REF:

EXTENSION TO SELL ALCOHOL, FUEL AND
REFRESHMENTS FROM, THE SHOW MEADOW
SERVICE STATION, WOOTTON BASSETT.

Dear Mrs Holland,

I am writing to object to the above. I have already experienced anti social behaviour from those premises not only whilst closed at night and in the early hours of the morning but also whilst the garage is open!

Youths gather to hang around smoking close to petrol pumps and gas cylinders, this activity goes unchallenged by garage staff. On many occasions these premises are being used as a recreational area, from skateboarding children to young men kicking footballs around all unchallenged by staff.

On many occasions I have picked up litter from the vent of these premises including used condoms. I have seen what could only be human excrement on the fence to the side of the building.

I once had an egg thrown at my bathroom window after confronting

one gang at 3am one morning.
Young motorists seem happy to
park up revving engines and sounding
car horns after filling with fuel and
buying refreshments. I have been in
contact with the local police with
reference to most of this behaviour.
I feel that extending the opening
hours of this garage will only serve
as an invitation to increase the already
intolerable activities that go on.

Yours Sincerely

Mr P.J. NASH.

We are appalled that the Council would even consider an application to vary the licence to allow 24 hour services at Pace Showmeadow.
We strongly object to this proposal for the following reasons.

Anti social behaviour is already rife in the vicinity during the usual opening hours and this would increase. If challenged the offenders are often abusive / aggressive. On one occasion eggs were thrown at a window. Alcohol is too readily available now and as staffing levels may be at a minimum during the late night and early morning hours the monitoring of sales to minors would be reduced.

There are both young children and very elderly people living in the immediate area (including our 92 years old father) who would be distressed at the probable noise levels which would increase. We are already disturbed nightly by shouting, swearing, cars revving and music blaring from vehicles.

We already have a serious litter problem. Food wrappings and empty cans and glass bottles are thrown on both our back and front gardens and in the forecourt area.

The forecourt is also used by young people as a sports ground with footballs being kicked around and these are thrown against our house walls and often into the garden. Children skateboard, cycle and play with remote control toys both during and after opening hours. No attempt appears to be made by the staff to stop this although they must see and hear it as well as we do.

We are also concerned about the number of heavy vehicles which pass through the streets all day and fear that this will continue well into the night if 24 hour fuel, food and drink are available.

We cannot see that 24 hour opening will benefit anyone except the garage owners who will profit from extra revenue.

KIS

Objections to Vary a Licence under Section 34 of the Licensing Act 2003

Premises about which representation is being made:

Pace Show Meadow, Swindon Road, Royal Wootton Bassett, Wilts SN4 7HF. The applicant seeks to

- extend the hours for the sales of alcohol for consumption off the premises between the hours of 00.00 to 24.00
- add the provision of late night refreshment between the hours of 23.00 to 05.00

We, the undersigned residents who live in the vicinity of these premises, wish to object to the granting of a variation of a licence under the grounds and examples stated on the attached pages based on the prevention of harm to children, to prevent public nuisance, to prevent crime and disorder and to maintain public safety.

I also confirm I wish my representations and objections to be put forward on my behalf by my Royal Wootton Bassett Town Councillor for my ward.

Name	Postal Address	Signature
JOSEPHINE CURTIS	15 KINGSLEY AVENUE, ROYAL WOOTTON BASSETT WILTS SN4 8LF.	
JOHN CURTIS	AS ABOVE	

Page 1 of 2

Reasons for objections to the variation to the licence at Pace Show Meadow, Swindon Road, Royal Wootton Bassett.

Prevention of harm to children

Risk of sales of alcohol to under age persons is increased due to lack of opportunity to monitor sales.

Risk of increasing the noise nuisance to young children residing in the area through night time noise disturbance and anti-social behaviour.

To prevent public nuisance

The premises are located in an overwhelmingly residential area. Additionally, the premises currently operate in extremely close proximity to residential premises - three yards from residential houses at the rear of the premises. (Photo attached)

The proposed hours on the license variation will lead to an increase in noise due to the

RECEIVED

14 MAR 2012

PUBLIC PROTECTION

frequency of cars stopping, starting, engines running, doors closing/slamming, pedestrians shouting to one another, etc.

This would offer a severe nuisance of noise which does not currently exist and would adversely affect the quiet enjoyment entitlement of the numerous residential properties during the night hours. It is a known fact that noise carries much further during the night time hours. Residents have reported a current noise intrusion of the use of a 'Tannoy' system at the premises as late at 22.50, there is a danger this would be used during the night time hours. There would be a severe nuisance of light intrusion to numerous residents in the vicinity during the night time hours not only from the premises but also from the vehicles using the facility. Residents in Meadow Close, RWB report a constant intrusion of light emanating from the use of a blue light at the premises. This would increase with additional operations and the use of additional lighting.

To prevent crime and disorder

Government findings have identified there is a direct link between alcohol and its ease of availability, relative cost, excessive consumption to social disorder offences. Alcohol would be sold from these premises at supermarket prices, outside of regular retail hours, prices would be less than regular licensed premises.

Within half a mile of there are numerous licensed premises with closing times well into the night hours. There is a distinct danger this will become a natural 'refuelling stop' for drinkers to top up. This also carries a high risk of anti-social behaviour and noise occurring during the licence variation hours.

Petty crime –criminal damage to cars, property etc., has already occurred during the past four years in this area and reported to local police.

Residents have already experienced bouts of criminal damage, graffiti, damage to cars, and burglary over the past four or five years. These incidents have been reported to the police. Premises operating during these night hours carry an additional risk of increasing the attraction to the area of persons likely to carry out these crimes. Within the past six months or so a robbery/raid on the cash machine took place at these premises. This trend may be made worse by the attraction of an open retail venue selling alcohol and food during the night hours when policing are stretched even further.

Anti-social behaviour could be increased due to the potential for young people to congregate in the locality and to consume alcohol or food during these licence variation hours. There have been already been several incidents of large groups of young people congregating in the green bank area close to the premises creating a nuisance through noise and anti-social behaviour. When confronted by residents they become very aggressive and abusive. These incidents have been reported to the local police. One resident in Meadow Close has reported eggs being thrown following the reporting of incidents.

Public Safety

There would be increased pollution due to 24 hour operation on the premises.

This licence variation could increase the amount of litter left in the area through individuals discarding food receptacles and empty alcohol bottles.

There have been many occurrences of empty spirit bottles, cans left in the road and on the pathways directly opposite the premises already evidenced by residents in Kingsley Ave, RWB. Additional opening hours would only increase these incidents.

RECEIVED

14 JUL 2012

PUBLIC PROTECTION

These aspects carry a high potential for threats to public safety through litter and broken bottles.

An environmental risk has been cited by residents in Meadow Close concerning the closeness of fuel tank vents to adjacent residents' property.

Additional volume sales of fuel would increase this pollution via fumes, noise and light intrusion. Examples of tanks being filled during the very early hours are already experienced and the availability of additional times of operations may intrude into the night hours for refilling tanks.

REPRESENTATION FORM

This form must be returned within the statutory period, which is 28 days from the date the notice was displayed on the premises or the date specified in the Public Notice in the newspaper. Please contact the Licensing Section to confirm this date.

In the Licensing Act 2003, the term 'vicinity' is used with particular reference to those 'interested parties' who may lodge Representations to applications for Premises Licences and who may make Representations concerning existing Premises Licences. Although the Act does not define the term 'vicinity' it does define the term an 'interested party' as 'a person living in the vicinity, a body representing persons living in the vicinity, a person involved in a business in the vicinity, a body representing those persons' or a member of the relevant Licensing Authority (ie, elected Councillor).

Premises about which Representation is being made	Pace Petroleum Ltd Swindon Rd. Wootton Bassett	
Your Name	Rev & Mrs G Nuttall	
Postal Address	19 Kingsley Avenue Wootton Bassett Swindon SN4 8LF	
Contact Telephone Number	[REDACTED]	
Are you:	Yes	No
• A person who lives in the vicinity?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
• A person who operates a business in the vicinity?	<input type="checkbox"/>	<input type="checkbox"/>
• A person representing residents or businesses in the vicinity?	<input type="checkbox"/>	<input type="checkbox"/>
• A member of the Relevant Licensing Authority (ie, elected Councillor of the Licensing Authority in which the premises is situated)?	<input type="checkbox"/>	<input type="checkbox"/>
If you are representing residents or businesses in the vicinity please list those residents or businesses who have asked you to represent them	N/A	

Pace Shaw Meadow.

Your Representation must relate to one of the four Licensing Objectives, which are detailed below. Please detail the evidence supporting your Representation and the reason for your Representation. If necessary, separate sheets may be used.

OBJECTIVES	EVIDENCE
1. The prevention of harm to children	See separate sheet
2. To prevent public nuisance	See separate sheet

OBJECTIVES	EVIDENCE
3. To prevent crime and disorder	See Separate sheet
4. Public Safety	See Separate sheet

Please list below any suggested actions that you feel the applicant could take to address your concerns.

If a hearing needs to be held to determine the Premises Licence Application, the Councillors will generally only be able to consider matters that have previously been disclosed. However, additional information in support of your Representation may be considered if all parties at the Hearing agree. We advise that you detail all matters that you wish to be considered on this initial Representation, attaching additional sheets if necessary.

If you do make a Representation you will be invited to attend the Licensing Sub-Committee Hearings and any subsequent appeal proceedings relevant to your Representation.

All Representations in their entirety, including your name and address, will be disclosed to the Premises Licence applicant.

Signature  B E Nuttall

Date 12th March 2012

Please return this form, along with any additional sheets, to the Licensing Officer at the Wiltshire Council Office covering the area in which the licensed premises are situated (see below):

Chippenham: Wiltshire Council, Monkton Park, Chippenham, Wiltshire, SN15 1ER
Devizes: Wiltshire Council, Browfort, Bath Road, Devizes, Wiltshire, SN10 2AT
Salisbury: Wiltshire Council, 27/29 Milford Street, Salisbury, SP1 2AP
Trowbridge: Wiltshire Council, Bradley Road, Trowbridge, Wiltshire, BA14 0RD

Prevention of harm to children.

Difficult to monitor sales of alcohol to under age persons and thereby this will increase the noise nuisance for young people residing in the area and who are trying to sleep. Also there will be a risk of increase noise disturbance and anti-social behaviour generally.

To prevent public nuisance

The premises are in a very residential area, and are close to residential properties. Twenty four opening will result in increased noise especially at a time when residents and their children are trying to sleep. Noise from cars and lorries stopping and starting, doors opening and closing and individuals shouting to one another. Whilst all this can be tolerated during daylight hours it is unacceptable during night time hours when sounds seem to carry much further, especially if it becomes a pit stop for lorries/vans passing through during the night.

There would also be the problem of light emanating from the premises and from vehicles using the premises because they are open. It maybe that the additional lighting is planned to be used during the hours of darkness which would cause problems for individuals trying to sleep, particularly for those living near the premises.

To prevent crime and disorder

The garage being open for twenty-four hours will mean that during the night time hours it will be a place where young people will congregate and the potential for anti-social behaviour will increase. At the present time groups of young people are seen congregating on the green bank area opposite the garage and if food and alcohol are available late into the night this will not only increase the litter that is now left but will also lead to increased disturbance for the many residents in the area.

Over the past three years that we have been here there have been incidents of graffiti on house walls, criminal damage to cars and burglary all of which have been reported to the police. Twenty-four hour opening and increased sales of alcohol only increases the likelihood of these kinds of things happening more frequently together with anti-social behaviour, noise and nuisance caused by drunkenness.

Public safety

Over the past three years we have seen an increase in the amount of litter in the area being left caused by individuals discarding food containers and empty alcohol bottles. This will only increase if opening hours are extended..

Empty (broken) bottles and discarded food cartons provide potential health hazards for residents living in the area as well as those passing through. They also lead to unsightly areas for visitors to our town as they visit us.

Increased sales of petrol and diesel mean more visits by petrol tankers, mostly early in the morning, with increased fumes, dangers of spillage and noise for sleeping residents.

Signed

Rev George Nuttall

11th March 2012

Dear Sirs,

Pace Show Meadow, Swindon Road, Royal Wootton Bassett Wilts SN4 7HF

I regret that I have not placed an application number in the heading but, sadly, there is no application number on the notice displayed at the premises.

As the owner of a house directly across the road from the garage I object to the request based on the following points:

- a) This is in the midst of a residential area;
- b) We already see early morning problems when large lorries park in the run off / on areas of the road in order to pick up newspapers etc;
- c) The area available for parking on site is limited and difficult for lorry access;
- d) The council already have problems keeping adjacent streets clear of litter due to the takeaway aspect of the food;
- e) This is a prime route for young adults attending the school and it would be foolish to provide alcoholic temptation;
- f) There is already considerable anti social behaviour in the area due to late evening sale of alcohol;
- g) The noise of vehicle engines throughout the night would be disturbing to myself and indeed those who share a boundary with the garage..

Although there is no mention of Fuel sales does this mean that we will have to put up with a 24 hour Petrol Station?

I understand from a Councillor that some of these points do not come directly under your jurisdiction and therefore I would ask that you forward copies of this letter to the appropriate officers.

I should be grateful if you would take note of my concerns when you consider this application.

Yours sincerely

M A Lang

Chippenham

14th March 2012

Dear Mrs Holland

Objections to Vary a Licence under Section 34 of the Licensing Act 2003 - Pace Show Meadow, Swindon Road, Royal Wootton Bassett, Wilts SN4 7HF.

Objection to the application to: *extend the hours for the sales of alcohol for consumption off the premises between the hours of 00.00 to 24.00, add the provision of late night refreshment between the hours of 23.00 to 05.00*

We are writing as residents of Kingsley Ave to object to the above application. If allowed, this application would have an adverse effect on our family and our community. We object on the grounds of the prevention of public nuisance, preventing crime and disorder and to maintain public safety. Importantly, as parents we seek to prevent harm to children by sending this objection.

We live directly opposite these premises and are already affected by the intrusion of light, noise and significant amounts of litter emanating from these premises during their current operating hours. We believe we should not be subjected to increased levels of noise, light and litter during extended opening hours under this application.

We currently experience the glare of the lights from the premises and as there are no barriers such as trees or shrubs to reduce the light glare from the premises currently. Under this application the required lighting would increase significantly to unacceptable levels and would consequently be considered as a light intrusion nuisance.

Noise levels would increase to unacceptable levels whereby customers arriving and leaving the premises during the application hours. We do not believe we should be subjected to noise from pedestrians, cars, lorries and trucks starting and stopping engines, running engines, slamming doors, loud music from car radios at these night hours. These examples are already happening in the current hours of operating at these premises which are already a nuisance in the current operating hours but would be totally unacceptable in the night hours. We believe this would be a significant noise nuisance which can and should be prevented through rejecting the application.

We have already experienced anti-social behaviour around this area. Many young people in groups, after visiting the applicant's premises regularly congregate on the green bank directly outside our home. With extended opening there would be an increased attraction, knowing alcohol and food can be purchased well into the night. This would create a 24 hour problem and bring with it an increased level of crime and disorder through anti-social behaviour so should be prevented.

Together with neighbours we regularly experience broken bottles, cans and litter discarded just outside our houses which are a matter of public safety. This application would increase the opportunity for this to occur. We have discussed the application with our neighbours and have collectively raised the issues on the enclosed and ask you review these matters also. We wish our objections to be represented by Mrs M Sweet, our RWB councillor.

Yours sincerely

Mrs. S. Iles

Reasons for objections to the variation to the licence at Pace Show Meadow, Swindon Road, Royal Wootton Bassett.

Prevention of harm to children

Risk of sales of alcohol to under age persons is increased due to lack of opportunity to monitor sales.

Risk of increasing the noise nuisance to young children residing in the area through night time noise disturbance and anti-social behaviour.

To prevent public nuisance

The premises are located in an overwhelmingly residential area. Additionally, the premises currently operate in extremely close proximity to residential premises – two yards from residential houses at the rear of the premises (Meadow Close).

The proposed hours on the license variation will lead to an increase in noise due to the frequency of cars stopping, starting, engines running, doors closing/slamming, pedestrians shouting to one another, etc.

This would offer a severe nuisance of noise which does not currently exist and would adversely affect the quiet enjoyment entitlement of the numerous residential properties during the night hours. It is a known fact that noise carries much further during the night time hours.

Residents have reported a current noise intrusion of the use of a ‘Tannoy’ system at the premises as late at 22.50 , there is a danger this would be used during the night time hours.

There would be a severe nuisance of light intrusion to numerous residents in the vicinity during the night time hours not only from the premises but also from the vehicles using the facility. Residents in Meadow Close, RWB report a constant intrusion of light emanating from the use of a blue light at the premises. This would increase with additional operations and the use of additional lighting.

To prevent crime and disorder

Government findings have identified there is a direct link between alcohol and its ease of availability, relative cost, excessive consumption to social disorder offences. Alcohol would be sold from these premises at supermarket prices, outside of regular retail hours, prices would be less than regular licensed premises.

Within half a mile of there are numerous licensed premises with closing times well into the night hours. There is a distinct danger this will become a natural ‘refuelling stop’ for drinkers to top up. This also carries a high risk of anti-social behaviour and noise occurring during the license variation hours.

Petty crime –criminal damage to cars, property etc., has already occurred during the past four years in this area and reported to local police. .

Page 1 of 2

Reasons for objections to the variation to the licence at Pace Show Meadow, Swindon Road, Royal Wootton Bassett.

Prevention of harm to children

Risk of sales of alcohol to under age persons is increased due to lack of opportunity to monitor sales.

Risk of increasing the noise nuisance to young children residing in the area through night time noise disturbance and anti-social behaviour.

To prevent public nuisance

The premises are located in an overwhelmingly residential area. Additionally, the premises currently operate in extremely close proximity to residential premises - three yards from residential houses at the rear of the premises. (Photo attached)

The proposed hours on the license variation will lead to an increase in noise due to the

frequency of cars stopping, starting, engines running, doors closing/slamming, pedestrians shouting to one another, etc.

This would offer a severe nuisance of noise which does not currently exist and would adversely affect the quiet enjoyment entitlement of the numerous residential properties during the night hours. It is a known fact that noise carries much further during the night time hours. Residents have reported a current noise intrusion of the use of a 'Tannoy' system at the premises as late at 22.50, there is a danger this would be used during the night time hours. There would be a severe nuisance of light intrusion to numerous residents in the vicinity during the night time hours not only from the premises but also from the vehicles using the facility. Residents in Meadow Close, RWB report a constant intrusion of light emanating from the use of a blue light at the premises. This would increase with additional operations and the use of additional lighting.

To prevent crime and disorder

Government findings have identified there is a direct link between alcohol and its ease of availability, relative cost, excessive consumption to social disorder offences. Alcohol would be sold from these premises at supermarket prices, outside of regular retail hours, prices would be less than regular licensed premises.

Within half a mile of there are numerous licensed premises with closing times well into the night hours. There is a distinct danger this will become a natural 'refuelling stop' for drinkers to top up. This also carries a high risk of anti-social behaviour and noise occurring during the license variation hours.

Petty crime –criminal damage to cars, property etc., has already occurred during the past four years in this area and reported to local police.

Residents have already experienced bouts of criminal damage, graffiti, damage to cars, and burglary over the past four or five years. These incidents have been reported to the police. Premises operating during these night hours carry an additional risk of increasing the attraction to the area of persons likely to carry out these crimes. Within the past six months or so a robbery/raid on the cash machine took place at these premises. This trend may be made worse by the attraction of an open retail venue selling alcohol and food during the night hours when policing are stretched even further.

Anti-social behaviour could be increased due to the potential for young people to congregate in the locality and to consume alcohol or food during these licence variation hours. There have been already been several incidents of large groups of young people congregating in the green bank area close to the premises creating a nuisance through noise and anti-social behaviour. When confronted by residents they become very aggressive and abusive. These incidents have been reported to the local police. One resident in Meadow Close has reported eggs being thrown following the reporting of incidents.

Public Safety

There would be increased pollution due to 24 hour operation on the premises.

This licence variation could increase the amount of litter left in the area through individuals discarding food receptacles and empty alcohol bottles.

There have been many occurrences of empty spirit bottles, cans left in the road and on the pathways directly opposite the premises already evidenced by residents in Kingsley Ave, RWB. Additional opening hours would only increase these incidents.

These aspects carry a high potential for threats to public safety through litter and broken bottles.

An environmental risk has been cited by residents in Meadow Close concerning the closeness of fuel tank vents to adjacent residents' property.

Additional volume sales of fuel would increase this pollution via fumes, noise and light intrusion. Examples of tanks being filled during the very early hours are already experienced and the availability of additional times of operations may intrude into the night hours for refilling tanks.

**Variation of Licence under Section 34 of Licencing Act 2003
Pace Show Meadow, Swindon Road, Royal Wootton Bassett, Wilts SN4 7HF**

Although the Town Council has not met formally to consider the above application, as we are not a statutory consultee, a majority of Town Council members have contacted me to express their serious concerns about the above.

Some years ago the Town experienced significant public safety issues arising out of late night drinking. In particular people would leave licenced premises and head for one of the food outlets which in affect created a "hot spot" for anti social behaviour which was of enormous concern to the Police. As part of the response the Town Council was successful in receiving funding from the Home Office and others to install a town centre CCTV system which has been largely successful in addressing this issue. With the deterrent of CCTV people disperse from the High Street in a quiet and orderly fashion.

The concern regarding this application is that it will become a "hot spot" with people leaving the High Street late at night and heading to the garage to buy food and alcohol. The garage is outside the range of our CCTV cameras and so the measures we have put in place to promote public safety will be ineffective at this location.

Town Councillors are therefore deeply concerned about this matter, their concern in turn reflecting dozens of members of the public who have contacted them. Members hope that you will be able to take these concerns into account when considering this application.

Yours sincerely

Johnathan Bourne
Town Clerk

PUBLIC PROTECTION

Where everybody matters

REPRESENTATION FORM

This form must be returned within the statutory period, which is 28 days from the date the notice was displayed on the premises or the date specified in the Public Notice in the newspaper. Please contact the Licensing Section to confirm this date.

In the Licensing Act 2003, the term 'vicinity' is used with particular reference to those 'interested parties' who may lodge Representations to applications for Premises Licences and who may make Representations concerning existing Premises Licences. Although the Act does not define the term 'vicinity' it does define the term an 'interested party' as 'a person living in the vicinity, a body representing persons living in the vicinity, a person involved in a business in the vicinity, a body representing those persons' or a member of the relevant Licensing Authority (ie, elected Councillor).

Premises about which Representation is being made	Pace Shaw Meadow, Swindon Road WKS	
Your Name	Cllr S.R. Walls	
Postal Address	5. Shendon Drive Royal Wootton Bassett Wiltshire SN6 8J5	
Contact Telephone Number	XXXXXXXXXX	
Are you:	Yes	No
• A person who lives in the vicinity?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
• A person who operates a business in the vicinity?	<input type="checkbox"/>	<input type="checkbox"/>
• A person representing residents or businesses in the vicinity?	<input type="checkbox"/>	<input type="checkbox"/>
• A member of the Relevant Licensing Authority (ie, elected Councillor of the Licensing Authority in which the premises is situated)?	<input type="checkbox"/>	<input type="checkbox"/>
If you are representing residents or businesses in the vicinity please list those residents or businesses who have asked you to represent them		

Your Representation must relate to one of the four Licensing Objectives, which are detailed below. Please detail the evidence supporting your Representation and the reason for your Representation. If necessary, separate sheets may be used.

OBJECTIVES	EVIDENCE
1. The prevention of harm to children	Night Time disturbance from noise and anti social behaviour Risks of alcohol sales to underage persons
2. To prevent public nuisance	Overwhelmingly residential area. Very close to houses Noise of cars stopping starting car doors etc

OBJECTIVES	EVIDENCE
3. To prevent crime and disorder	Could well become a natural stopping place for those wishing to commit anti-social behaviour
4. Public Safety	Potential threat of broken bottles.

Please list below any suggested actions that you feel the applicant could take to address your concerns.

The tannoy is used up until about 10.50 pm any longer opening would cause further disruption. A further outlet for alcohol sales to youngsters especially those who drive would cause potential danger. The vents for the fuel tanks are next to houses in meadow close.

If a hearing needs to be held to determine the Premises Licence Application, the Councillors will generally only be able to consider matters that have previously been disclosed. However, additional information in support of your Representation may be considered if all parties at the Hearing agree. We advise that you detail all matters that you wish to be considered on this initial Representation, attaching additional sheets if necessary.

If you do make a Representation you will be invited to attend the Licensing Sub-Committee Hearings and any subsequent appeal proceedings relevant to your Representation.

All Representations in their entirety, including your name and address, will be disclosed to the Premises Licence applicant.

Signature 

Date 12 March 2012

Please return this form, along with any additional sheets, to the Licensing Officer at the Wiltshire Council Office covering the area in which the licensed premises are situated (see below):

Mrs Linda Holland
Licensing Officer
Wiltshire Council
Monkton Park
Chippenham

12th March 2012

Dear Mrs Holland

Objections to Vary a Licence under Section 34 of the Licensing Act 2003 - Pace Show Meadow, Swindon Road, Royal Wootton Bassett, Wilts SN4 7HF.

Objection to the application to:

- *extend the hours for the sales of alcohol for consumption off the premises between the hours of 00.00 to 24.00*
- *add the provision of late night refreshment between the hours of 23.00 to 05.00*

I am writing as the ward councillor for Royal Wootton Bassett Town Council (north ward) to object to the above application on behalf of residents within the north ward. I believe this application, if allowed, would impact adversely on the whole community of, not only Royal Wootton Bassett but also the surrounding areas, leading to an increase in problems which can and should be prevented.

These premises are located within a predominantly residential area (see Google map attached). Consequently, numerous residents who live in the vicinity of these premises have raised significant objections under each of the identified criteria for objections, e.g. prevention of harm to children, to prevent public nuisance, to prevent crime and disorder and to maintain public safety.

Residents have identified they have already suffered an alarmingly number of anti-social behaviour incidents, litter, noise and disruption to their lives in this locality and the anticipation is there would be a likelihood this would increase if this licence extension and food refreshment application was granted.

Residents' concerns highlight the potential for significant 'noise disturbance' during the night time hours requested under this application. The anticipated noise and light intrusion from operating the premises to serve alcohol and food during the night time hours would disrupt their right to 'quiet enjoyment' of their properties.

The increased use of light during the night time hours under this application would be light pollution for the residents in close proximity to the premises. The objections concern the nuisance level of light intrusion caused by the lighting standard the premises would require for operation and security under this application's hours. These examples support the rejection of this application on the grounds of preventing public nuisance.

Residents have collectively identified fears for their own safety and that of their families should a licence be granted for 24 hour alcohol sales. They consider there to be a significant risk of anti-social behaviour being increased. Currently, they are also experiencing public safety aspects through litter from broken bottles and empty cans discarded in the vicinity of these premises involved in the application. The serving of late night refreshments during 23.00 and 05.00 has the potential for increasing litter and food waste deposited in the area.

Residents have asked for me to represent them in this matter and for me to submit the attached information,

Yours sincerely

Cllr Mrs Marion Sweet

Reasons for objections to the application at Pace Show Meadow, Swindon Road, Royal Wootton Bassett.

To prevent public nuisance

The premises are located in an overwhelmingly residential area. Additionally, the premises currently operate in extremely close proximity to residential premises – two/three yards from residential houses at the rear of the premises (Meadow Close).

The proposed hours on the license extension and addition of refreshments sales between 23.00 and 05.00 would lead to an increase in noise due to the frequency of cars stopping, starting, engines running, doors closing/slamming, pedestrians shouting to one another, whilst purchasing alcohol or food refreshments during the night hours.

This would offer a severe nuisance of noise which does not currently exist and would adversely affect the quiet enjoyment entitlement of the numerous residential properties during the night hours. It is a known fact that noise carries much further during the night time hours.

Residents have reported a current noise intrusion of the use of a 'Tannoy' system at the premises as late at 22.50, there is a danger this would be used during the night time hours.

There would be a severe nuisance of light intrusion to numerous residents in the vicinity during the night time hours not only from the premises but also from the vehicles using the facility for the purchase of alcohol or refreshments. Residents in Meadow Close, RWB report a constant intrusion of light emanating from the use of a blue light at the premises during the night. This would increase with additional operations and the use of additional lighting.

To prevent crime and disorder

Government findings have identified there is a direct link between alcohol and its ease of availability, relative cost, excessive consumption to social disorder offences. Alcohol would be sold from these premises at supermarket prices, outside of regular retail hours in the local town, at prices would less than regular licensed premises.

Within half a mile of there are numerous licensed premises with closing times well into the night hours. There is a distinct danger this will become a natural 'refuelling stop' for drinkers to top up. This also carries a high risk of anti-social behaviour and noise occurring during the license variation hours.

Residents have already experienced bouts of criminal damage, graffiti, damage to cars, and burglary over the past four or five years. These incidents have been reported to the police.

Premises operating during these night hours carry an additional risk of increasing the attraction to the area of persons likely to carry out these crimes. Within the past six months or so a robbery/raid on the cash machine took place at these premises. This trend may be made worse by the attraction of an open retail venue selling alcohol and food during the night hours when policing is stretched.

Anti-social behaviour could be increased due to the potential for young people to congregate in the locality and to consume alcohol or food during these licence variation hours. There have been already been several incidents of large groups of young people congregating in the green bank area close to the premises creating a nuisance through noise and anti- social behaviour. When confronted by residents they become very aggressive and abusive. These incidents have been reported to the local police. One resident in Meadow Close has reported eggs being thrown following the reporting of incidents.

Public Safety

The application to extend the licence and to sell refreshment during the night time hours would carry a high risk to public safety. These premises are located outside of the areas covered by CCTV in place to ensure public safety where alcohol sales or late night refreshments are available in the Town. Consequently, any crime or disorder occurring is not easily monitored or prevented.

There have been many occurrences of empty spirit bottles, cans left in the road and on the pathways directly opposite the premises already evidenced by residents. This licence variation, if granted, would increase the amount of litter left in the area through individuals discarding food receptacles and empty alcohol bottles. These aspects carry a high potential for threats to public safety through litter and broken bottles.

There would be increased pollution due to 24 hour operation on the premises. Additional volume sales of fuel would increase this pollution via fumes, noise and light intrusion. Examples of tanks being filled during the very early hours are already experienced and the availability of additional times of operations may intrude into the night hours for refilling tanks. An environmental risk has been cited by residents in Meadow Close concerning the closeness of fuel tank vents to adjacent residents' property.

Prevention of harm to children

Risk of sales of alcohol to under age persons is increased due to lack of opportunity to monitor sales during the night time hours.

Risk of increasing the noise nuisance to young children residing in the area through night time noise disturbance and anti-social behaviour.

Within the past six months or so a robbery/raid on the cash machine took place at these premises. This trend may be made worse by the attraction of an open retail venue selling alcohol and food during the night hours when policing are stretched even further.

Anti-social behaviour could be increased due to the potential for young people to congregate in the locality and to consume alcohol or food during these licence variation hours. There have been already been several incidents of large groups of young people congregating in the green bank area close to the premises creating a nuisance through noise and anti-social behaviour. When confronted by residents they become very aggressive and abusive. These incidents have been reported to the local police. One resident in Meadow Close has reported eggs being thrown following the reporting of incidents.

Public Safety

There would be increased pollution due to 24 hour operation on the premises.

This licence variation could increase the amount of litter left in the area through individuals discarding food receptacles and empty alcohol bottles.

There have been many occurrences of empty spirit bottles, cans left in the road and on the pathways directly opposite the premises already evidenced by residents in Kingsley Ave, RWB. Additional opening hours would only increase these incidents.

These aspects carry a high potential for threats to public safety through litter and broken bottles.

An environmental risk has been cited by residents in Meadow Close concerning the closeness of fuel tank vents to adjacent residents' property.

Additional volume sales of fuel would increase this pollution via fumes, noise and light intrusion. Examples of tanks being filled during the very early hours are already experienced and the availability of additional times of operations may intrude into the night hours for refilling tanks.

To the Licensing Team of Wiltshire Council and Wiltshire Councillors PUBLIC PROTECTION

Objections to Vary a Licence under Section 34 of the Licensing Act 2003

Premises about which representation is being made:

Pace Show Meadow, Swindon Road, Royal Wootton Bassett, Wilts SN4 7HF. The applicant seeks to

- extend the hours for the sales of alcohol for consumption off the premises between the hours of 00.00 to 24.00
- add the provision of late night refreshment between the hours of 23.00 to 05.00

We, the undersigned residents who live in the vicinity of these premises, wish to object to the granting of a variation of a licence under the grounds and examples stated on the attached pages based on the prevention of harm to children, to prevent public nuisance, to prevent crime and disorder and to maintain public safety.

I also confirm I wish my representations and objections to be put forward on my behalf by my Royal Wootton Bassett Town Councillor for my ward.

Page 1 of 2

Reasons for objections to the variation to the licence at Pace Show Meadow, Swindon Road, Royal Wootton Bassett.

Prevention of harm to children

Risk of sales of alcohol to under age persons is increased due to lack of opportunity to monitor sales.

Risk of increasing the noise nuisance to young children residing in the area through night time noise disturbance and anti-social behaviour.

To prevent public nuisance

The premises are located in an overwhelmingly residential area. Additionally, the premises currently operate in extremely close proximity to residential premises - three yards from residential houses at the rear of the premises. (Photo attached)

The proposed hours on the license variation will lead to an increase in noise due to the

frequency of cars stopping, starting, engines running, doors closing/slamming, pedestrians shouting to one another, etc.

This would offer a severe nuisance of noise which does not currently exist and would adversely affect the quiet enjoyment entitlement of the numerous residential properties during the night hours. It is a known fact that noise carries much further during the night time hours. Residents have reported a current noise intrusion of the use of a 'Tannoy' system at the premises as late at 22.50, there is a danger this would be used during the night time hours. There would be a severe nuisance of light intrusion to numerous residents in the vicinity during the night time hours not only from the premises but also from the vehicles using the facility. Residents in Meadow Close, RWB report a constant intrusion of light emanating from the use of a blue light at the premises. This would increase with additional operations and the use of additional lighting.

To prevent crime and disorder

Government findings have identified there is a direct link between alcohol and its ease of availability, relative cost, excessive consumption to social disorder offences. Alcohol would be sold from these premises at supermarket prices, outside of regular retail hours, prices would be less than regular licensed premises.

Within half a mile of there are numerous licensed premises with closing times well into the night hours. There is a distinct danger this will become a natural 'refuelling stop' for drinkers to top up. This also carries a high risk of anti-social behaviour and noise occurring during the licence variation hours.

Petty crime – criminal damage to cars, property etc., has already occurred during the past four years in this area and reported to local police.

Residents have already experienced bouts of criminal damage, graffiti, damage to cars, and burglary over the past four or five years. These incidents have been reported to the police. Premises operating during these night hours carry an additional risk of increasing the attraction to the area of persons likely to carry out these crimes. Within the past six months or so a robbery/raid on the cash machine took place at these premises. This trend may be made worse by the attraction of an open retail venue selling alcohol and food during the night hours when policing are stretched even further.

Anti-social behaviour could be increased due to the potential for young people to congregate in the locality and to consume alcohol or food during these licence variation hours.
