Traffic Calming – Abberd Way, Calne

OBJECTION AND SUPPORT COMMENTS

Objection comments

- A. My grandmother lives at 3 The Bungalows, Abberd Way, Calne. My grandmother is frail and housebound. She is visited by council funded carers four times each day and by multiple family members. By forcing the carers to park further from her house, the amount of time the carer will be able to spend administering care will be reduced – assuming that each carer will, under your proposals, have to walk two minutes each way when visiting my grandmother, the total care time she receives will decrease by nearly two hours each week. This will have a significant impact on her quality of life. I request that a marked parking bay is provided directly in front of 3 The Bungalows specifically for my grandmother’s carers and visiting family members.
