Monkton Park,
Chippenham,
Wiltshire, SN15 1ER

Dear Sarah

Energy Monitors Project

The Energy Saving Trust is fully supportive of the Wiltshire Council Energy Monitors Project. The South West Energy Saving Trust advice centre is pleased to be a partner on this project.

We would offer support in kind to this project, worth £500, to produce reports for Wiltshire Council, to identify how many Wiltshire residents in different areas took advantage of online Home Energy Check questionnaires. We are pleased to supply Energy Saving Trust booklets to accompany the energy monitors.

The South West Energy Saving Trust advice centre are involved in similar projects in other parts of the region, including Devon where a similar partnership with the County Council to send out Energy Saving Trust information with energy monitors has been very popular and successful.

I wish you every success in achieving the excellent aims of this project.

Yours sincerely,

A handwritten signature in black ink that reads "Celia Minoughan".
