She explained that an application had been received to record the area concerned as a by-way open to traffic. This application was not considered within the year period, and as a result an appeal was made to the Planning Inspectorate, who directed Wiltshire Council to consider the case. Following consideration, Wiltshire Council refused the application, and this decision is currently under appeal.

John Armstrong and Cllr Johnny Walker spoke in support of the application.

The Officer introduced the report which recommended that planning permission be refused.

He explained that the application was for a side extension to enclose a swimming pool on a grade II listed property. Under the proposal, the existing single story extension would be contained within the pool enclosure.

The Committee had the opportunity to ask technical questions of officers and it was confirmed that a previous planning application had been refused and that the conservation officer objected to the enclosure of the area. The enclosure would consist of timber frame with brick work to match existing buildings.

Members of the public then addressed the Committee as detailed above.

The local member, Cllr Scott was absent and Cllr Sturgis addressed the Committee on her behalf. He expressed support for the scheme and highlighted that the proposal did not impact on the south frontage of the building.

To delegate to the Area Development Manager to grant permission subject to conditions:- to agree materials, submission of sample panels and other relevant conditions necessary in relation to works affecting a listed building.

In respect of 14/02730/LBC

To delegate to the Area Development Manager to grant consent subject to conditions appropriate to address works to a Listed Building.

Reason:- The proposed development is necessary to support the on-going use of the Listed Building; Will not result in significant harm to the heritage asset including the Conservation Area; and reflects previous historic development at the site.

54 **14.02154.FUL - Rose Cottage, Corston, Malmesbury, SN16 0HD**

Phillipa Metcalfe, Keith Metcalfe and Cllr Roger Budgen spoke in support of the application.

The officer introduced the report which recommended that planning permission be refused.

He explained that although the site was attached to a grade II listed building, the site itself was not listed. The proposed extension would replace a large conservatory. The applicants sought an extension to their property due to the poor health of their son. Pre-application discussions had occurred, and alterations were suggested and accepted but were later rejected following advice that it would result in insufficient space for the applicant's son. The existing buildings had a clear hierarchy, the removal of which officers believed would negatively impact the adjacent listed building.

The Committee then had the opportunity to ask technical questions of officers and it was confirmed that the proposed extension was the same footprint as the existing conservatory. It was also confirmed that the site was stepped back from the adjacent listed building.

Members of the public then addressed the Committee as detailed above.

The local member, Cllr Thomson spoke in support of the application noting the benefit of removing the conservatory, the personal circumstances of the applicant and the lack of objection in the locality.

In the debate that followed, the Committee noted the benefits of removing the conservatory and the need to consider the needs of the family.

It was resolved to;

Delegate to the Area Development Manager to grant planning permission subject to conditions to agree materials.

55 **14.01293.OUT - Oak Hill House, Upper Seagry, Chippenham, Wiltshire, SN15 5HD**

Simon Chambers spoke in support of the application.

The Chairman drew attention to the late observations which were circulated at the meeting and later published as a supplement.

The Officer introduced the report which recommended that planning permission be refused.

He explained that although the site was beyond the village boundary. The site was located in the garden of another property.

There were no technical questions.

Members of the public then addressed the Committee as detailed above.

The local member, Cllr Greenman was absent.

In the debate that followed, the Committee noted the need for affordable housing in Wiltshire and the open location of the site.

It was resolved to;

Refuse planning permission for the following reasons:

The proposed development, by reason of its location, siting and lack of justification as a rural exception site represents an unwarranted residential development outside of the development framework boundary contrary to Policies H4 and H7 of the adopted North Wiltshire Local Plan 2011 and Policies CP2, CP10 CP44 and CP48 of the emerging Wiltshire Core Strategy.

The level of development proposed is likely to result in a layout and relationship with the street and surrounding area that represents a detrimental intrusion into the adjacent countryside and harmful to the character and appearance of the area. The proposal therefore fails to accord with Policies C3 and NE15 of the adopted North Wiltshire Local Plan 2011 and Sections 6, 7 and 11 of the National Planning Policy Framework.

In accordance with the NPPF there is a deliverable 5 year supply of land for housing in place and there are no other material considerations that outweigh this position. As such, the balance of considerations is such that planning permission should not be granted having regard to policies H1 & H4 of the North Wilts Local Plan and CP2, and CP10 of the Draft Wiltshire Core Strategy and guidance in the National Planning Policy Framework, in particular at paragraphs 12, 14, 17, 47, 49, 150, 183, 184, 185, 196, 209, 210, 211, 212, 214, 215, 216.

The proposed development does not make any provisions for securing affordable housing on the site or financial contributions towards open space on the site, community facility, indoor leisure provision. The application is therefore contrary to Policies C2, H5 and CF2 & CF3 of the North Wiltshire Local Plan 2011.
