

## Wiltshire Community Safety Partnership Consultation

Item No.05

We are currently consulting on two very important draft Strategies: Anti-Social Behaviour and Violence Reduction. The strategies identify the main themes for future work and establish a base from which to develop a detailed 'implementation plan'.

The strategies are high level and provide a platform for the development of future work.

The consultation will run until the end of March 2010. The relevant documents and consultation questionnaire are available via the Wiltshire council website via this link:

Consultation documents are available on this link:
