Having built positive momentum and already invested significant resources in creating an interest, plan, philosophy and structure, we now face the opportunity to make this idea and vision happen for the children, given the football season is upon us. We now have the opportunity to kick start this year's team to coach and develop the children and get them ready to play competitive Wiltshire league next year. Without harnessing this positive pace and drive we will lose momentum and already demonstrated interest from the community. We have the full support of the parish council with clear sanction to use of the facilities and we have achieved pledges of support through monies and sponsorship from local people and businesses. Coaching staff are funding their own development in order to get the club off the ground and parents and helpers / volunteers are ready to support the birth of the club. With nominations for key roles, a clear detailed plan and enthusiasm from the kids we are ready to go!

If your project is intended to continue after the Wiltshire Council funding runs out, how will you continue to fund it?

Pledges for annual income from both sponsors and through a targeted 25 Player squad we can generate enough members and income to run a sustainable business model as seen in our 3 year plan and costs

How will you know whether your project has made a difference in the community? What evidence will be collected to enable you to know that the project has made a positive impact on your community and met the local need?

This project we will see immediate 'Activity/coaching' and visibility of children exercising, having fun and playing a key role in the village community. Strong links to the school will ensure we are developing the skills, social, psychological and physical elements as the children develop. The wider family, community, businesses fully consulted and able to shape the direction of the club.
