**13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?**

The school's play equipment is an important feature of our school. All children access the equipment during their school day and throughout their school life. The equipment is accessible to all children including those on our SEN register and who show signs of EBD. Playing is an important part of children's lives, in particular 'free' play. Young and older children all enjoy the play equipment together. If the resurfacing isn't replaced within the next year, we will be forced to barrier off the area for health & safety reasons and stop the children from using the equipment. This would have a negative impact on their well being and will therefore impact further the work of our school for all involved and not just our vulnerable groups of children.

**14. How will you monitor this?**

Weekly health & safety checks are undertaken on the equipment and reported to governors. The school and its governors will and do hear from pupil's voice if the children are unable to use the play equipment - as through their school council the one area all children enjoy about school life is the play equipment!

**15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?**

Governors monitor budgets termly, but each year look at how best funds can be spent and allocated. If funds allow, the school will make every effort to budget towards a maintenance fund for future resurfacing.

**16. Is there anything else you think we should know about the project?**

n/a
