This Impact Report demonstrates how Wiltshire Council's Family and Community Learning team are using adult community learning to transform lives through learning all across Wiltshire. It highlights learner stories to show how the service reach adults across the county who face a range of barriers and challenges, and help them to take positive steps to improve their lives.

Working with over six hundred individuals last academic year, and reaching a range of isolated and marginalised communities, the Family and Community Learning team offer free courses on topics such as:

- confidence building and wellbeing,
- skills for adults such as English language and budgeting,
- family learning to help parents to support their child's emotional wellbeing,
- courses for adults with additional needs to develop independent living skills.

This work is made possible through strong partnerships with community groups, charities, schools, day opportunity services, supported living settings, army welfare service and many more organisations. Family and Community Learning would like to reach out to all the areas of Wiltshire to help us to engage with adults and parents/carers who would benefit from learning with us. Please read the inspirational stories in the Impact Report and share what we do with at least one organisation in your community who could work in partnership with Family and Community Learning.
