### **Summary of announcement:**

The Council faces enormous financial pressures and we need to make savings to help the council deliver our priorities.

We need resident's views on proposals for changes to kerbside garden waste collections. The Council currently delivers a kerbside fortnightly non-chargeable garden waste collection service to those residents that request the service.

The consultation will run from 1 July 2014 until 1 September 2014.

Residents will be asked to pick which of three service efficiency options would best suit their needs.

Area boards will be issued with a link to the online survey and will be given leaflets with the consultation questionnaire included. Further information will also be provided should communities wish to receive more information about the consultation.
