4. When looking at numbers reported it is possible that there can be multiple reports for a single defect repair hence the figure for repairs will be lower than the overall reported figure.
