

Tidworth Shadow Community Operations Board

Tidworth Area Board Update – September 2013

Over the past few months we, the Tidworth Shadow Community Operations Board (Shadow COB) have been working hard to develop a campus proposal for the Tidworth community area.

At our meeting in July we welcomed three new members of the group as appointed by the Area Board and we thank them for their commitment shown so far.

We have recently been doing a targeted consultation with local groups and organisations to find out what is important to them as part of a community campus. The last of these targeted consultation responses are just coming in and we would like to thank all groups and organisations who have responded for taking the time to feed in their views.

We have also met with representatives from Wiltshire Council services, including libraries and youth services, as well as colleagues from the Army welfare community services who updated us on the work they do with young people.

Over the coming weeks we will continue to find out more about existing services, including visiting Tidworth Leisure Centre and The Beeches Community Centre in Bulford.

We will keep you updated about our work over the coming months.

Barry Crane

Chair, Tidworth Shadow Community Operations Board
