Wiltshire Police - 171 years of public service

2. Vision Wiltshire - New Operational Policing Model

On Tuesday 4 October the Force re-organised the way we do business across the county to make our policing service more efficient and effective, whilst staying local and accessible to the public.

Our purpose is to protect life, prevent crime, solve crime and disorder, investigate offences and bring offenders to justice.

Many things will not change. Neighbourhood Policing Teams will continue to patrol local areas and will remain at the heart of our policing style. Also, the 11 Inspector-led Sectors will stay as the bedrock of the Force's local policing structure, linking closely with local communities and partner agencies.

Response will now operate from four main Response Hubs – Chippenham, Trowbridge, Salisbury and Swindon. Police Officers will continue to work locally and maximise their time spent out of the station. A new Variable Shift Arrangement allows the Force to offer the best possible level of resources available on the streets at key times of activity, including Friday and Saturday nights.

In due course, Specialist Operations (dogs, armed response, roads policing) will operate across the county from Devizes Police Headquarters. Investigation, Intelligence and Contact Management will be even more flexible and dynamic in dealing with and tackling crime with the Force's new 'single organisation' approach to how we task, respond and deal with calls from the public.

We have also introduced new ways of working, making better use of technology such as Mobile Remote Working and Automatic Resource Location System. Achieving these changes means that our technology has to work even better for us. We've made changes to make this more effective, which in turn will allow us to be even more agile in dealing with calls and enquiries, catching criminals and managing dangerous people. The Force will work closer than ever with partners, to ensure that the services we provide the public are delivered in the most cost effective way. This includes sharing facilities or services where this will benefit our local communities, our budget or both.

Police Officers across the country are now able to resolve low level crime and anti-social behaviour issues in the community, rather than the court room. This 'local resolution' aims to put victims at the centre of the justice process and cuts time and paperwork preparing for court – but still seeks suitable punishment for offenders.

In designing and delivering all of this, we've listened to what the public have told us that they want most from their police service. In a public survey carried out by Wiltshire Police Authority between November 2010 and February this year, the Force asked the public for their opinions, in the light of the need to find £15 million in savings over a four year period to meet government spending cuts.

Wiltshire is one of the safest counties in the country and we aim for it to be the safest.

3. Performance

Performance continues to be good. There is a **1%** overall reduction in reported crime levels across the Community Area. Particularly pleasing is the significant **50%** in Dwelling Burglaries and the **16%** reduction in Violence against the Person (Assaults). There has been an increase in reported Criminal Damage and Theft from Motor Vehicles. These are mainly occurring in the Bradford-on-Avon town centre and NPT officers have stepped-up patrols as a result.

The table below provides further statistical information.

Table 1 – Reported Crime Figures1st November 2009 – 31st October 2011

Crime					Detections		
November	November				November	November	
2009 -	2010 -	Volume	%		2009 -	2010 -
