this is an opportunity for the community, all age ranges, to experience a variety of cultural events, improving the experience and the profile of the town - they will benefit in the experience of exposure to interesting, comic and provocative artistic performances. It will bring the various artistic strands of the town together for possibly for the first time in recent memory; this will also benefit the performers themselves, virtually all of whom come from the local area; students and young people will have the chance to perform inside and outside the venues (we are planning to perform at the Butter Cross), improving self confidence and instilling commitments to and expectations from their local community. The performance costs are in most cases minimal, but that of the headlining performance group are being met by Chippenham Borough Lands. It should raise the profile of the venues themselves, demonstrating what can be achieved in the town, and go further in building a sense of a sustainable artistic community, and could and should increase local business (cafes, pubs, restaurants, shops etc) during the festival. It will increase and improve the profile of participants e.g. Rag & Bone Arts, a local organisation specialising in youth theatre, adult choirs and workshops. The website and filming (for promotional purposes, over the three days) are to develop the festival as a brand in order to sustain it for future years.

14. How will you monitor this?

It will benefit future generations, young and old, it will remind all those that pass of the events of 1941. The memorial will provide a permanent reminder to future generations of the RAF losses in the area and will enrich understanding and appreciation the rich aviation history we have in the area. The memorial can also act as a focal point for future Remembrance Day services if required as Seagry does not have an external war memorial.
