#### **Wiltshire Council**

#### Cabinet

# **10 September 2012**

Subject: Business Plan Scorecard Report

Cabinet Member: Councillor John Brady - Finance, Performance and Risk

Key decision: No

# Purpose of the report

1. This report provides a summary of progress against Wiltshire Council's Business Plan for the first quarter of 2012/13. It includes:

- Community results and performance scorecards for the period April to June 2012. This now includes an additional column to highlight comments about the performance covering both 'on target' and 'off target' indicators.
- The status of the council's main work/project programmes.
- The Workforce Report from Human Resources.
- 2. The first year of the council's four year Business Plan ended on 31<sup>st</sup> March. Cabinet members were presented with the first annual update on 19 June, which outlined the progress on each of the council's priorities.
- 3. Following publication of this annual update, a supplementary report was provided for the overview and scrutiny management committee on 17<sup>th</sup> July. This supplementary report was produced to support the cabinet report. It provided:
  - Information about the council's performance for 2011/12.
  - The success of the 'on target' (green) indicators.
  - The performance results for indicator ID4003 as a result of a recalculation of base figures.
- 4. Following feedback on the annual update, this report includes additional information and provides a balanced overview of performance for the first quarter, of the second year of the Plan, and as a result is slightly longer than previous reports relating to performance. The scorecards at Annex 1 now include a new 'comments' column which provides narrative about the majority of the indicators and an additional column to specify whether indicators are designated as 'priority'.
- 5. The policy, performance and partnerships team is currently undertaking a review of the way performance information is presented and the nature of the indicators and targets which are currently used to measure progress. Options for presenting this key information will be discussed and developed with the corporate leadership team, cabinet and overview and scrutiny.

# **Background**

- 6. In February 2011 Wiltshire Council published its four year Business Plan, which set out what the council would deliver by 2015 and how it would make the savings required whilst continuing to invest in key front line services.
- 7. The Business Plan set out the priorities, targets and actions for the council. The performance indicators provide one measure to determine progress in delivering the targets and actions. The targets are challenging and in some areas apply to the four year plan period. A range of external factors can influence the achievement of the targets in any one year, including for example severe weather affecting the condition of the roads, and the economic downturn impacting on business growth and job creation. It is, therefore, unrealistic to deliver on all targets in any one year, but to review targets over the four years.
- 8. As well as showing results against targets, the performance scorecards also show performance indicators that are reported later in the year as these indicators are annual.
- 9. The status of the council's main projects and programmes is provided by the programme office and shows whether each programme is on track.
- 10. The workforce report provides information relating to council employees, and is also reported to the staffing policy committee.

# Main considerations for the council

11. Progress against the Business Plan is summarised below.

# 12. Community and council scorecards

There are 53 indicators being measured, of which 11 are priority indicators included as targets in the Business Plan.

13. Of these, 26 are measures with results available later. These are mainly annual measures, but some are new indicators that are still being defined nationally. Once results are available these indicators will be moved into the main scorecard tables.

At the end of the first quarter, 14 of the remaining 27 indicators were on target, another four were within 5 per cent, and seven were still awaiting results. Only two indicators were not on target. All of the 9 priority indicators were either on target or expected to be within 5 per cent of target.

Full details of all the results including comments and narrative are included in the Business Plan Scorecards (Cabinet report – **Annex 1**). The highlights include;

- Following a successful Fostering Fortnight campaign the Family Placement Team report that there has been a net gain of 20 foster carers this quarter.
- Customers who began a Help to Live at Home "Initial Support" package (a short service that focuses intensively on helping recovery) – 60 per cent did not require long-term care (this is above the national benchmark).

- 166 new affordable homes were delivered in the first quarter (against a target of 450 for the full year).
- The council's economic and regeneration team supported individual bids by local businesses (total value of £4million) to the Regional Growth Fund to enable their businesses to grow as a result of increased investment.
- Customer telephone call connection rates are above target for third month running.
- New plastic bottle and cardboard collections have helped increase the kerbside recycling tonnages by over 1,000 tonnes in the first two months.

### Areas for improvement and attention

- Thirty three per cent of initial assessments were completed within 10 days within the Children's Services Referral and Assessment Team. Further analysis, including the action being taken to improve performance is set out in Annex 1. Performance in this area is being closely monitored by the Improvement Board set up following the Ofsted Inspection of Safeguarding and Looked After Children Services.
- The indicator relating to care leavers in suitable education, jobs or training is not currently on target. Actions to improve performance are set out in Annex 1. The Council's Corporate Parenting Panel has oversight of this indicator and is monitoring improvement. There is a whole Council commitment to improving performance in this area with particular support from Human Resources and Economic Development to progress opportunity for care leavers.

# **Environmental Impact of the Proposal**

14. This is a scorecard so the proposal has no direct environmental impact, although there are measures on Recycling, Waste Management and Energy Efficiency.

#### **Equalities Impact of the Proposal**

15. As this is a progress report the proposal has no direct impact on equalities.

#### Risk Assessment

16. The council's risk management arrangements apply across all services and risk is overseen by the Corporate Risk Management Group (CRMG), which reports on significant risks to the corporate management team and Audit Committee. No risks arise as a result of this report, but it does highlight any actions required relating to achieving targets and delivering the council's main programmes.

# **Financial Implications**

17. This is a scorecard report so has no direct financial implications.

# **Legal Implications**

18. As this is a scorecard report there are no direct legal implications.

# **Options Considered**

19. As this is a scorecard report there are no 'options to consider'.

# **Proposal**

20. Cabinet is asked to note progress against the Business Plan.

# Paul Mountford Head of Policy, Performance and Corporate Business Management

Report Author: Karen Spence, Principal Performance Officer

karen.spence@wiltshire.gov.uk

Date of report: 25<sup>th</sup> July 2012

# **Appendices**

Annex 1: Business Plan Scorecards

Annex 2: Transformation Programme Paper

Annex 3: Workforce Report

# Business Plan Scorecard Results to June 2012

# <u>Index</u>

- Community Results Scorecard
- Council Performance Scorecard
- Measures to be added later

## Scorecard Key:

**H** = High (good performance if actual is higher than target); **L** = Low (good performance if actual is lower than target)

3 yr trend: I = Improving; W = Worsening On target: Y = Yes; N = No; A = Almost

# **Community Results Scorecard to June 2012**

|       | Protect and Safeguard Vulnerable Children   |                       |          |                       |                       |                       |            |                       |                              |                              |            |                       |                      |   |
| 2001  | 5% increase in children in care receiving high quality local placements: use of in-house foster carers (proportion nights)    | Y                     | H        | 60.9%                 | 62.8%                 | 59.2%                 | W          | 68%                   | 68%                          | 61%                          | A          | 68%                   | Fiona<br>Fitzpatrick | There has been a significant increase in the number of children becoming looked after (national trend). Locally, the outcome of the Ofsted inspection has resulted in the % of looked after children (LAC) accommodated in-house being maintained rather than increased. We continue to strive to increase the number of approved fostering households. The total of inquiries of prospective foster carers over the past 3 months has increased following a successful Fostering Fortnight campaign, and the Family Placement Team report that there has been a net gain of 20 foster carers this year.  |
|       | Protect and Safeguard Vulnerable adults   |                       |          |                       |                       |                       |            |                       |                              |                              |            |                       |                      |   |
| 3001  | 14% increase in the number of older people receiving our services - advice and services for the rising number of older people | Y                     | Н        |                       | 8,720                 | 9,283                 |            | 9,405                 |                              | 5,049                        | Υ          | 9,939                 | James<br>Cawley      | Many of the new customers in quarter 1 are using the council's Help to Live at Home service. It replaces traditional care at home with a more personal service that helps people regain their independence and avoid the need for long term care in their own home or in a care home. Of those customers who began a Help to Live at Home "Initial Support", a short service that focuses intensively on helping recovery, 60% did not required long-term care. This is above the national benchmark of 50% for similar services. Help to Live at Home was recently praised by the Care Services Minister Paul Burstow in a speech at the Kings Fund. |
|       | Invest in: Housing  |                       |          |                       |                       |                       |            |                       |                              |                              |            |                       |                      |   |
| 3004  | 1,800 new affordable homes by Mar<br>2015 (ave 450 pa)  | Y                     | H        | 554                   | 648                   | 626                   |            | 450                   | -                            | 166                          | Υ          | 450                   | James<br>Cawley      | Success is due to a number of factors, including close working with:  • 16 developing Registered Providers in Wiltshire to enable successful  |

| 4001   | Help create 6,000 additional jobs by Mar 2015                       | <b>Y</b>              | H        |                       | 455                   | 991                   |            | 2,000                 | 500                          | 219                          | A          | 1,000                 | Alistair<br>Cunningham | In the first quarter Welton Bibby Baron has received planning permission for an extension to their premises in Westbury which will enable the creation of 70 jobs.  Projects are being progressed to draw down Business Growth Funding to bring forward employment sites early.  The status is amber reflecting the number of jobs in the pipeline.  There are a large number of businesses and projects that are expected to deliver new investment in the county over the next year. Potentially a total of 3936 jobs are in the pipeline. Unfortunately, not all of these will translate into committed investment, however past trend indicates that a large proportion of these will come to fruition. |
| 4002   | Help safeguard 8,000 existing jobs by Mar 2015                      | Y                     | Н        |                       | 370                   | 2814                  | -          | 2,500                 | 625                          | 31                           | A          | 1,500                 | Alistair<br>Cunningham | In addition to actual safeguarded posts this quarter there are 1,118 potential safeguarded posts in the pipeline where work is ongoing to support existing businesses.  |
|        | Invest in: Waste Management   |                       |          |                       |                       |                       |            |                       |                              |                              |            |                       |                        |   |

| 4004  | Recycle 50% of our waste by Mar 2015                                  | Y                     | H        | 40.5%                 | 41.4%                 | 42.9%                 | -          | 45%                   | -                            | 48.8%                        | Y          | 50%                          | Tracy Carter           | By month three we remain above target. This is due to positive tonnage returns from service changes. The new plastic bottle and cardboard collection has helped increase the kerbside recyclate tonnages by over 1,000 tonnes in the first two months. We have also seen a small increase in the compost tonnage although the weather has been unseasonal and the roll out of the non-chargeable garden waste service is ongoing.  (figures are monthly cumulative figures)   |
| 4005  | Reduce waste being landfilled to 25% by Mar 2015                      | Y                     | L        | 47.2%                 | 37.5%                 | 36.6%                 | 1          |                       | -                            | 31.38%                       | Υ          | 25%                          | Tracy Carter           | End May comment: By month two we are well on target. This is due to positive tonnage returns from the new service changes as well as no unplanned shutdowns of the Lakeside EfW plant and a favourable April in municipal waste tonnage.  (figures are monthly cumulative figures)  |
|       | Invest in: Energy Efficiency  |                       |          |                       |                       |                       |            |                       |                              |                              |            |                              |                        |   |
| 4006  | Lower our carbon emissions from April 2010 to Mar 2015 by 11,823 tCO2 | Y                     | T        | baseline              | 742<br>reduction      | 1,118<br>reduction    | -          |                       | -                            | Avail.<br>August             | -          | 11, 823<br>tCO2<br>reduction | Alistair<br>Cunningham | A combination of investment in energy efficiency measures and behaviour change has led to a reduction of a cumulative total of 1,118 from our footprint. The invest to save technologies have included combined heat & power, variable speed drives, lighting controls, low energy lighting, fleet telemetry, replacement of oil with low-carbon alternatives and district heating. Further measures have been identified for implementation in 2012/13, including an oil-to-biomass boiler conversion project for a number of schools across Wiltshire. A behaviour change programme undertaken with schools has also garnered savings by optimising heating settings and general increased awareness. |

# **Comments on Council Performance Scorecard**

# Results that are not on target (No)

Ref 2007 - Care leavers in suitable education, jobs or training

**Target: 72%, Actual: 53%** 

Reason not on target and what we are doing:

Performance in this indicator has improved since March 2012 but there is still improvement needed. Of those young people not in education, employment and training in this cohort (16 out of 34), a third are actively seeking work and/or intend accessing a training or education plan in the new academic year with the support of Personal Advisers. 3 young people are currently not engaging with the local authority and the frequency of contact with them has been increased. We have dedicated Personal Adviser support in place for care leavers.

Projects are in place to support young people, for example:

- Project Inspire supports vulnerable young people who are not in education, employment or training, or are at risk of becoming so.
- A Care to Work Plan is being developed and steps are being taken to strengthen partnership working with the National Care Advisory Service.
- The Council is identifying what additional action it can take as an employer (e.g. Positive Action) to improve access to apprenticeship and job opportunities for Looked After Children and Care Leavers.
- We are progressing to allocate mentors to looked after young people and care leavers via the Corporate Parenting Group.

Ref 2009 - Safeguarding: initial assessments done in 10 days

**Target: 80%, Actual: 33%** 

Reason not on target and what we are doing:

This performance indicator focuses on timeliness of the completion of initial assessments using 10 days as a standard benchmark. 45% of the assessments in April-May were completed within 15 days and 55% were completed within 20 days. As soon as risk is found to be significant, cases are escalated through the child protection processes and cases causing concern are dealt with swiftly. Since the Ofsted Inspection, there has been an increase in referrals to social care and a subsequent increase in all related safeguarding activity, for example, during April-June 2011 there were 1,113 referrals compared to 1,544 this year, and there were 752 initial assessments started during April-June 2011 compared to 996 this year. Extra capacity has been added to the Referral and Assessment Team to address the situation. Recent data indicates that progress is being made and by the end of quarter 2 the majority of assessments will be dealt with within the appropriate timescales.

A bid for £25million has been submitted for infrastructure investment in key employment sites that would enable them to be brought forward early. A number of strategic sites have been identified including sites in the three Principal settlements of Chippenham, Salisbury and Trowbridge as well as key sites near Westbury, Royal Wootton Bassett and Amesbury. |

The development of 40 incubation spaces at the Castledown centre at Ludgershall is currently underway. The second phase is the imminent redevelopment of sites in Trowbridge, Salisbury and Royal Wootton Bassett. We are currently working with partners in rural areas throughout the county to establish a rural network of incubation sites. The programme has the potential to create up to 300 new businesses across the county. |

#### \*\*Localism Programme

**Direction of Travel - Accelerate asset transfers and service delegation** – Remains amber, as reported last month - at the last meeting of the Resilient Communities Steering Group, the interrelationship between service delegation and the new Community Right to Challenge was considered; as well as the interrelationship between community asset transfer and the new Community Right to Bid for Assets of Community Value. An action was agreed to address the amber reports and take forward activity with the new community rights in a joined up way across the council. These issues will be considered by CLT / Cabinet liaison in more depth in the early autumn.

# Summary of red issues - there are no red issues for this period

|   | Programme | Project | Issue |
|---|-----------|---------|-------|

Karen Perrett Head of Corporate Programme Transformation

Status: June 2012

Delivering the Business Plan Quarter ending 30th June 2012

# Notes on the figures

All reported figures exclude casual employees and agency/professional services staff (unless stated).

Wiltshire Council figures exclude Fire, Police and Schools:

- **Headcount** = Number of positions that are filled, not individual people.
- **FTE** = "Full Time Equivalents" which take into account actual working hours to show accurate staffing levels.

"Annualised" means we take the measured amount divide it by the months it covers and multiply it by 12 to give an estimate of the rate that would be seen throughout the year.

"YTD" means year to date i.e. all reportable information since April 2012 has been included.

The **Voluntary staff turnover** section does not include information for those who leave due to statutory retirement, ill health, compulsory or voluntary redundancy, dismissals, end of contract, unsatisfactory probation and TUPE transfers as these are classified as compulsory reasons. Only voluntary leavers are included as these are the individuals that have decided to leave for their own reasons and therefore it may not be in Wiltshire's best interest. Overall turnover rates will be higher and can be analysed upon request.

Although the cost associated with turnover is not readily available, CIPD estimate that the recruitment cost of replacing a leaver is £2,930. Based on last year's turnover rate (8.3%) we could estimate that 446 employees will leave Wiltshire Council during 2012-13 resulting in costs of £1,306,780.

% <1 year turnover rate: The cost of turnover in this group is generally higher as the investment in recruitment, induction and training is unlikely to be recovered within such a short time period.

**Redundancy figures** relate to all redundancies made not just those as part of major service reviews.

The **sickness measure** given is an estimate of the number of FTE days that each FTE will take over 12 months based on the number of working days lost from April to the end of June 2012.

If you have any queries on these reports or requests for further information, please contact Paul Rouemaine, HR Information Manager, on 01225 756159 or Paul.Rouemaine@Wiltshire.gov.uk

# This page gives you information relating to important employee measures:

The number of positions that are filled by contracted staff

**NB: WC = Wiltshire Council** 

| Staffing levels                             |       |                          |  |  |
|---|-------|--------------------------|--|--|
| Measure Relating to Quarter (unless stated) | WC    | Change since last period |  |  |
| Headcount (as at end of period)             | 5258  | -118 (-2.19%)            |  |  |
| FTE (as at end of period)                   | 4012  | -61 (-1.49%)             |  |  |
| FTE change due to TUPE transfers in vs. out | +5.6  | +81.4 (last quarter)     |  |  |
| FTE change due to employee hour changes     | -1.3  | -9.2 (last quarter)      |  |  |
| Ratio of starters to leavers (FTE)          | 1:2.1 | 1:1.0 (last quarter)     |  |  |

| Average leavers' length of service       | 9.4 years | 9.4 years |  |  |

| Disciplinary and Grievance Cases                       |     |     |  |  |
|--|-----|-----|--|--|
| Measure WC Last period                                 |     |     |  |  |
| New disciplinary cases per 1000 employees (annualised) | 6.8 | 3.0 |  |  |
| New grievance cases per 1000 employees (annualised)    | 2.3 | 2.0 |  |  |

## This section gives you information relating to your workforce costs:

| Salary Transparency and Accountability                  |       |             |  |
|---|-------|-------------|--|
| Measure   | WC    | Last period |  |
| % of headcount (above) paid over £50,000 annual salary  | 2.00% | 2.01%       |  |
| % of headcount (above) paid over £100,000 annual salary | 0.08% | 0.07%       |  |
| % of headcount (above) paid over £150,000 annual salary | 0.00% | 0.00%       |  |
| Headcount paid over £58,200 FTE annual salary           | 38    | 40          |  |

Why this is important: Under the Code of Recommended Practice for Local Authorities on Data Transparency we are required to publish salary information for employees earning more than £58,200. Under the The Accounts and Audit (England) Regulations 2011 section 7.2.b there is a requirement to publish in the statement of accounts the number of employees earning £50,000 or more.

| Employee costs  |                 |                 |  |
|---|-----------------|-----------------|--|
| Measure Relating to Quarter (unless stated)                 | WC              | Last period     |  |
| Total paid in salaries to contracted employees (annualised) | £113,517,282.92 | £110,656,616.12 |  |
| Total paid in salary to casual employees (annualised)       | £3,062,818.68   | £2,715,605.28   |  |
| Total salary pay (annualised)                               | £116,580,101.60 | £113,372,221.40 |  |
| Total paid to agency workers                                | £1,834,390.99   | £1,497,232.47   |  |
| Median employee basic salary (as at end of period)          | £18,453.00      | £19,276.08      |  |

| Additional financial information                     |            |                |  |
|--|------------|----------------|--|
| Measure  | WC         | Last period    |  |
| Cost of sick pay (ytd)                               | £676,851   | £2,778,852.07  |  |
| Cost/saving of employee hour changes (during period) | £16,679.40 | -£123,641.28 ◀ |  |

The cost or saving made by employee's changing the hours they work

Why this is important: Sick pay amounted to £2,778,852 across Wiltshire Council during the 2011-12 financial year and therefore this is a substantial area of spend that should be minimised whenever possible. Some services may also be looking to employees to work more hours than they previously have done to cover gaps where a reduction in the headcount of employees has been made. It is therefore important that we keep track of the change in FTE resulting from employees changing their hours.

#### **BENCHMARK DATA**

Benchmark figures are supplied by DLA Piper Benchmarker. The Local Authority benchmarks represent combined data from 54 subscriber Local Authorities. The Private Sector benchmarks represent data from approximately 250 private sector organisations classified as "large" (over 1000 employees), consisting of a mix of Financial, Professional and Support Services; Manufacturing, Engineering and Processing; and Retail and Leisure.

| Sickness Absence  |     |                |       |  |
