Wiltshire Council Financial Plan – Budget Consultation

To advise Council that the Non-Domestic Ratepayers (Consultation) Regulations 1989 places a duty on Councils to consult people who are subject to non-domestic rates on property in the county (or bodies representing those people) for the period beginning 1st April 2014.

Accordingly, a meeting was arranged between non-domestic ratepayers, Group Leaders, Deputy Leader, Cabinet member for Finance and senior officers of this Council to explain the Council's proposed budget and answer questions. The meeting was convened for 6 February 2014. Public notices were advertised in newspapers circulating across the County giving details of the meeting, the opportunity to request information and inviting attendance.

However, no non-domestic ratepayers or their representatives attended for this meeting.
